## WHO WE ARE

We are the makers, problem solvers and future world builders who are creating stronger, more sustainable communities. We don't just talk about progress and innovation here – we make it happen, with our customers, where we work and live. Together, we are building a better world, so we can all enjoy living in it.

Our East Peoria, Illinois facility is dedicated to building some of the industry's largest and most innovative machines. Our work includes the engineering, product design and production of medium tractor products, including track-type tractors and pipelayers. We are the global leading manufacturer of Track Type Tractors.

## OUR PEOPLE

- We also produce high quality fabrication welding parts, heat treat, assembly, machining and painting.
- In support of the final assembly process, we also provide fenders, tanks, hoods, parts carts and engine subs.

## COMMUNITY IMPACT
