

CAT INSPECT RELEASE NOTES ARCHIVE

CAT INSPECT

TAKE BACK UPTIME WITH THE CAT INSPECT APP FOR DAILY INSPECTIONS

The Cat Inspect app turns your mobile device into a smart machine inspection tool – meaning no more paper needed. Rate asset conditions, add comments, take photographs and share results.

NEW FEATURES

Includes all features which have not previously been available or included.

February 2020:

- Added a new, short inspection Summary report as 4th report type. The new report is available for newly completed inspections.
- Users can create comments with 1024 characters and users can edit existing inspections and add up to 1024 characters to a comment.

ENHANCEMENTS

Upgrade & improvements to existing product features.

February 2020:

- Implemented the ability for users to unselect, or "unanswer" a previously answered question while performing an inspection. Answers cannot be changed for completed inspections. This feature will be available in the next release of the mobile app.
- Implemented the ability for Admins to re-open a Cancelled inspection from the inspection Details page. Inspection is placed in the In Process state.
- Implemented the ability for Admins to re-assign an In Process inspection to another user from the Details page of the website.
- Expanded the Work Order field from 20 to 64 characters on the website.
- Increased the speed of the search by Inspection ID

FIXES

Remedies applied to known to product issues or software bugs.

February 2020:

- Fixed an issue with that was not allowing dealer admins to edit their user's email addresses.
- Corrected the response options for questions 4.3 and 5.1 on the new Contamination Control forms

OTHER/OPERATIONS

Changes that impact availability, installation, or support for the product.

None at this time.
