DEAR FELLOW SHAREHOLDERS,

D. JAMES UMPLEBY III

Executive Chairman

On behalf of the board of directors and our Caterpillar team, I cordially invite you to attend the Annual Meeting of Shareholders on June 11, 2025, at 8 a.m. Central Time. This year's meeting will be held virtually.

We will provide an update on the company's performance and ask for your vote on several business-related items. Information on participating in this year's shareholder meeting is on page 83.

Please review this proxy statement to learn more about your board of directors, our governance practices, compensation programs and philosophy, and other key items. Your vote is important. We encourage you to vote your shares by virtually attending the annual meeting, by voting online, by telephone or by mail.

I would like to recognize Dan Dickinson, who has decided to not stand for re-election. Dan has served as a director since 2006, including as chairman of the Audit Committee from 2019-2025. The board of directors is very grateful to Dan for his valuable contributions and many years of dedicated and excellent service.

We also welcome our newest board members, Nazzic Keene and Joe Creed. Nazzic is the former chief executive officer of Science Applications International Corporation and joined the board on November 1, 2024. Joe is assuming the role of chief executive officer of Caterpillar on May 1, 2025, and is joining the board on the same date.

As we celebrate our 100th anniversary, I'd like to thank our global team for their commitment to serving our customers. It's been an honor and privilege to serve as chief executive officer for the past eight years. I have great confidence in Joe and the entire executive office to lead our global team as Caterpillar embarks upon our second century of helping our customers build a better, more sustainable world.

In order to ensure an orderly leadership transition, the board has asked me to serve as executive chairman. In this role, I will support Joe and the board to facilitate a smooth transition.

Thank you to our shareholders for your ongoing investment in and support of Caterpillar.

Sincerely,

A handwritten signature in black ink, appearing to read "Jim".

D. James Umpleby III
Executive Chairman

DEAR FELLOW SHAREHOLDERS,

DEBRA L. REED-KLAGES

Presiding Director

On behalf of the board of directors, thank you for your investment in Caterpillar and for trusting us to oversee your interests.

I write to also express my sincere gratitude to Caterpillar's employees and management, who continue to drive profitable growth of our company. You are at the center of the company's success, and your dedication to serving our customers, implementing our strategy and adhering to our values is significant and impressive.

I am honored that the independent directors have entrusted me to help guide the board in its independent oversight of the company over the past three years. Ensuring that your diverse and accomplished board is well-informed about Caterpillar's business performance is a critical focus area for me as presiding director. Throughout 2024, we had regular discussions with management, which included reviewing the company's performance, corporate strategy, significant business initiatives, capital allocation priorities, and business development opportunities. I personally worked closely with our outgoing and incoming chief executive officers to maintain effective working relationships between the independent directors and Caterpillar's management. I also take very seriously the responsibility of reviewing and supporting the effectiveness and independence of your board of directors.

Succession planning is one of the most important responsibilities of our board. We understand the importance of strong stewardship, leadership continuity and talent development—both at the board and management level. In April 2025, we announced the appointment of Joe Creed as chief executive officer as a result of an intentional, robust, methodical and multi-year, succession planning process. Jim Umpleby was appointed executive chairman and will continue to provide counsel to Joe and the board to ensure a smooth transition of leadership. We are deeply grateful to Jim for his leadership and appreciate the outstanding results he achieved during his tenure. His impact on our customers, dealers, shareholders and employees will continue for years to come. Joe is a proven leader with significant experience in Caterpillar's global businesses. The board is confident that Joe will continue Caterpillar's successful journey and continue to position us for long-term profitable growth.

In 2024, I personally met with many of our largest shareholders alongside senior Caterpillar management. Those meetings have been an invaluable part of my tenure as presiding director and have allowed me to better understand shareholders' interests and share their perspectives with the board during topical discussions and decision making.

Thank you – our shareholders – for your ongoing investment and support of Caterpillar as we continue to execute our enterprise strategy for long-term profitable growth and create shareholder value. We encourage you to vote your shares at the annual meeting.

Very truly yours,

A handwritten signature in black ink, appearing to read "Debra".

Attendance of directors
for 2024

- (1) Ms. Keene was appointed to the board effective November 1, 2024, and attended all of the meetings of the board and committees on which she serves that were held thereafter.
- (2) Mr. Wilkins left the Audit Committee and joined the Nominating and Governance Committee following the June 12, 2024 board meeting. He attended all Nominating and Governance Committee meetings after that date.

The board's policy is to encourage and expect that all directors attend each Annual Meeting of Shareholders. All nine then-serving directors attended the 2024 Annual Meeting. The independent directors generally meet in an

executive session as part of each regularly scheduled board meeting. The board's independent presiding director presided over the board's executive sessions in 2024.

