Power solutions for rental applications

Perkins engines are ideally suited for the varied demands of the rental market – from small welders, aerial work platforms and power generators through to dewatering pumps and earthmoving equipment.

Our engines are designed to deliver outstanding power
economy and reliability
resulting in low cost of ownership throughout
the engine's service life

MAXIMISING VALUE

The benefits of rental

Optimised performance

We work closely with Original Equipment Manufacturers to customise the most economical engine package for specific duty cycles; they deliver the power you demand.

Proven in the real world

We build end user feedback into every engine and test them extensively in-house and in the field. You can trust them to perform in the world's toughest environments.

Excellent resale value

Known for their durability and low cost of ownership, Perkins engines are in demand, and hold their value. You invest in a long-term asset, not just an engine.

Ease of repair, servicing and operation

We design our engines to be easy to work with, eliminating costly downtime. Our most advanced engines include passive regeneration technologies to further maximise machine productivity.

Emissions compliant

Designed using a modular platform, our engines are adaptable to meet the most stringent emissions standards. We provide compliance, quickly and cost-effectively.

Consistent quality across multiple territories

Manufacturing engines in the UK, USA, China, India and Brazil, we use the same quality processes in every facility to achieve consistent engine quality across multiple territories.

BENEFITS

PRODUCT RANGE

MAXIMISING VALUE

Maximising rental value

Continuous productivity is everything for rental companies – so everything we do is designed to keep your machines running. Working through over 3,500 outlets worldwide in over 170 countries, we have the parts and services you need to streamline your business processes and maximise the value in your machines.

EXPERIENCE

GLOBAL EXPERTISE

BENEFITS

PRODUCT RANGE

MAXIMISING VALUE

We offer a flexible range of aftercare solutions and collaborate with you to build a programme around your needs, helping you deliver and service dependable power wherever you are in the world.

Rapid access to parts

We have an expanding network of three distribution centres, connected by a best-in-class supply chain to achieve fast and reliable delivery of genuine parts, oils and coolants. With next day delivery in many territories, we minimise the financial impact of holding stock.

Service, repair and overhaul

Our distributor network is fully resourced with diagnostics equipment and trained technicians to service everything from legacy equipment to the latest engine systems, helping extend the life of your machine.

Protection and peace of mind

For engines, we provide up to 24 months or 3,000 hours* warranty for complete peace of mind. This can be extended up to 10 years/15,000 hours* with Perkins® Platinum Protection. All Perkins genuine parts are covered by a 12 month warranty.

*Terms and conditions apply

Pioneering digital solutions

Perkins is at the forefront of digital technology, connecting customers to leading-edge services. Central to this is the Perkins® My Engine App. Available for free to work on your mobile device, the app works in multiple languages to provide you with value added data including service reminders, links to your local distributor and access to service, maintenance and workshop manuals†.

Investing in our customers, we have also taken eCommerce to the next level with our online shops for parts. Customers can buy genuine Perkins parts online in Europe and the U.S.

† Manuals are now available on all UN ECE R96 Stage IIIA and below. Requires subscription to marketing permissions.

A comprehensive package - Perkins® Hypercare

You and your engine are unique. That's why we've developed Perkins® Hypercare, an adaptable package of aftersales services to enhance the performance and productivity of your engine and give you easy maintenance throughout its service life.

Dedicated support programmes for rental companies

We have developed a range of programmes to help rental companies maximise return on investment for Perkins powered equipment. These include the **Perkins Rental Support Programme** (which provides tooling, training, warranty, and connectivity to the Perkins network) as well as the Perkins engine loyalty programme which rewards customers with points which can be redeemed for tooling, training, genuine parts and more.
