

Manufacturing Apprentice:

You will join a passionate and motivated team of Apprentices, within a pioneering manufacturing organisation, supplying the Worldwide Construction Industry.

During your Apprenticeship, you will gain knowledge, skills, experience, and friendships. While completing hands on tasks, assembling Construction Products you'll be gaining your formal qualifications, which are recognised and fully transferrable within the manufacturing sector.

You will be working in the assembly production areas within the business, assembling components to our high-quality standards.

This apprenticeship has been designed to run for 15 months.

Your first 12 months are based on working towards your Level 2 Diploma in Manufacturing and your skills, knowledge, and behaviours as you develop your knowledge of manufacturing standards and techniques alongside your work skills.

Following your first 12 months with Caterpillar, you will then be entered for your end-point assessment. Your end point assessment will comprise of two assessments:

- Observation with questions and answers
- Professional discussion upon successful completion, you will achieve the Lean Manufacturing Operative Standard and your Level 2 Diploma in Manufacturing.

To be successful for this role, you will have a keen sense of achievement and take pride in the work you undertake.

Key responsibilities:

- Adhering to Caterpillar Values in Action
- Follow and utilise Caterpillar Production System
- Follow documented standard work procedures/instructions to perform safe and defect free assembly of parts and components
- Using various hand, power tools and lifting equipment provided in the work area
- Support continuous improvement reporting with your new ideas and views
- Working within the production line assembling Caterpillar products
- Operate our fully built products where required
- Working in production lines
- Adhere to the Organisation's health & safety policy and safe working practices
- Working to real time orders and targets
- Completing your qualification within the Academy period to a high standard

- Gaining valuable experience in a supportive environment

About Caterpillar:

With 2020 sales and revenues of \$41.7 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, diesel and natural gas engines, industrial gas turbines, and diesel-electric locomotives.

Since 1925, we've been driving sustainable progress and helping customers build a better world through innovative products and services. Throughout the product life cycle, we offer services built on cutting-edge technology and decades of product expertise. These products and services, backed by our global dealer network, provide exceptional value to help our customers succeed.

We do business on every continent, principally operating through three primary segments – Construction Industries, Resource Industries, and Energy & Transportation – and providing financing and related services through our Financial Products segment.