BOARD REFRESHMENT AND EVOLUTION SINCE 2020

Caterpillar is committed to maintaining a board of directors that is comprised of qualified, competent, ethical and collegial directors across a variety of backgrounds, experiences and perspectives. The charter for our Nominating and Governance Committee provides that the committee is responsible for evaluating and making recommendations to the board regarding its size and composition. Accordingly, the committee maintains a robust director succession planning and refreshment process.

As a result of these board refreshment efforts, we have successfully onboarded six directors over the past four years and expanded the qualifications represented on the board. More than half of our director nominees have served on the board for four years or more and only two directors have served for ten years or longer. The board believes this mix effectively balances experience and institutional knowledge with fresh perspective and approaches.

In addition to onboarding new directors, the board also regularly rotates board committee chairs and the presiding director role.

DIVERSITY OF SKILLS AND EXPERTISE

The following skills matrix displays the most significant skills and qualifications that each director nominee possesses. The board does not assign a specific weight to any particular skill. Rather, the Nominating and Governance Committee (NGC) regularly reviews the composition of the board as a whole to ensure that the board maintains a balance of knowledge and experience and to assess the skills and characteristics that the board may find valuable in the future in light of strategic plans and operating requirements of the company and the best interests of shareholders.

DIRECTOR CONTINUOUS EDUCATION AND DEVELOPMENT

The company places high importance on the continuous development of its board.

Directors benefit from access to various governance and directorship organizations and publications to which Caterpillar subscribes. They also have ongoing education and development opportunities through participation in meetings and attendance at activities and professional development training offered by associations such as the National Association of Corporate Directors and Lead Director Network. They also receive a weekly digest of news articles related to Caterpillar.

Directors receive specialized presentations from experts in the company's various businesses in the course of their service. Since the last annual shareholder meeting, these presentations have included:

- Updates on technology and digital
- Health and safety
- Retail customer aftermarket
- Strategic focus areas and regular updates concerning the operations of certain businesses within our operating segments
- Key risks and mitigation strategies
- Sustainability
- Talent management

- Cybersecurity
- The Cat® dealer network

Directors are also given development and education opportunities through facility visits, product demonstrations and speaking or meeting directly with members of management and other employees. For example, the directors visited the Caterpillar Digital office in Chicago, Illinois in order to conduct a review of progress on digital strategy and also visited the Solar Turbines facilities in San Diego, California to discuss the opportunities presented by growing global energy demand. The directors have also visited the Tucson, Arizona, facility and observed new products designed to help our customers achieve their sustainability-related goals. The directors had the opportunity to observe and operate products such as the battery electric, zero-exhaust-emissions mini excavator. Directors also speak with company dealers and customers to better understand the company's operations and business. For example, the directors visited a data center customer and toured their facility which included Caterpillar backup power generation equipment. Directors also attend industry trade shows such as CONEXPO.

These opportunities allow directors to be well-informed and to expand their knowledge of trends and issues relevant to their role.

BOARD'S ROLE IN COMPANY STRATEGY

The board has an active role in overseeing the company's strategy. The board regularly reviews management's progress in executing the strategy. In 2022, the board initiated comprehensive strategic reviews that included individual strategy reviews with members of the executive office. These reviews included discussions of the economic, technological,

environmental, talent, competitive challenges and opportunities related to the company's business. The board continued this practice in 2024 and plans to continue this practice going forward. In between comprehensive strategy reviews, the board receives in-depth briefings on strategic topics throughout the year.

BOARD'S ROLE IN RISK OVERSIGHT

The board has oversight for risk management with a focus on the most significant risks facing the company, including strategic, operational, financial and legal compliance risks. The board's risk oversight process builds upon management's risk assessment and mitigation processes, which include an enterprise risk management program, regular internal management disclosure compliance committee meetings, a Code of Conduct that applies to all employees, executives and directors, quality standards and processes, an ethics and compliance program, and comprehensive internal audit processes. The board's risk oversight role also includes the selection and oversight of the independent auditors. The board implements its risk oversight function both as a board and through delegation to board committees, which meet regularly and report back to the board. The board has delegated the oversight of specific risks to board committees that align with their functional responsibilities.

The Audit Committee (AC) assists the board in overseeing the enterprise risk management program and evaluates and monitors risks related to the company's financial reporting requirements, system of internal controls, the internal audit program, the independent auditor, the compliance program and the information security program. The AC assesses cybersecurity and information technology risks, and the controls implemented to monitor and mitigate these risks. The chief information officer attends all bimonthly AC meetings and provides cybersecurity updates to the AC and board.

The Compensation and Human Resources Committee (CHRC) monitors and assesses risks associated with the company's employment and compensation policies and practices.

