1

GET SAME-AS-NEW QUALITY

When you choose Cat Reman Air Compressors, you get a product that performs just like new. Our strict remanufacturing processes include:

- » Disassembling, cleaning and inspecting every component for damage
- » Replacing all piston rings, rubber parts, springs, seals and gaskets with 100% new components
- » Regrinding and polishing crankshaft and journal surfaces
- » Rehonoring cylinder bores to exact dimensions
- » Reassembling the final product using same-as-new product engineering standards
- » Performing multiple quality checks, including an extensive end-of-the-line test, to ensure every product meets original factory performance specifications

YOUR DEALER IS STANDING BY

The Cat dealer network stocks the broadest line of remanufactured parts and components in the industry, supported by the Caterpillar worldwide inventory and distribution system. And with more than 1,400 authorized Cat dealers in North America, your Cat dealer will have the components you need ready to install, minimizing your downtime and maintaining productivity. Contact your local dealer today.

2

CONTROL YOUR REPAIR COSTS

Available off the shelf worldwide and priced at a fraction of the cost of new parts, Cat Reman Air Compressors help you reduce expenses and downtime. Plus, they come with an industry-leading, unlimited-mileage, 12-month standard warranty that covers:

- » Repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)
- » Parts and installation labor to replace defective parts, even if the original repair was not performed by a Cat dealer (assuming workmanship did not cause the failure)
- » Contingent damage caused by a covered component to other Cat engine components
- » Replacement of engine oil, coolant and filters if contaminated during a failure of a covered component

3

RECEIVE MAXIMUM VALUE FOR YOUR CORE

Our flexible core acceptance criteria helps you get the most for your money. We use simple, visual inspections that don't require special tools or disassembly. That means we can provide an immediate decision on core condition and credit, so you don't have to wait for—or guess about—your repair costs.

You'll receive full core credit for your air compressor as long as it's completely assembled, the housing isn't cracked and is an acceptable Caterpillar part number.
