SIS2GO

## INTRODUCING THE NEW CAT® SIS2GO APP

Doing your own repairs isn't always easy. Finding information you can trust to diagnose fault codes, understand proper repair and maintenance procedures, and ensure you have the right parts can be challenging. There is always the question of what parts do you really need. And what did you do with your equipment's Operation and Maintenance Manual?

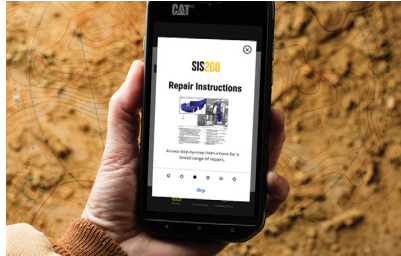

Now you can take the guesswork out of maintaining, troubleshooting and repairing your equipment. All while being assured you have the most current and reliable information.

Caterpillar introduces the Cat SIS2GO app. Downloadable from app stores, SIS2GO puts maintenance, troubleshooting and repair information specific to your equipment at your fingertips. And it is all Caterpillar-authored, so you can be confident in the information.
