307.7, 308CR, 308CR VAB, 309CR, 309CR VAB

Current machines listed. Machine model availability and attachment vary by region. Contact your local Cat® dealer for exact compatibility and availability.

Cat® contractors' grapples are a proven product built for your high-volume material handling needs. Designed for long lasting durability, contractors' grapples are made to help you in the toughest of applications and are used in demolition as well as waste and recycling industries for material handling in a more efficient way.

FEATURES

ADJUSTABLE LINK POSITION

Stiff link can be manually adjusted in three positions by repositioning the pin position. No special tools are required.

EASY TO INSTALL STIFF LINK

The G108 uses the same fixing point as the current thumbs. No weld or paint job is needed to install.

STANDARD WEAR PLATES

Wear plates on the upper and lower jaw are standard and provide a longer life and better grapple resistance against abrasive material.

STANDARD TWO YEAR WARRANTY

Standard two-year warranty gives you peace of mind when purchasing a quality Cat grapple.