The NGC oversees various governance matters, and the Sustainability and other Public Policy Committee (SPPC) oversees risks related to sustainability and other public policy issues that affect the company, including health and safety, lobbying and political contributions, and human rights.

DIRECTOR NOMINATIONS AND EVALUATIONS

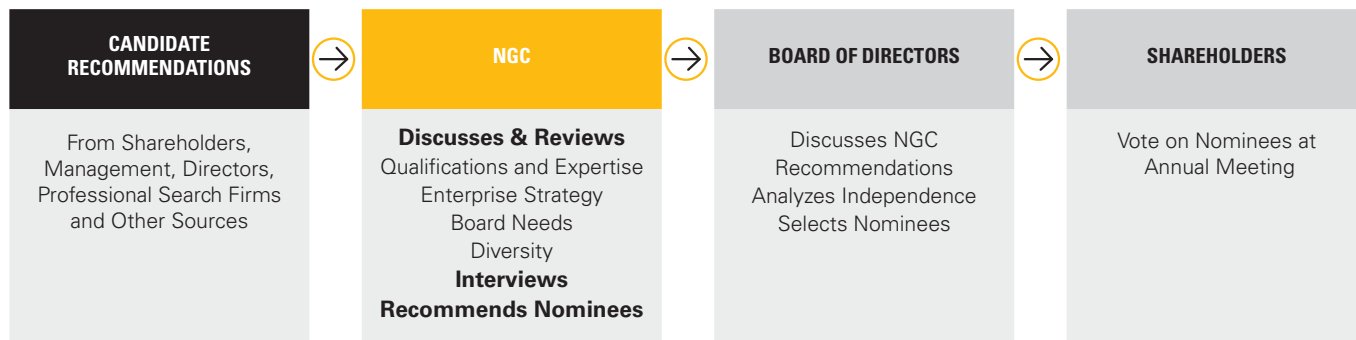

PROCESS FOR NOMINATING AND EVALUATING DIRECTORS

The NGC solicits and receives recommendations for potential director candidates from shareholders, management, directors, professional search firms and other sources. In its assessment of each potential candidate, the NGC considers each candidate's professional experience, integrity, honesty, judgment, independence, accountability, willingness to express independent thought, understanding of the company's business and other factors that the NGC determines are pertinent in light of the current needs of the board. Candidates must have successful leadership experience and stature in their primary fields, with a background that demonstrates an understanding of business affairs as well as the complexities of a large, publicly held company. In addition, candidates must have demonstrated an ability to think strategically and make decisions with a forward-looking focus and the ability to assimilate relevant information on a broad range of complex topics. In evaluating director candidates, the NGC also considers key skills and experience related to the company's strategy for long-term profitable growth, which identifies services, expanded offerings, operational excellence and sustainability as primary focus areas.

While not a requirement for board service, one of the qualifications the board considers in evaluating director candidates is experience as a director of another public company. Service on other public company boards is especially valuable because it provides our directors with meaningful experience and insights that they draw upon to provide effective oversight of Caterpillar, including the highly complex regulatory mechanisms and framework that drive the operations of a public company board. However, candidates must have the ability to devote the time necessary to meet a director's responsibilities to a company of our size and complexity; accordingly, under our Guidelines on Corporate Governance Issues (Corporate Governance Guidelines), directors must serve on no more than four public company boards in addition to Caterpillar. Currently, none of our director nominees serve on more than two additional public company boards.

The board values diversity of talents, skills, abilities and experiences and believes that board diversity of all types enhances the performance of the board and provides significant benefits to the company. Accordingly, the NGC takes into account the diversity of the board in selecting new director candidates.

DIRECTOR RECRUITMENT PROCESS

The following table summarizes certain key characteristics of the company's businesses and the associated qualifications, skills and experience that the NGC believes should be represented on the board.

BUSINESS CHARACTERISTICS	QUALIFICATIONS, SKILLS AND EXPERIENCE

NOMINATIONS FROM SHAREHOLDERS

The NGC considers unsolicited inquiries and director nominees recommended by shareholders in the same manner as nominees from all other sources. Recommendations should be sent to the *Corporate Secretary, 5205 N. O'Connor Boulevard, Suite 100, Irving, TX 75039*. Shareholders may nominate a director candidate to serve on the board by following the procedures described in our bylaws. Deadlines for shareholder nominations for Caterpillar's 2026 Annual Meeting of Shareholders are included in the section on page 79, **Shareholder Proposals and Director Nominations for the 2026 Annual Meeting**.

The number of persons comprising the Caterpillar board of directors is currently established as 10. All of the board's nominees have consented to being named in this Proxy Statement and to serve if elected. If all nominees are elected, the number of persons comprising the board will be 10 following the annual meeting. If any of the board's nominees should become unavailable to serve as a director prior to the annual meeting, the size of the board and number of board nominees will be reduced accordingly.

