

SOLAR TURBINES EQUIPMENT FINANCING

Solar Turbines offers a wide range of financing options to support your project. Financing can be based on total product cost and can cover engineering, equipment, construction and commissioning work. As you develop your project, keep in mind that Solar has the resources to coordinate with international banks and financing partners, as well as Caterpillar Financial.

Discuss your project with us today. Our broad range of financing options allow us to support a wide variety of projects, including industrial power generation and oil and gas related projects.
