# “Why do I work at **Caterpillar**?”

“After completing welding school, I applied for jobs in the pipeline, offshore and with Cat. I moved my family from Mississippi to Kansas for this job because Caterpillar offered it all— competitive wages, great benefits, an awesome team, career advancement opportunities, and most importantly, I get to go home every night and be with my family.”

—Davontae, Caterpillar Wamego welder since July 2018

“My experience at Caterpillar has been one of a kind. Since day one, I felt like supervisors and coworkers alike have treated me as a member of the team. I’ve learned so much since I first began working here thanks to the knowledge everyone is eager to share. Every day I come to work I know I will leave with a sense of accomplishment and pride in the work I’ve done.”

—Kadin, Caterpillar Wamego welder since January 2021