DIRECTOR CANDIDATE BIOGRAPHIES AND QUALIFICATIONS

Directors have been in their current positions for the past five years unless otherwise noted. Information is current as of May 1, 2025. The board has nominated the following individuals to stand for election for a one-year term expiring at the Annual Meeting of Shareholders in 2026.

The experiences and qualifications of each of the director nominees enable each of them to provide meaningful input and guidance to the board.

DIRECTOR COMPENSATION

The following table sets forth information concerning the compensation for our non-employee directors during the year ended December 31, 2024. Mr. Umpleby, who served as chairman and chief executive officer during 2024, did not receive separate compensation for his service on the board.

Annual compensation for non-employee directors for 2024 was comprised of the following components:

Restricted Stock Units (1 Year Vesting)	\$ 170,000
Cash Retainer	\$ 150,000
Cash Stipends:	
Presiding Director (Executive Committee Chair)	\$ 50,000
Audit Committee Chair	\$ 35,000
Compensation and Human Resources Committee Chair	\$ 25,000
Nominating and Governance Committee Chair	\$ 25,000
Sustainability and other Public Policy Committee Chair	\$ 25,000

The board has set a minimum Caterpillar stock ownership target for directors equal to five times the director's annual cash retainer. Directors have a five-year period from the date of their election or appointment to meet the target and must maintain their target stock ownership while serving on the board and for a post-service period. Until a director has met the target, the director is precluded from disposing of shares. Once a director achieves the target, this restriction no longer applies unless a disposition would cause the director's stock ownership to fall below the target.

For purposes of determining whether the target has been met, the following shares are considered: shares owned directly or indirectly by the director or the director's spouse; shares held in trust for the benefit of the director, the

director's spouse or the director's children; and phantom shares under the Directors' Deferred Compensation Plan. Unvested restricted stock units are not considered.

As of the date of this proxy statement, all directors have met the target or are within the five-year accumulation period.

Directors that joined the board prior to April 1, 2008, are also able to participate in a Charitable Award Program. A donation of up to \$500,000 will be made by the company in the director's name to charitable organizations selected by the director and a donation of up to \$500,000 also will be made by the company in the director's name to the Caterpillar Foundation. Directors derive no financial benefit from the Charitable Award Program.

These deferrals, plus the accumulated deferrals of previous equity awards, are also included in the Phantom Share totals above. Mr. MacLennan elected to defer 50%, and Mr. Johnson, Ms. Marks, Ms. Reed-Klages and Ms. Schwab elected to defer 100% of the equity award granted on June 12, 2024.

(2) All Other Compensation represents amounts paid in connection with the Directors' Charitable Award Program and the Caterpillar Political Action Committee Charitable Matching Program (CATPAC's PACMATCH program). For directors eligible to participate in the Directors' Charitable Award Program, the amounts listed include the insurance premium and administrative fees as follows: Mr. Dickinson \$4,627.

As part of CATPAC's PACMATCH program, Caterpillar Inc. will contribute to up to four charities on behalf of eligible members who contribute at the suggested giving level. The annual CATPAC contribution limit is \$5,000. Mr. Fish, Ms. Schwab and Mr. Wilkins had contributions matched.

(3) Mr. Calhoun did not stand for re-election, thereby concluding his board service June 12, 2024. His cash compensation includes pro-rata to the date his board service ceased.

(4) Cash compensation for Ms. Keene reflects pro-rata from November 1, 2024, the date she joined the board.

BOARD ELECTION

Directors are elected at each annual meeting to serve for a one-year term. In uncontested elections, directors are elected by a majority of the votes cast for such directorship. If an incumbent director does not receive a greater number of "for" votes than "against" votes, such director must tender his or her resignation to the board. In contested elections, directors are elected by a plurality vote.

The mandatory retirement age for directors is 74. Each director who will have reached the age of 74, on or before the date of the next shareholders' meeting, shall not stand for re-election at that annual meeting of the shareholders without an express waiver by the board.

Additionally, under our Corporate Governance Guidelines, current directors must notify the chair of the NGC before accepting membership on the board of another public company. Furthermore, each director is required to tender his or her resignation to the board upon termination of a director's primary occupation or other significant change in business or professional circumstances. Upon receipt of such a tendered resignation, the NGC will evaluate the circumstances, including the director's anticipated time commitments and their impact on the director's capacity to devote requisite time and attention to our board and its committees and make a recommendation to the board as to whether to accept the director's resignation.

