## NEW FEATURES

Includes all features which have not previously been available or included.

### May 2020:

- Added a Notification feature that allows users to create groups of contacts (Email IDs) and associate the groups to inspection forms. On completion of an inspection using a form associated to a Notification Group, all of the contacts in the group will receive an email that an inspection report is ready.

## ENHANCEMENTS

Upgrade & improvements to existing product features.

### May 2020:

- Replaced the inspection status icons with labels for better clarity of the inspection's state.

## FIXES

Remedies applied to known to product issues or software bugs.

### May 2020:

- Fixed an issue where additional email addresses were being displayed in the customer email field when editing a completed inspection.
- Fixed an issue with the additional query filter not applying to the Status or Owning Org columns.
- Fixed an issue that was preventing users from cloning recently imported PM Checklist forms.

## OTHER/OPERATIONS

Changes that impact availability, installation, or support for the product.

None at this time.
