MAXIMIZE PERFORMANCE, MINIMIZE COST
WITH CAT® REMAN OIL COOLERS

DESIGN UPDATES PLUS 100% NEW INTERNAL
COOLING BUNDLES DELIVER THE PERFORMANCE
AND RELIABILITY YOU DEMAND

Get maximum cooling capability and life for a fraction of the cost of new. When it's time to replace the oil coolers inside your Cat® on-highway engine, be wary of aftermarket remanufactured products. They often feature soldered or plugged internal cooling bundles, which decrease cooling capability—leading to higher engine oil and engine operating temperatures and reduced component and oil life.

Instead, choose a repair option designed, manufactured and tested specifically for Cat engines. Cat Reman Oil Coolers feature all the latest engineering updates—including 100% new cooling bundles—for maximum cooling performance and component life. Plus, they come at a fraction-of-new price with a same-as-new warranty, helping you achieve the lowest owning and operating costs over your engine's lifecycle.

YOUR DEALER IS STANDING BY

The Cat dealer network stocks the broadest line of remanufactured parts and components in the industry, supported by the Caterpillar worldwide inventory and distribution system. And with more than 1,400 authorized Cat dealers in North America, your Cat dealer will have the components you need ready to install, minimizing your downtime and maintaining productivity. Contact your local dealer today.

2

CONTROL YOUR REPAIR COSTS

Cat Reman Oil Coolers are available off the shelf worldwide and priced at a fraction of the cost of new parts—helping you reduce expenses and downtime. And they're backed by an industry-leading, unlimited-mileage, 12-month standard warranty that covers:

- » Repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)
- » Parts and installation labor to replace defective parts, even if the original repair was not performed by a Cat dealer (assuming workmanship did not cause the failure)
- » Contingent damage caused by a covered component to other Cat engine components
- » Replacement of engine oil, coolant and filters if contaminated during a failure of a covered component

3

RECEIVE MAXIMUM VALUE FOR YOUR CORE

Our flexible core acceptance criteria help you get the most for your money. We use simple, visual inspections that don't require special tools or disassembly. That means we can provide an immediate decision on core condition and credit, so you don't have to wait for—or guess about—your repair costs.

You'll receive full core credit for your oil cooler as long as it's complete, there's no damage to the housing and it is an acceptable Caterpillar part number.
