ENHANCEMENTS

Upgrade & improvements to existing product features.

April 2020:

- Added the ability for Admins to complete inspections that are stuck in the Approved or Submitted states to generate PDF reports.
- Updated the descriptions for each role (Inspector, Author, Admin) to reflect new features we've added to the system.
- Added the inspection form category names to the Severity Order and Actionable Items PDF reports.
- Form types that are not shared with Vision Link and MCC are no longer accessible to Customer users to create inspections.
- Minor user interface changes as a result of an Angular framework update.

FIXES

Remedies applied to known to product issues or software bugs.

April 2020:

- Fixed an issue where additional customer email addresses added to a web assignment, where not being processed by the system.
- Fixed several issues that were preventing some completed inspections from being sent to the analytics SQL database.
- Fixed an issue effecting email forwarding of older inspections completed before the addition of the Executive Summary report.
