

# » CAT® REMAN CAMSHAFT KITS

EVERYTHING YOU NEED FOR AN AFFORDABLE,  
QUALITY REPAIR

WHEN IT'S TIME TO REPLACE THE CAMSHAFT IN YOUR CAT® ON-HIGHWAY TRUCK ENGINE, A CAT REMAN CAMSHAFT KIT IS A GREAT WAY TO SAVE TIME AND MONEY.

To avoid premature wear, Caterpillar recommends replacing the **camshaft and rocker arms as a set**. These easy-to-order, easy-to-install kits contain what you need for a quality repair at a competitive price, including fully assembled rocker arms ready for installation. Plus, by replacing the camshaft and rocker arms together, you qualify for Extended Service Coverage (ESC) options like Overhaul Protection for Trucks and Cat Component Plus — affordable ways to protect your investment.

All the parts in Cat Reman camshaft kits come with a same-as-new, unlimited-miles 12-month Caterpillar Limited Warranty<sup>1</sup>, helping you achieve lower owning and operating costs over your engine's lifecycle.

<sup>1</sup>Warranty can vary by model and application; limitations may apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.
