

CAT® APP RELEASE NOTES iOS_2.27 | ANDROID_2.27

June 2021

CAT® APP

24/7 EQUIPMENT MANAGEMENT ON-THE-GO

Efficient equipment management starts with the Cat App. Track the location and health of your equipment, order service and parts, and activate telematics devices directly from your mobile device. Staying on top of your fleet 24/7 has never been easier.

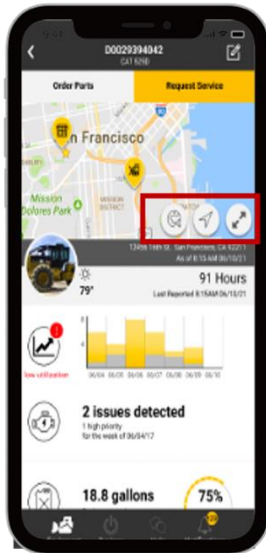

WHAT'S NEW

- Share an asset's location with people outside of the Cat App
- Share the link to download the Cat App from the App Stores
- Access notification preferences directly from the Notifications page
- Bug fixes and performance improvements

NEW FEATURES

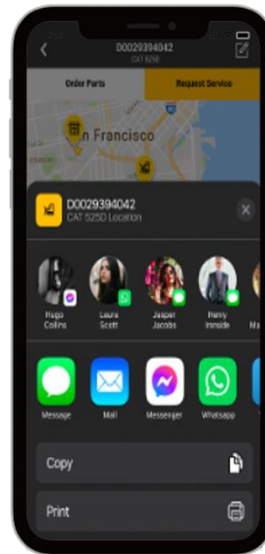

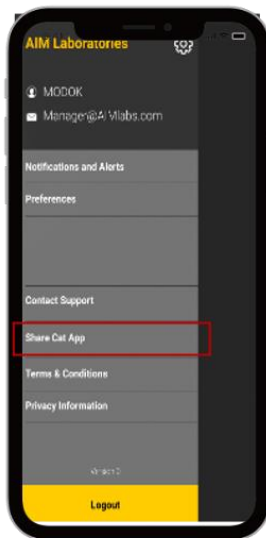

Share Location

Share an asset's location with people outside of the Cat App using mobile share function.

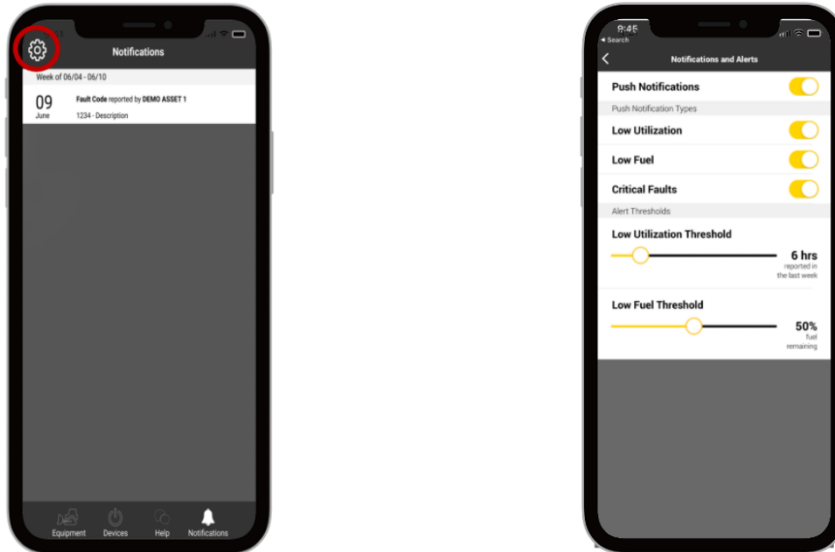

Share Cat App Download

Provide users the ability to send people outside of the Cat App a link to download directly from the App Stores.

Fault Code Preferences

Adding the ability to access notification preferences from the notification tab.
