**BUILT FOR IT.™**

### CAT MARINE IS POWERING ONE OF THE WORLD'S LARGEST SPLIT HOPPER DREDGERS.

A complete Cat engine and propulsion package will power a 4200 cubic meter capacity vessel made by MARIC Design House for Jiangsu Haixin Shipyard. The dredger will be propelled by two Cat C280-8 engines and is backed by a C32 harbor generator set and a C7.1 emergency generator set, among other Cat products.
