

CAT® REMAN FINAL DRIVES

LOWER COST. LIKE NEW DURABILITY.

MEET YOUR MACHINE'S DEMANDS AND REDUCE YOUR DOWNTIME WITH LIKE NEW QUALITY AND PERFORMANCE OF CAT REMAN FINAL DRIVES.

Final drives play a crucial role in your machine systems, transferring engine power to the ground in demanding applications. You don't want to cut corners when replacing them, but it pays to save money where you can. Cat® Reman final drives are preassembled and rigorously tested for smooth, reliable operation. They offer like new performance and long service life — all at fraction-of-new prices with core return.

Plus, Cat Reman final drives are backed by a same-as-new Caterpillar Limited Warranty¹. They're available worldwide, too, reducing downtime associated with piece-part-and-assembly repairs. The result is reduced repair costs and lower lifetime owning and operating costs.

**PREASSEMBLED AND
READY TO INSTALL**

**EXTENSIVE INSPECTIONS

**CATERPILLAR WARRANTIED
PRODUCT**

RELIABLE PERFORMANCE AT A REDUCED PRICE

LIKE NEW PERFORMANCE

When you choose Cat® Reman final drive components, you get products that perform like new.

Caterpillar remanufacturing processes include:

- Disassembling, cleaning and inspecting every component for damage
- Restoring worn spindle bearings, seals and spline surfaces with advanced salvage techniques
- Replacing all wear components (bearings and Duo-Cone™ seals) with new genuine Cat parts
- All critical engineering updates
- Assembling the final product using product engineering standards
- Performing multiple quality checks, including an extensive end-of-the-line test, to ensure every product meets OEM performance specifications

RECEIVE MORE VALUE FOR YOUR CORE

Our flexible core acceptance criteria helps you get more for your money. We use simple, visual inspections that don't require special tools or disassembly. That means Cat dealers can provide a quick decision on core condition and refund, so you don't have to guess about your repair costs.

Full core refunds² start with:

- Acceptable Cat part number
- Fully assembled and complete
- No non-operational damage — torch damage, mishandling damage, excessive rust, corrosion, pitting from improper storage and transit damage from improper packing
- Component not visibly cracked, broken or welded

CONTROL YOUR REPAIR COSTS

Ready to install and priced at a fraction of the cost of new parts with core return, Cat Reman final drives help you reduce expenses and downtime. Plus, they are covered by a same-as-new, 12-month Caterpillar Limited Warranty¹ against Caterpillar defects in material and/or workmanship.

YOUR DEALER IS STANDING BY

The Cat dealer network stocks a broad line of Cat Reman parts and components. With 21 Global Caterpillar Parts Distribution centers and more than 2,300 authorized Cat locations, Cat Reman components are drop-in ready solutions, which help you reduce downtime and maintain productivity.
