CAT® APP

24/7 EQUIPMENT MANAGEMENT ON-THE-GO

Efficient equipment management starts with the Cat App. Track the location and health of your equipment, order service and parts, and activate telematics devices directly from your mobile device. Staying on top of your fleet 24/7 has never been easier.

WHAT'S NEW

- Secure your data and simplify the single sign-on process with our authentication enhancement.
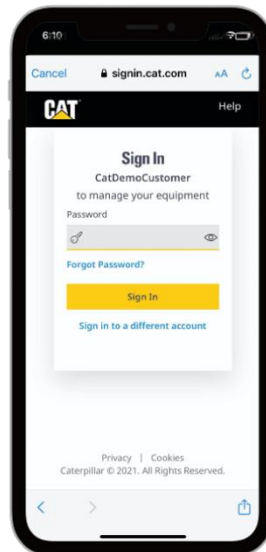

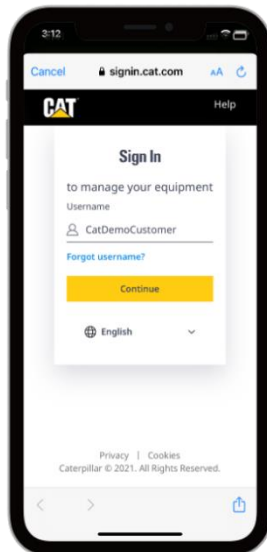

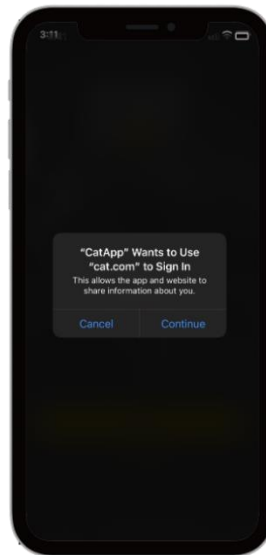

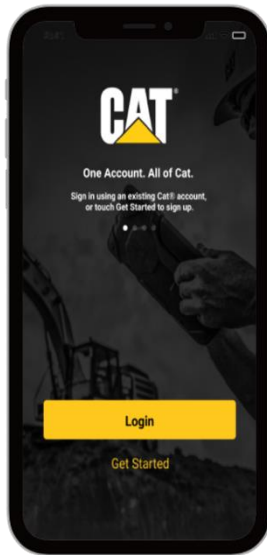

ENHANCEMENTS

Protecting your data is important to Caterpillar. Because you rely on the Cat App for your business-critical needs, we've enhanced our authentication process to increase security measures.

To initiate the update, all users will experience a forced log out. **Upon accessing the Cat App on August 31, 2021, you will be required to log in with your current password**. This may result in customer requests for help with their Password and/or User ID recovery.
