CAT[®] SMART ATTACHMENTS

Cat[®] SMART attachments are designed specifically to work with Cat D3 Range Skid Steer or Compact Track Loaders. From the popular SMART Grader Blade, to the SMART Backhoe and SMART Dozer Blade, they dramatically improve the versatility of the Cat D3 Range, opening up the door to exciting new business opportunities for D3 owners.

SMART technology integration brings instant attachment recognition and operation using the machine's existing joystick controls. Additional controls and adjustments are made through the machine display unit.

CAT SMART GRADER BLADE

- > Convert your Cat D3 Compact Track Loader into a grader system for a fraction of the cost of a dedicated grader.
- > Operate in minutes with Cat Slope Assist function with optional IMU installed.[†]
- > Compatible with Earthworks Go[™] or Cat 2D and 3D Grade Control system for precise grading results.

CAT SMART BACKHOE

- > Turn a Cat D3 loader into an excavator, using the machine joystick.
- > BH130 SMART Backhoe attachment offers the digging performance of a 3-tonne excavator at roughly half the cost.

CAT SMART DOZER BLADE

- > Allows operators to level ground, create slopes and pathways, dams or other functions requiring bulk movement of material.
- > Simple to operate with joystick control, plus blade sensors that automatically level out bumps and give a smoother, more controlled operation.