BOARD LEADERSHIP STRUCTURE AND CHAIR SUCCESSION

Our board is led by Ms. Reed-Klages, our presiding director, and Mr. Umpleby, our executive chairman. Under Caterpillar's bylaws, the directors annually elect a chairman. The board has no fixed policy on whether to have an executive or non-executive chairman and believes this determination should be made based on the best interests of the company and its shareholders in light of the circumstances at the time. From 2017 to December 2018, the board was led by an independent chairman. In December 2018, upon the recommendation of the board's fully independent Public Policy and Governance Committee, the board appointed Mr. Umpleby, who at the time served as Caterpillar's chief executive officer, as chairman of the board. In making its determination at that time, the board reviewed a variety of criteria, including shareholder feedback, Caterpillar's strategic goals, the prevailing operating and governance environment, the skill set of the board's independent directors, the dynamics of the board and the strengths and talents of the company's senior management. The board also considered Mr. Umpleby's deep-rooted history with the company, which started nearly four decades prior. Upon the consideration and recommendation of the board's fully independent NGC, Mr. Umpleby was unanimously elected as the board's chairman annually since the 2018 appointment through April 30, 2025, after which time he will begin serving as the board's unanimously elected executive chairman.

As announced on April 15, 2025, the board unanimously selected Joseph E. Creed to succeed Mr. Umpleby as the company's chief executive officer. Mr. Umpleby, who has

successfully served as Caterpillar's chief executive officer since 2017 and chairman of the board since 2018, will transition from the role of chief executive officer. He will become executive chairman of the board, effective May 1, 2025. The board concurrently determined to re-elect Ms. Reed-Klages as our presiding director for the reasons set forth below.

This succession event was the result of an intentional, robust, methodical, multi-year succession planning process by the full board. As part of this process, the board also assessed its current and future leadership structure. The board believes that having Mr. Umpleby serve as executive chairman during this leadership change will facilitate a smooth transition for the company. Mr. Umpleby's performance as chief executive officer, his nearly forty-five-year tenure as a Caterpillar employee and deep familiarity with the company, our customers, our operations and strategy, as well as his extensive knowledge of the industry will provide valuable insight during this transition.

As discussed below, Caterpillar's board leadership structure will continue to utilize a presiding director following the foregoing succession event. As executive chairman of the board, Mr. Umpleby will primarily support and work in coordination with Mr. Creed, including ensuring a smooth transition of relationships with all key stakeholders, continue to act as chairman of the board by supporting the implementation of the board's policies, facilitating the board's oversight functions and preside over annual or special meetings of shareholders, among other responsibilities.

BOARD LEADERSHIP STRUCTURE – PRESIDING DIRECTOR

As previously disclosed, as a testament to the board's commitment to empowered and active independent board leadership and consistent with Caterpillar's governing documents, the board determined to appoint Ms. Reed-Klages as its presiding director in 2022. At that time, and on an annual basis thereafter, the board considered how Ms. Reed-Klages' past experience allowed her to perform the duties set forth below as presiding director. Throughout Ms. Reed-Klages' tenure on the board, she has worked closely with her fellow directors and our management team. She is deeply trusted in the boardroom. Because of her 10-year tenure as a director on the board and three-year tenure as presiding director, she is also uniquely positioned to assist the board in overseeing the identification, assessment and management of the company's exposure to various risks. Accordingly, the board continues to believe that her effective leadership is in the best interests of our shareholders and that her durable relationship with both management and the rest of the independent directors maintains harmony in the boardroom. The board believes this structure allows Mr. Umpleby, as Executive Chairman, to support policies adopted or approved by the board,

Mr. Creed, as Chief Executive Officer and a director, to drive and execute the company's strategy and Ms. Reed-Klages, as presiding director, to effectively work with Mr. Umpleby and Mr. Creed to set the agenda for the board and also exercise additional oversight on behalf of the independent directors as set forth below.

The board continues to believe that maintaining the important role of the presiding director is an important leadership feature for the company and best serves the interests of our shareholders at this time, including by creating and sustaining an environment in which the board works collaboratively with management while ensuring that our independent directors can effectively oversee performance and hold senior leaders accountable. However, the board also believes it is important to maintain flexibility as to the board's leadership structure. Accordingly, the board regularly reviews its leadership structure and will continue to exercise its discretion in adopting an appropriate and effective framework to ensure effective governance and accountability, taking into consideration shareholder feedback, the needs of the company as well as the outcome that the board believes will best drive long-term shareholder

value. Any future changes to our board leadership structure will be announced on the “Investors” section of our website

and in our annual proxy statement.

