

# REMOVING THE GUESSWORK

## How VisionLink® Streamlines your Equipment Management Experience.

VisionLink® is simplifying the equipment management landscape by offering a web and mobile experience that supports your entire fleet\*. Together, they offer easy to understand and actionable insights for customers of all sizes, enabling you to have the right equipment in the right place at the right time.

VL.CAT.COM

VISIONLINK MOBILE

### KEEP TRACK OF YOUR EQUIPMENT

Look after your assets from anywhere with the help of data like hours and location.

### MORE UPTIME, LESS DOWNTIME

Monitor key health indicators to identify issues and plan service before they become major repairs that result in work interruptions.

### OPTIMIZE ASSET UTILIZATION

Maximize use of your equipment by tracking idle time and segments, fuel burn, CO<sub>2</sub> emissions, & more.

### STREAMLINE SERVICE SCHEDULING & PARTS ORDERING

Seamless integrations with other Caterpillar solutions (Parts.Cat.Com, Cat® Inspect, & more) allow easy access to complete things like ordering parts, scheduling services, and routine inspections.

### MANAGE YOUR ENTIRE FLEET\* IN ONE PLACE

Connect multiple OEMs and third party telematic providers into a single asset management solution.

### ASK THE EXPERTS

Offers industry-leading, 24/7 expert support from the Help Center for any question or problem.

# A SOLUTION FOR YOUR ENTIRE FLEET

With the help of Cat® equipment management, you may be able to improve fuel efficiency, reduce idle time, address machine faults and boost profitability and productivity across all your assets.

VisionLink connects multiple data sources into a single asset management platform, making it easy to monitor your entire fleet in one place – no matter the size of your company or fleet. Take control on the go with VisionLink mobile, allowing you to stay on top of your fleet anytime and anywhere.

## ANY BRAND OR NUMBER OF ASSETS

## VISIONLINK

**Personalized Management** | Customize alerts to fit your business needs. From the Needs Review page to your ongoing Tasks lists, you can keep track of your equipment exactly how you want.

**Save Time** | A single dashboard monitors mixed fleets and helps you forecast critical maintenance and asset allocation. Enabling you to access your fleet data in one place.

**Controlled Costs** | Visibility to location, utilization and much more makes it easier for you to economically deploy assets.

## WHEN YOU'RE ON-THE-GO

**Access to Insights, Anywhere** | Thanks to the intuitive UI of VisionLink Mobile, customers can easily monitor data on their equipment at a moment's notice.

**Asset QR\*\* Code Scanning** | Simply scan an asset's QR Code and instantly add it to your fleet for easy access to insights on that machine.

**Complete Planned Maintenance** | Easily stay on top of and complete scheduled planned maintenance activities right from your mobile device.
