CAT® APP

24/7 EQUIPMENT MANAGEMENT ON-THE-GO

Efficient equipment management starts with the Cat App. Track the location and health of your equipment, order service and parts, and activate telematics devices directly from your mobile device. Staying on top of your fleet 24/7 has never been easier.

WHAT'S NEW

- CAT Branded loading symbol
- Asset Details pull down refresh
- Bug Fixes and Performance Improvements

ENHANCEMENTS

To have a stronger brand connection with users, The Cat App has updated its loading experience to a bold, animated CAT logo. Now the Cat branded experience will be with the user while they are managing their fleets.
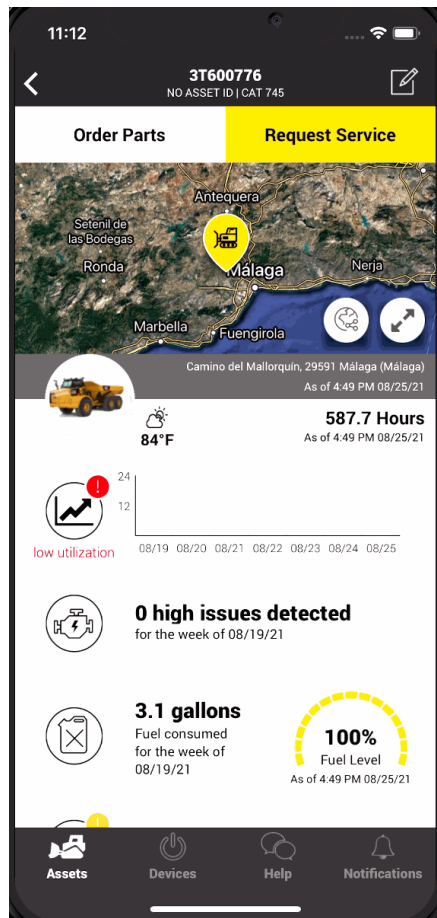

Previously, refreshing an individual asset required additional steps and time accomplish. Now, the Asset Details page has the ability to do a Pull-Down Refresh. With this action, the user can ensure the asset data is current in the Cat App.