DUTIES AND RESPONSIBILITIES OF PRESIDING DIRECTOR

- Preside at all meetings of the board at which the executive chairman is not present, including executive sessions of the independent directors.
- Serve as a liaison between the executive chairman & chief executive officer and the independent directors.
- Approve the type of information sent to the board.
- Provide input and approve meeting agendas for the board to ensure that the appropriate items are being discussed.
- Approve meeting schedules, in consultation with the executive chairman, the chief executive officer and the independent directors, to assure that there is sufficient time for discussion of all agenda items.
- Has the authority to call meetings of the board and the independent directors.
- If requested by major shareholders, is available, when appropriate, for consultation and direct communication.
- Provide the executive chairman and the chief executive officer with the results of his/her annual performance review in conjunction with the chairman of the Compensation and Human Resources Committee.
- Provide input on the design of the board, including board and committee composition, size, membership, leadership, structure and responsibilities, as part of the board’s and Nominating and Governance Committee’s periodic review of such matters.
- Monitors and coordinates with management on corporate governance issues and developments and assists the board and management in promoting strong corporate governance best practices.

In the role of presiding director, Ms. Reed-Klages provides strong independent oversight of management and serves as a liaison between the independent directors and the executive chairman and the chief executive officer. Additionally, Ms. Reed-Klages oversees the board’s annual self-evaluation process and will lead the board’s annual evaluation of Mr. Umpleby, as executive chairman, and Mr. Creed, as chief executive officer, with the independent members of the board setting the compensation of Mr. Umpleby and Mr. Creed annually based on the recommendation of the Compensation and Human Resources Committee.

CORPORATE GOVERNANCE GUIDELINES AND CODE OF CONDUCT

Our board has adopted Corporate Governance Guidelines, which are available on our website at www.caterpillar.com/governance. The guidelines reflect the board's commitment to oversee the effectiveness of policy and decision making both at the board and management level, with a view to enhance shareholder value over the long term. The Corporate Governance Guidelines also set forth a framework regarding the composition of our board, director membership criteria, board member commitments, director responsibilities, board election and leadership structure, director development and director retirement or resignation, among other topics.

Caterpillar's Code of Conduct is called Our Values In Action. Integrity, Excellence, Teamwork, Commitment and Sustainability are the core values identified in the code. Our Values In Action apply to all members of the board and to management and employees worldwide. These values embody the high ethical standards that Caterpillar has upheld since its formation in 1925. Our Values In Action are available on our website at www.caterpillar.com/code.

INSIDER TRADING POLICY

The company has adopted an insider trading policy that governs the purchase, sale, and/or other dispositions of our securities by our directors, officers and employees, and the company itself, that are reasonably designed to promote compliance with insider trading laws, rules and regulations and the standards of

the New York Stock Exchange (NYSE). A copy of our insider trading policy is filed as Exhibit 19 to the Annual Report on Form 10-K for the fiscal year ended December 31, 2024, filed on February 14, 2025.

BOARD EVALUATION PROCESS

The board conducts an annual self-evaluation to determine whether the board and its committees are functioning effectively. In 2024, the chair of the NGC interviewed each board member to solicit their feedback. The NGC chair then led a discussion during the board's executive session. Each of the committees of the board followed a similar process and reported to the board on the outcome of their self-evaluations. The self-evaluation provides the board with actionable feedback to enhance its performance and effectiveness.

Starting in 2022, the board enhanced its self-evaluation process through the addition of individual director assessments. Pursuant to this part of the process, each director sends a confidential performance evaluation with respect to each other individual director to outside counsel retained by the company at the request of the NGC. The evaluation process specifically focuses on, among other elements, each director's preparation for and participation at our board and committee meetings.

Outside counsel reviews and compiles the results and provides summaries of each director's performance evaluation to the presiding director, other than her own review, which summary is instead provided to the Chair of the Audit Committee. The presiding director then has an individual conversation with each director, reviewing the results and feedback received as well as providing recommendations for improvement, if any, related to such director's level of engagement and contribution to the board and its committees (with the Chair of the Audit Committee undertaking such review with the presiding director). The Nominating and Governance Committee also reviews the collective results and makes any further recommendations or improvements. In concert with the broader annual board self-evaluation, the board believes it has proper processes in place to evaluate the board, its committees, and each individual director's effectiveness and potential areas of improvement.

BOARD COMMITTEES

The board currently has five standing committees: Audit, Compensation and Human Resources, Sustainability and other Public Policy, Nominating and Governance, and Executive. Other than the Executive Committee, which meets on an as-needed basis, each committee meets regularly throughout the year, reports its actions and recommendations to the board, receives reports from management, annually evaluates its performance and has the authority to retain outside advisors at its discretion. The

current primary responsibilities of each committee are summarized below and set forth in more detail in each committee's written charter, which can be found on Caterpillar's website at www.caterpillar.com/governance. All committee members are independent under company, NYSE and SEC standards applicable to board and committee service, and the board has determined that each member of the Audit Committee is "financially literate" and an "audit committee financial expert" as defined under SEC rules.

