Progress Rail offers dependable Kershaw® equipment to tackle your vegetation management needs. Let our tough and reliable machines make tree, brush and right-of-way clearing, landscaping, golf course management and residential upkeep easier to maintain for you and your crew.

Progress Rail

A Caterpillar Company

Kershaw® SkyTrim Mini 55 TH

The Kershaw SkyTrim Mini 55 TH is a compact, mobile, self-powered tree trimmer based on a telehandler platform. It is ideally suited for utility right-of-way and residential applications, golf courses, rental properties and municipalities.

Weight: 12,500 lbs. (5669.9 kg) with standard 14-inch by 17.5-inch tires.

Engine: Deutz TD 2.9L L4, 74 hp (55 kW) @ 2200 rpm. Meets U.S. EPA Tier 4 Final emission standards.

Propel System: Hydrostatic transmission with variable speed forward and reverse. Maximum travel speed is 15 mph (24 kph).

Kershaw® Klearway 500 / 500HD*

The Kershaw Klearway 500 is a rough terrain, rubber-tired vehicle with a front mounted rotary or shredder-type cutterhead designed to clear vegetation from utility right-of-ways and for site preparation.

Weight: Approximately 32,000 lbs. (14514.9kg) with standard 28L26 tires and rotary cutterhead.

Engine: Equipped with a Tier IV Cat® C7.1 liquid cooled diesel engine rated for 250 hp @ 2,200 rpm.

Propel System: Hydrostatic 4-wheel drive with propel motor driving through a heavy-duty 2-speed powershift transmission.

* Also available in the Heavy Duty version with larger engine, pumps/motors and head.

Kershaw® SkyTrim 75 G3

The Kershaw SkyTrim 75 G3 is a rubber-tired, telescoping tree trimmer designed for trimming tree limbs and clearing vegetation from utility right-of-ways, construction sites, roadways, and more in rough terrain. This machine is also CE certified for Europe.

Weight: Approx. 28,400 lbs. (12882 kg) with standard 28L- 26 tires.

Engine: Equipped with liquid-cooled 4.4 liter Cat® diesel engine rated for 131 hp (97.9 kw) @ 2,200 rpm and compliant with European Union Stage V and U.S. EPA Tier 4 Final regulations. Easy access to engine compartment for maximum serviceability.

Propel System: Hydrostatic propel motor driving through a heavy duty two-speed power shift transmission, with a foot switch to activate the differential lock.

Kershaw® SkyTrim 75 G3T

The Kershaw SkyTrim 75 G3T is a rough terrain, tracked vehicle with telescoping boom and saw-type cutter head designed to trim trees.

Weight: Approximately 28,000 lbs. (12,700.5 kg).

Engine: Equipped with liquid-cooled 4.4 liter Cat® diesel engine rated for 131hp (97.9 kW) @ 2,200 rpm. and compliant with European Union Stage V and U.S. EPA Tier 4 final regulations. Easy access to engine compartment for maximum serviceability.

Propel System: Hydrostatic propel motor driving through a heavy-duty two-speed power shift transmission, with a foot switch to activate the differential lock.

Kershaw® 75 HRT

The Kershaw SkyTrim 75 HRT is an over the road, rubber-tired prime mover vehicle with a rear bed-mounted special cab and an attached telescoping boom with saw-type cutter head designed to trim trees. The machine is equipped with hydraulically deployed rail wheels for operation on the railroad.

Weight: Approximately 42,000 lbs. (19050.9kg).

Propel System: Over the road propel or Hi-Rail propel is provided by the prime mover. Work propel is controlled by a special cab operated creep drive system with 5 mph maximum speed.
