Generic name medications are in lowercase. Brand name medications are in uppercase. Generic medications are typically the most cost effective option.

Some strengths, dosage forms or compounded versions of medications may not be considered preventive or may not be covered under the prescription drug benefit. Requirements such as generics first, step therapy, prior authorization, and quantity limitations may apply. Also, certain preventive medications that are covered under the Affordable Care Act (ACA) are not subject to the deductible. Please see the Caterpillar Drug Formulary at [benefits.cat.com/Drug Formulary](https://benefits.cat.com/Drug%20Formulary), for more information on these, as well as applicable drug tier, copays, and coinsurance. Medications on this list may be subject to change.

In the event that the content of this document or any representations made by any person regarding the plan conflict with or are inconsistent with the provisions of the plan document, the provisions of the plan document are controlling. To the fullest extent permitted by law, Caterpillar reserves the right to amend, modify, suspend, replace or terminate any of its plans, policies or programs, in whole or in part, at any time and for any reason, by appropriate company action.
