SMART DECISIONS START WITH FACTS

HEALTH AND OPERATIONS MONITORING – ENABLED BY CAT REMOTE FLEET VISION

Cat Remote Fleet Vision supports your planned maintenance CVA with Caterpillar by providing you with the customized data you need to identify and resolve problems quickly. Locate, track, and manage all your assets with just a few clicks – no matter where you're located or what brands you operate.

Choose the features that best fit your goals. Whether you aim to improve efficiency, reduce risk, cut costs, or boost your bottom line, the data is at your fingertips through any satellite, cellular or local network connection.

TALK TO YOUR DEALER TODAY ABOUT CVA OPTIONS.

Avoid downtime by working with your Cat dealer to quickly schedule service with the right parts, at the right location, at the right time.

Create transparency with customized reports for different levels of stakeholders on how your equipment and fleets are operating.

Optimize your maintenance and planned maintenance schedules with your Cat dealer to enhance operations and increase efficiency.

Reduce operational expenses and enhance fleet performance and overall productivity.
