## GET A LONG BLOCK THAT'S AS GOOD AS NEW

You deserve a product that performs like new. Every Cat Reman Engine Long Block is remanufactured at our state-of-the-art facility in Corinth, Mississippi, where we:

- » Disassemble, clean and inspect every component; apply advanced salvage techniques; and incorporate the latest engineering changes
- » Replace all piston rings, rubber parts, springs, seals, gaskets and O-rings with 100% new components
- » Regrind and polish crankshaft and journal surfaces and re-hone cylinder bores to exact dimensions
- » Reassemble the final product using same-as-new product engineering standards
- » Perform an extensive end-of-the-line test to ensure every long block meets original performance specifications

## RECEIVE MAXIMUM VALUE FOR YOUR CORE

Our flexible core acceptance criteria ensure you get maximum value for your core. We use simple, visual inspections that don't require special tools or disassembly, so we can provide an immediate decision on core condition and credit. That means you don't have to wait for — or guess about — your repair costs.

**To receive full core credit, the block must be fully assembled and complete; the cylinder block must not be visibly cracked, broken or welded; and the crankshaft must not be broken. However, even blocks with visibly cracked, broken or welded cylinder blocks or broken crankshafts are eligible for partial core credit.**

## CONTROL YOUR DOWNTIME AND REPAIR COSTS

Cat Reman 3126B/3126E and C7 Long Blocks are priced at a fraction of the cost of new to keep your repair costs down — and they're available off the shelf worldwide to keep your downtime to a minimum. Plus, they're backed by the same 12-month, unlimited mileage warranty as our new parts. This unlimited warranty covers:

- » Repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)
- » Parts and installation labor to replace defective parts, even if the original repair was not performed by a Cat dealer (assuming workmanship did not cause the failure)
- » Resultant damage caused by a covered component to other Cat engine components
- » Replacement of engine oil, coolant and filters if contaminated during a failure of a covered component

YOU ALSO HAVE THE  
OPTION TO ADD EXTENDED  
CAT COMPONENT PLUS  
COVERAGE UP TO
