

HEARD ABOUT THE CAT® POWER-START PROGRAM?

The Cat® Power-Start Program is available on G3400, 3500, G3500, C175, 3600 and G3600 products sold into standby applications.

With total confidence in the performance and reliability of our products, we will give you \$10,000 parts credit if your Cat standby generator set does not start in the event of utility power failure*.

To ensure your standby power is always run ready and qualifies for the Cat Power-Start Program, your local Cat dealer offers a number of service programs and solutions:

EXTENDED SERVICE COVERAGE (ESC)

Generators will qualify for 5-year ESC as part of this program.

CAT CONNECT

Monitor, manage, and enhance your operations to control costs, improve performance, and reduce risk.

GENUINE CAT PARTS AND CONSUMABLES

Made specifically for your Cat equipment, genuine Cat parts make all the difference in keeping generators running and staying profitable.

ANNUAL DEALER INSPECTION WITH CAT INSPECT

Capturing inspection data and integrating with Cat data systems, the Cat Inspect App provides convenience and accountability to equipment owners and dealers.

OPERATION AND MAINTENANCE GUIDANCE

Operation and maintenance of your generator set in line with the guidelines and recommendations ensures operator safety and optimum performance of your equipment.

Choose Cat for your emergency power needs and sign up for the Cat Power-Start Program today!

For more information contact your Caterpillar Sales representative or Local Dealer.

* In accordance with the terms and conditions of the Power-Start contract.
