SMARTER INSPECTIONS

Cat® Inspect is an easy-to-use application that allows users to download and complete inspections and include additional information such as pictures, comments and ratings on any smart device.

With machine-specific Preventive Maintenance checklists, performing recommended services at the appropriate intervals has never been easier.
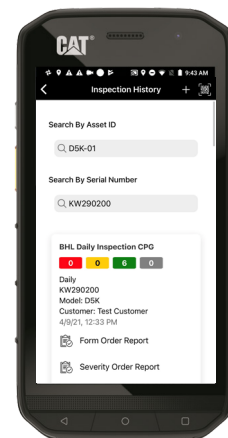

≫ VIEW YOUR FLEET IN REAL-TIME

The Fleet menu enables quick, easy access to asset data. Scroll through the list, scan the asset's QR code or search to locate the asset.
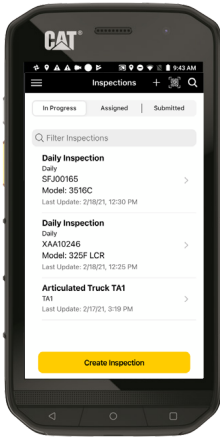

≫ COMPLETE DAILY INSPECTIONS

The asset view provides asset data and a list of options. Launch an inspection, rate the asset's condition, add photos or comments and share results in real-time.
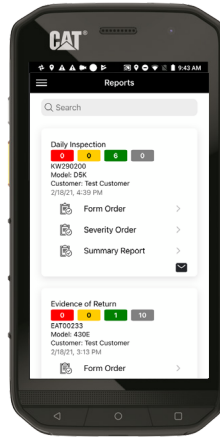

≫ VIEW INSPECTION HISTORY

The History page acts as a log of all submitted inspections. You can track daily inspections and send completed reports of previous inspections.
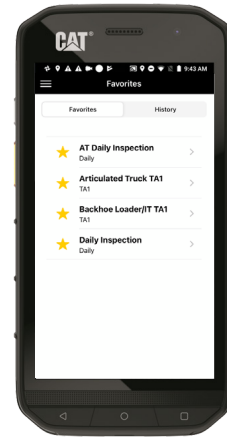

ORGANIZE YOUR INSPECTIONS

In the Inspections menu, view inspections that are in-progress, assigned and submitted. Search for an inspection by form, product or name.

ACCESS REPORTS FOR YOUR ASSETS

With the Reports menu, search and view inspection reports submitted under your account. Streamline daily inspections by forwarding reports using the Mail icon ✉.

SET AND VIEW FAVORITES

Favorites gives you easy access to forms and templates frequently used. Lost connectivity is not a problem as favorites can be accessed when offline.

THE PERFECT COMPANION

Cat Inspect Web is the desktop companion to your Cat Inspect mobile app, providing you easy administration and access to inspection data. Assign inspections to field staff right from the office. Look for data trends, manage actionable items and create notification groups so members of that group receive an email with a copy of the inspection report when completed.

With Cat Inspect Web & Cat Inspect mobile app you get visibility, knowledge, improved productivity and maximum efficiency.
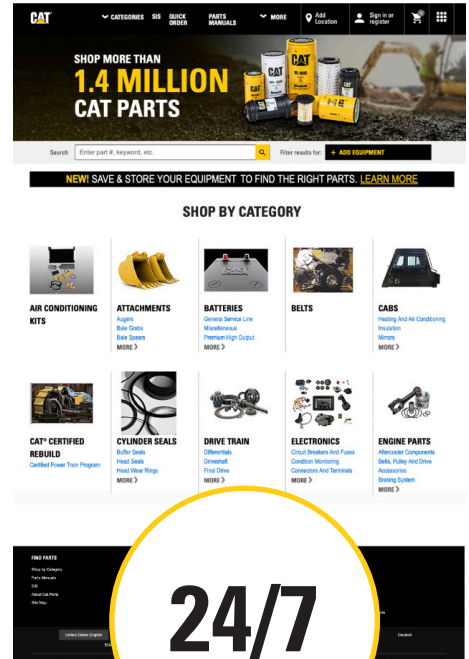

INCREASE KNOWLEDGE, INCREASE AVAILABILITY

» Digitize, automate and organize your daily inspections with an easy-to-use digital platform that is accessible from any smart device.

» Streamline your workflow and improve the accuracy of your inspections so your assets have improved reliability and uptime.

» Integrate Cat Inspect with other Caterpillar Digital Services like Remote Fleet Vision, My.Cat.Com and the Cat App.

» Create custom inspection forms and check lists focused on the assets and procedures that impact your business the most.

» Increase your technician's awareness by adding ratings, capturing and sharing photos and videos, and adding important comments.

» Optimized for mixed fleet owners. Capture and store inspection results for Cat and non-Cat assets in one easy-to-use app.

» Never lose another paper inspection! Digital inspections provide real-time information for review, retention and printing.
