# RELIABLE PERFORMANCE AT A REDUCED PRICE

## GET LIKE NEW PERFORMANCE

Each Cat Reman hydraulic cylinder group and assembly performs like new Cat parts. This is all thanks to Caterpillar's strict remanufacturing processes, which include:

- Completely disassembling, cleaning and inspecting each component to ensure quality and durability
- Installing new bushings and replacing wear and soft components with 100% new components
- Testing chrome-plated surfaces for up to 96 hours of corrosive resistance to withstand harsh environments
- Incorporating engineering changes for like new performance and long life
- Performing multiple quality checks, including an extensive end-of-the-line test, for extended hydraulic system life

## CONTROL YOUR REPAIR COSTS

Cat Reman hydraulic cylinder groups and assemblies help you reduce expenses and downtime. Available off the shelf and priced at a fraction of the cost of new parts, they come with a same-as-new, 12-month warranty<sup>1</sup> which covers:

- Repairs at any authorized Cat dealer (not limited to the original selling or servicing dealer)
- Parts and installation labor<sup>1</sup> to replace defective parts, when performed by an authorized Cat dealer
- Resultant damage<sup>1</sup> caused by a covered component to other Cat components
- Replacement of oil, coolant, filters and other service items if contaminated during a failure of a covered component<sup>1</sup>

## RECEIVE MORE VALUE FOR YOUR CORE

Our flexible core acceptance criteria helps you get more for your money. We use simple, visual inspections that don't require special tools or disassembly. That means we can provide a quick decision on core condition and credit, so you don't have to guess about your repair costs.

**Receive full core credit<sup>2</sup> if:**

- Acceptable Cat part number
- Fully assembled and complete
- No non-operational damage — mishandling, excessive rust, corrosion, fire damage, torch marks, pitting or unsuccessful salvage attempts
- No bent, broken, cracked or welded components

**However, even rods or cylinder groups and assemblies with visibly cracked, broken or welded components can be eligible for partial credit.**
