

# BUILDING KK

## WHO WE ARE

We are the makers, problem solvers and future world builders who are creating stronger, more sustainable communities. We don't just talk about progress and innovation here – we make it happen, with our customers, where we work and live. Together, we are building a better world, so we can all enjoy living in it.

Building KK, located in East Peoria, Illinois, opened in 1947. We proudly build transmission and drivetrain components, including gears, shafts, carriers and other complex machined parts. We also build transmissions and torque converters for many Caterpillar products and the petroleum industries.

## OUR PEOPLE

We rely on the expertise of our 615 employees to create products that support our customers' needs.

## OUR PRODUCTS

We machine, assemble and heat-treat several products including:

- Axles
- Bevel sets
- Drive shafts
- Final drives
- Gears
- Torque converters

## COMMUNITY IMPACT

We believe that everything we do makes an impact and helps build a better world. Through a long-standing commitment to our community, we:

- Mentor students at Morton High School through student internships and lunch and learns.
- Partner with Manual High School in Peoria, Illinois, to support vocational training through the Essentials for Life (E4L) program. Students in the program receive vocational training and exposure to career opportunities in the manufacturing field.
- Lead a successful United Way campaign every year. In 2022, we raised almost \$80,000 for the United Way to provide countless support and services to our community.

## AT CATERPILLAR

- We are an inclusive, values-based company that never forgets we're all human.
- We hold ourselves accountable and treat each other with integrity and respect.
- We put safety first in everything we do, including creating safe workspaces strengthened by empathy and respectful interactions.