DIRECTOR INDEPENDENCE DETERMINATIONS

The company's Guidelines on Corporate Governance Issues establish that no more than two non-independent directors may serve on the board at any point in time. A director is "independent" if he or she has no direct or indirect material relationship with the company or with senior management of the company and their respective affiliates. Annually, the board makes an affirmative determination regarding the independence of each director based upon the recommendation of the NGC and in accordance with the

standards in the company's Guidelines on Corporate Governance Issues, which are available on our website at www.caterpillar.com/governance.

Applying these standards, the board determined that each of the director nominees, and all other directors who served during 2024, met the independence standards, except Mr. Umpleby and Mr. Creed, who are current employees of the company.

In response to shareholder feedback we received, we have taken various actions, including:

KEY AREAS OF FOCUS	TAKING ACTIONS INFORMED BY SHAREHOLDER FEEDBACK
Lobbying and other public policy matters	 We annually publish a report containing information about our lobbying activities.
	 We disclose all U.S. trade and industry association memberships regardless of level of contribution.
	 We also disclose tiered reporting of the dollar amount of membership dues paid to all U.S. trade and industry associations and the percentage of these dues used for federal lobbying activities.
Sustainability matters	 We released our estimated Scope 3 GHG emissions data in our 2022 Sustainability Report (published in April 2023) and publish this data on an annual basis.
	 We prepare an annual report containing disclosures aligned with certain recommendations of the Task Force on Climate-related Financial Disclosures.
Human capital management	 We publish an annual report containing diversity and inclusion information that links to our EEO-1 reports.
Company strategy	 We updated our enterprise strategy to include sustainability as a strategic focus area, together with operational excellence, expanded offerings and services to highlight our work helping our customers build a better, more sustainable world.
Executive compensation	 We incorporated ESG into the 2022, 2023 and 2024 incentive plan for executive officers.
Board oversight and governance	 We restructured certain committees of the board by creating the Sustainability and other Public Policy Committee and the Nominating and Governance Committee.
	 We enhanced the director skills matrix to provide a description of each skill to help shareholders understand how each skill helps contribute to effective oversight.
	 We enhanced biographies of director nominees to correspond directly to the skills matrix and include specific ESG-related experience.
	 We enhanced our description of our board leadership and described the succession of the chairman and chief executive officer.

POLITICAL CONTRIBUTIONS AND LOBBYING

As a responsible corporate citizen, Caterpillar participates in the public policy process, advocating for a broad range of issues that advance our strategy and purpose while providing value to shareholders and other stakeholders. Our commitment to transparency and disclosure in our advocacy activities has long been recognized.

The company provides disclosure relating to our advocacy efforts; political engagements; political contribution activities, including the Caterpillar Inc. Political Action Committee (CATPAC); and global issues of importance to the company, including information on the company's position with respect to such issues. This information is disclosed in the political engagement and lobbying section of our annual Sustainability Report, and on our website at www.caterpillar.com/politicalengagement. The website also includes an itemized list of organizations and individuals that received political contributions from Caterpillar or the CATPAC.

Our political engagement and lobbying reporting also provide a summary of some of the public policy areas that are driven by our enterprise strategy for profitable growth and where we see positive value in our engagement and the ability to make an impact.

Caterpillar's state, federal and international activities on legislative and regulatory priorities significant to the company's business are managed by the Senior Vice President, Global Government & Corporate Affairs, who coordinates and reviews with senior management.

Our board of directors has direct oversight of political contributions and lobbying activities. To ensure appropriate oversight of political engagement activities, including lobbying, the Sustainability and other Public Policy Committee reviews the company's political spending policy and its political activities at least annually, including corporate political contributions, CATPAC's political contribution activities, U.S. trade and industry association participation and alignment with Caterpillar's values and policy objectives, and Caterpillar's significant lobbying priorities.

Additional information, including more details on U.S. trade and industry association memberships, our lobbying priorities, our management governance and board oversight of these activities, and our approach to any misalignments between Caterpillar's priorities and trade associations' positions can be found in the political engagement section of our Sustainability Report.

RELATED PARTY TRANSACTIONS

Caterpillar has a written policy governing the approval of transactions with the company that are expected to exceed \$120,000 in any calendar year in which any director, executive officer or their immediate family members will have a direct or indirect material interest. Under the policy, all such transactions must be approved in advance by the NGC.

The director or officer must submit the details of the transaction to the company's Chief Legal Officer & General Counsel and the Corporate Secretary, including whether the related person or his or her immediate family member has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of an entity involved in the transaction). The Chief Legal Officer & General Counsel and the Corporate Secretary will then submit the matter to the NGC for its consideration.

