

# » CAT® REMAN 3126B/3126E & C7 LONG BLOCKS

PERFORM LIKE NEW AT A  
FRACTION OF THE COST

COMPLETE LONG BLOCKS READY TO  
BE BUILT INTO YOUR ENGINE REDUCE  
YOUR DOWNTIME AND COSTS

## Choose a repair solution that delivers reliability and affordability.

When your Cat® engine needs service, you need an option that gets you back on the road quickly and cost-effectively. That's what you get with Cat Reman 3126B/3126E and C7 long blocks. Complete with cylinder block and head, crankshaft, camshaft, pistons, connecting rods, timing gears, lifters, oil pump and oil cooler — plus the high pressure HEUI pump — our fully assembled long blocks are ready to be built into your engine.

Cat Reman long blocks are completely updated, inspected and tested to perform like new. They're covered by a 12-month Caterpillar Limited Warranty<sup>1</sup> against Caterpillar defects in material and/or workmanship. And, flexible core acceptance criteria<sup>2</sup> mean even broken or cracked blocks are eligible for credit.

FULLY ASSEMBLED WITH  
HEUI PUMP

CATERPILLAR  
WARRANTIED PRODUCT

CORE CREDIT EVEN FOR  
DAMAGED BLOCKS

<sup>1</sup> Warranty can vary by model and application; limitations apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

<sup>2</sup> Additional requirements apply. Contact your authorized Cat dealer for more information.

# LOWER-COST, LONG-LIFE REPAIR SOLUTION

1

## GET A LONG BLOCK THAT'S LIKE NEW

You deserve a product that performs like new. Every Cat Reman long block is remanufactured at state-of-the-art remanufacturing facilities where we:

- » Disassemble, clean and inspect every remanufactured component, apply advanced salvage techniques, and incorporate the latest engineering changes
- » Replace all piston rings, rubber parts, springs, seals, gaskets and O-rings with 100% new components
- » Regrind and polish crankshaft and journal surfaces
- » Re-hone cylinder bores to exact dimensions
- » Reassemble the final product using Caterpillar product engineering standards
- » Perform an extensive end-of-the-line test to ensure every long block meets original performance specifications

3

## RECEIVE MORE VALUE FOR YOUR CORE<sup>2</sup>

Our flexible core acceptance criteria ensure you get more value for your core. We use simple, visual inspections that don't require special tools or disassembly, so we can provide a quick decision on core condition and credit. That means you don't have to guess about your repair costs.

**To receive full core credit, the block must be fully assembled and complete; the cylinder block must not be visibly cracked, broken or welded; and the crankshaft must not be broken. However, even blocks with visibly cracked, broken or welded cylinder blocks or broken crankshafts are eligible for partial core credit.**

2

## CONTROL YOUR DOWNTIME AND REPAIR COSTS

Cat Reman 3126B/3126E and C7 long blocks are priced at a fraction of the cost of new to keep your repair costs down. Plus, they're covered by a 12-month Caterpillar Limited Warranty<sup>1</sup> against Caterpillar defects in material and/or workmanship.
