### Standard Features

**Cat® Engine**
- Robust high speed block design provides prolonged life and lower owning and operating costs
- Designed for maximum performance on low pressure gaseous fuel supply
- High percentage of component commonality with diesel engines
- Island-Mode capability

**Generator Set Package**
- Top tier electrical efficiency
- Reliability verified through torsional vibration, fuel consumption, oil consumption, transient performance, and endurance testing

**Generators**
- High-efficiency design
- Superior motor starting capability minimizes need for oversizing generator
- Designed to match performance and output characteristics of Cat engines

**Applications**
- Caterpillar generator sets are capable of maximizing power production opportunities in an extensive range of industries

### EMCP 4 Control Panels
- User-friendly interface and navigation
- Scalable system to meet a wide range of installation requirements
- Expansion modules and site specific programming for specific customer requirements

### Warranty
- 12 months/unlimited hour warranty for continuous ratings
- Extended service protection is available to provide extended coverage options

### Worldwide Product Support
- Cat dealers have over 1,800 dealer branch stores operating in 200 countries
- Your local Cat dealer provides extensive post-sale support, including maintenance and repair agreements

### Financing
- Caterpillar offers an array of financial products to help you succeed through financial service excellence
- Options include loans, finance lease, operating lease, working capital, and revolving line of credit
- Contact your local Cat dealer for availability in your region
### Optional Equipment

#### Engine
- **Air Cleaner**
  - Regular duty - shipped loose
  - Heavy duty - shipped loose

- **Cooling System**
  - JW & SCAC engine driven pumps
  - RH JW outlet flange
  - ANSI / DIN flanges

- **Exhaust System**
  - Elbows
  - Expanders
  - Flanges
  - Flexible fittings

- **Fuel System**
  - Fuel filter
  - Gas regulator

- **General**
  - Barring group

- **Lubrication**
  - Lubricating oil (NGEO)
  - Oil level regulator
  - Positive crankcase ventilation
  - Electric prelube

- **Mufflers**
  - Industrial Grade (15dB)
  - Residential Grade (18dB)
  - Critical Grade (25dB)
  - Spark Arresting

- **Protection System**
  - Explosion relief valves

- **Starting/Charging**
  - Charging alternator - 60A
  - Battery charger - 20A
  - Oversized batteries
  - Battery cables / racks
  - Airstarters
  - Jacket water heater

#### Generators
- **Output voltage**
  - 380V
  - 400V
  - 415V
  - 3300V
  - 6300V
  - 6600V
  - 4900V
  - 10000V
  - 11000V
  - 440V
  - 480V
  - 13200V
  - 13800V

- **Temperature Rise (over 40°C ambient)**
  - 105°C
  - 80°C

- **Attachments**
  - Anti-condensation heater
  - Generator RTD module
  - Neutral Ground (LV)
  - Cross-Current CT (HV)
  - Differential CTS (HV)
  - Diode fault detector (HV)
  - Air cleaner (HV)
  - Auto/manual control (HV)

- **Power Termination**
  - Type
    - IEC Bus bar (LV)
    - Circuit breaker (LV)

- **Circuit Breaker Options**
  - 3000A
  - UL
  - IEC
  - 3-pole
  - 4-pole
  - Manually operated
  - Electrically operated

- **Trip Unit Options**
  - LSI
  - LSI-G
  - LSIG-P

- **Cat Connect**
  - Ethernet
  - Satellite
  - Cell

#### Control System
- **Controller**
  - EMCP 4.3
  - EMCP 4.4

- **Attachments**
  - Discrete I/O module
  - Load share module
  - Local annunciator module
  - Remote annunciator module
  - Remote monitoring software

- **Enclosure**
  - Weather protective
  - Sound attenuated

- **Certifications**
  - 2006/42/EC & 2006/95/EC Declaration of Incorporation
  - Grid Code Compliance (Germany)
  - Eurasian Conformity (EAC)
  - Turkish Ministry Compliance

- **Ancillary Equipment**
  - Automatic transfer switch (ATS)
  - Uninterruptible power supply (UPS)
  - Paralleling switchgear
  - Paralleling controls

---

*Note: Some options may not be available on all models. Certifications may not be available with all model configurations. Consult factory for availability.*

Note: For reference only. Do not use for installation design. Contact your local Cat dealer for precise weights and dimensions.

Ratings Definitions

Continuous Power Rating
Output available with non-varying load for an unlimited time. Average power output is 70-100% of the continuous power rating. Typical peak demand is 100% of continuous rated e kW for 100% of operating hours.

Standby Power Rating
Output available with varying load for the duration of an emergency outage. Average power output is 100% of the standby power rating. Typical operation is 200 hours per year, with maximum expected usage of 500 hours per year.

Applicable Codes and Standards

Note: Codes may not be available in all model configurations. Please consult your local Cat dealer for availability.

Fuel Rates
1. For transient response, ambient, and altitude capabilities consult your local Cat dealer.
2. Fuel pressure range specified is to the engine fuel control valve. Additional fuel train components may be required and should be considered in pressure and flow calculations.
3. For a complete reference of definitions and conditions see the following data sheets:
