

# CAT® APP RELEASE NOTES iOS\_2.26 | ANDROID\_2.26

May 2021

## CAT® APP

### 24/7 EQUIPMENT MANAGEMENT ON-THE-GO

Efficient equipment management starts with the Cat App. Track the location and health of your equipment, order service and parts, and activate telematics devices directly from your mobile device. Staying on top of your fleet 24/7 has never been easier.

## WHAT'S NEW

When ordering Planned Maintenance parts, easily select key components, desired quantities, or simply remove the parts if not required.

## NEW FEATURES

### Planned Maintenance Part Selection

Ordering planned maintenance parts just got easier with the ability to select key components (filter, diesel, coolant, S·O·S kits) and quantities directly in the Cat App.

#### Action Alert

Dialog informing the user exactly what inputs are needed when ordering planned maintenance kits

#### Select Part / Set Quantity

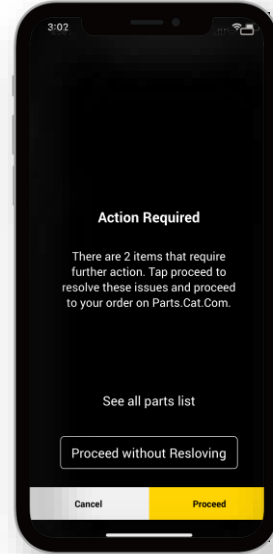

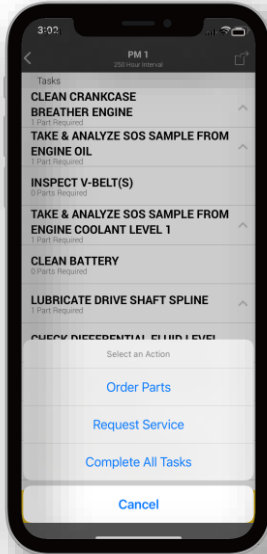

Adding the ability for users to select the part number, quantity, or remove the part if not required.

#### Confirm to Shopping Cart

Dialog informing the user exactly what selections will be added to the shopping cart prior to confirming the selections.
