

CAT® UNDERCARRIAGE FOR MINING

ENGINEERED TO PERFORM

With over 100 years of undercarriage innovation, Cat® undercarriage for mining is precisely engineered to support operations like yours. Through on-board technology like load analysis, products are developed to match your needs, and components are designed to work and wear as a system, all while integrating with your machine.

WE'VE GOT YOU COVERED

HOWEVER YOU WORK, THERE'S AN OPTION FOR YOU

When undercarriage represents around half of your owning and operating costs, you know the right fit for your work impacts your bottom-line results. The good news, our engineers design options with that in mind.

Each undercarriage is specifically engineered for the application it serves. For low-to-moderate conditions, there's Cat General Duty undercarriage, for tougher terrain there's Heavy Duty and Heavy Duty Extended Life (HDXL) with Duralink undercarriage. Whatever you need, we've got you covered, with the best the industry has to offer.

- + **PROVEN PERFORMANCE**
- + **DESIGNED FOR YOUR APPLICATION**
- + **IMPROVED RETURN ON INVESTMENT**

KEEP THINGS ON TRACK

Cat undercarriage offers a longer wear life than the competition, guaranteed not only by the undercarriage itself, but also the support that surrounds it:

UNDERCARRIAGE CUSTOMER VALUE AGREEMENTS (CVAs)

Provide extra security for your undercarriage beyond the standard warranty and extend the life of your undercarriage through tracking and part replacement.

UNDERCARRIAGE ASSURANCE PROGRAMS

Protect your undercarriage beyond the standard warranty. They cover all major moving undercarriage components on a variety of machines.

CUSTOM TRACK SERVICES

Monitor your undercarriage so you can plan maintenance when it's convenient for you and minimize your downtime.

REPAIR AND REBUILD OPTIONS

Bring your Cat undercarriage back to like new condition in a way that's more affordable than buying new.

With a Cat undercarriage and the support of the Cat global dealer network, your operation will be right on track.
