

# MOSSVILLE

## WHO WE ARE

We are the makers, problem solvers and future world builders who are creating stronger, more sustainable communities. We don't just talk about progress and innovation here – we make it happen, with our customers, where we work and live. Together, we are building a better world, so we can all enjoy living in it.

Our Mossville, Illinois Chemical Products Manufacturing facility produces electric drive and drivetrain components for our customers.

## OUR PEOPLE

We have 340 skilled employees in our Product Support & Logistics and Integrated Components & Solutions Divisions working to support our customers' needs.

## OUR PRODUCTS

We build Electric Drivetrains including Generators and Propulsion and Modules (motors) for the following prime products:

- D6XE
- 988XE
- R1700
- D7E
- Paver (Auxiliary heating generators)

In addition, we:

- Manufacture calendared rubber for high-pressure hydraulic hoses.
- Conduct impulse testing for high-pressure hydraulic hoses.
- Apply thin films coating.
- House test and development labs for hose, couplings, tubes and rubber components.

## COMMUNITY IMPACT

We believe that everything we do makes an impact and helps build a better world. Through our long-standing commitment to our community, we:

- Lead a successful United Way campaign every year. In 2022, we raised \$80,000 to provide support to local non-profits.
- Support OSF Children's Hospital through annual giving tree.
- Participate in Salvation Army's Toys for tots and Coats for Kids.
- Organize a Midwest Food bank Thanksgiving virtual food drive.
- Participate in Rebuilding Together.

## AT CATERPILLAR

- We are an inclusive, values-based company that never forgets we're all human.
- We hold ourselves accountable and treat each other with integrity and respect.
- We put safety first in everything we do, including creating safe workspaces strengthened by empathy and respectful interactions.
