CAT INSPECT

TAKE BACK UPTIME WITH THE CAT INSPECT APP FOR DAILY INSPECTIONS

The Cat Inspect app turns your mobile device into a smart machine inspection tool – meaning no more paper needed. Rate asset conditions, add comments, take photographs and share results.

Use this archive to learn about the evolution of this resource.

NEW FEATURES

Includes all features which have not previously been available or included.

January 2020:
- None this month.

ENHANCEMENTS

Upgrade & improvements to existing product features.

January 2020:
- Added "Center" as a primary SMCS location code option.
- Added the ability for users to add up to 10 email addresses to the online inspection process to match the mobile app.
- The website will show the additional "Admin" menus to new customer users with a message to contact support for access.
- Changed the wording of the option to only show an org's forms from "All Custom Forms" to "Custom Forms Only".
- 2020 Updates for the Contamination Control forms, including two new Housekeeping forms.

FIXES

Remedies applied to known to product issues or software bugs.

January 2020:
- Increased the resolution of the images in the new PDF reports.
- Fixed an issue with the Force Complete button which was remaining active after the inspection was completed.
- Fixed an issue with highlighting the forms that match the serial number prefix in yellow.

OTHER/OPERATIONS

Changes that impact availability, installation, or support for the product.

None at this time.
