## EXCLUSIONS

Ensure that all safety information, warnings, and instructions are read and understood before any operation or any maintenance procedures are performed.

The user is responsible for the performance of maintenance, including all adjustments, the use of proper lubricants, fluids, filters, and the replacement of components due to normal wear and aging. Failure to adhere to proper maintenance intervals and procedures may result in diminished performance of the product and/or accelerated wear of components. Use mileage, fuel consumption, service hours, or calendar time, WHICH EVER OCCURS FIRST, to determine the maintenance intervals. **Products that operate in severe operating conditions may require more frequent maintenance. This chart is not intended to be a comprehensive list of all maintenance activities that may be recommended or required and** 

does not contain fluids schedules or requirements associated with the above maintenance activities.

\* Seat Belts are recommended to be replaced every 3 years.

This marketing tool does not represent a contract or obligation of any kind between Caterpillar Financial Aftermarket Solutions Corporation or its affiliates, and the equipment owner. For details on any Cat® Customer Value Agreement (CVA), including a complete description of the terms, conditions, and/or exclusions, contact a participating Cat dealer.

All graphics and lists in this marketing tool are provided solely for general information purposes and are not intended to be a solicitation or an offer to purchase any product or service.

To the extent that the above publication(s), bulletin(s), and/or any designated contract(s) are ambiguous or inconsistent with the CVA contract language, the terms of the CVA contract shall govern.