From time to time, related persons of Caterpillar may purchase products or services of the company and its subsidiaries. In connection with these purchases, Caterpillar may provide marketing support directly or indirectly through independent dealers, consistent with sales under similar circumstances to unaffiliated third parties.

Mr. Joseph Creed's brother-in-law was employed by the company as a global category procurement manager and, consistent with the company's compensation policies applicable to other employees of similar title and responsibility, earned aggregate annual compensation of approximately \$220,000 for fiscal year 2024. In February 2025, Mr. Creed's brother-in-law's employment with the company ceased, and he received \$183,089 pursuant to a separation agreement. Mr. Jason Kaiser's brother-in-law is employed by the company as a senior service Engineer Team Lead and, consistent with the company's compensation policies applicable to other employees of similar title and responsibility, earned aggregate annual compensation of approximately \$201,000 for fiscal year 2024.

AUDIT

PROPOSAL 2 – RATIFICATION OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PROPOSAL SNAPSHOT

What am I voting on?

Shareholders are being asked to approve the ratification of the Audit Committee's appointment of PricewaterhouseCoopers LLP (PwC) as the company's independent auditor for 2025.

Board Voting Recommendation:

✓ **FOR** the ratification of our independent registered public accounting firm.

The Audit Committee (AC) is directly responsible for the appointment, compensation, retention and oversight of the company's independent auditor. PwC has been Caterpillar's independent auditor since 1925. Through its extensive experience with the company, PwC has gained institutional knowledge and a deep understanding of the company's operations and business, accounting policies and practices and internal control over financial reporting. The AC believes that the retention of PwC to serve as the company's independent auditor is in the best interests of the company and its shareholders. If the appointment of PwC is not

approved by the shareholders, the AC will consider whether it is appropriate to select another independent auditor. Even if the appointment of PwC is ratified, the AC, in its discretion, may direct the appointment of a different independent auditor at any time during the year if it determines that such a change would be in the company's best interests.

Representatives of PwC will be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

AUDIT FEES AND APPROVAL PROCESS

The AC pre-approves all audit and non-audit services to be performed by the independent auditors in compliance with the Sarbanes-Oxley Act and the Securities and Exchange Commission (SEC) rules regarding auditor independence. The policies and procedures are detailed as to the particular service and do not delegate the AC's responsibility to management. The policies and procedures address any service provided by the independent auditors and any audit or audit-related services to be provided by any other audit service provider. The pre-approval process includes an annual and interim component.

Annually, not later than February of each year, management and the independent auditors jointly submit a service matrix of the types of audit and non-audit services that management may wish to have the independent auditor perform for the current year. The service matrix categorizes

the types of services by audit, audit-related, tax and all other services. Management and the independent auditors jointly submit an annual pre-approval limits request. The request lists aggregate pre-approval limits by service category. The request also lists known or anticipated services and associated fees. The AC approves or rejects the pre-approval limits and each of the listed services on the service matrix.

During the course of the year, the chair of the AC has the authority to pre-approve requests for services that were not approved in the annual pre-approval process. However, all services, regardless of fee amounts, are subject to restrictions on the services allowable under the Sarbanes-Oxley Act and SEC rules regarding auditor independence. In addition, all fees are subject to ongoing monitoring by the AC.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FEE INFORMATION

Fees for professional services provided by our independent auditor included the following (in millions):

	2024	2023
Audit Fees ⁽¹⁾	\$ 35.1	34.5
Audit-Related Fees ⁽²⁾	3.9	1.1
Tax Compliance Fees ⁽³⁾	0.1	0.1
Tax Planning and Consulting Fees ⁽⁴⁾	0.1	0.1
All Other Fees ⁽⁵⁾	0.1	0.1
TOTAL	\$ 39.3	35.9

(1) "Audit Fees" principally includes audit and review of financial statements (including internal control over financial reporting), statutory and subsidiary audits, SEC registration statements, comfort letters and consents.

(2) "Audit-Related Fees" principally includes attestation services requested by management, accounting consultations, pre- or post-implementation reviews of processes or systems and audits of employee benefit plan financial statements. Total fees paid directly by the benefit plans, and not by the company, were \$0.2 million in each of 2024 and 2023 and are not included in the amounts shown above.

(3) "Tax Compliance Fees" includes, among other things, statutory tax return preparation and review and advice on the impact of changes in local tax laws.

(4) "Tax Planning and Consulting Fees" includes, among other things, tax planning and advice and assistance with respect to transfer pricing issues.

(5) "All Other Fees" consists principally of license-based services for statutory audit monitoring and accounting and reporting literature research.

ANONYMOUS REPORTING OF ACCOUNTING AND OTHER CONCERNS

The AC has established a means for the anonymous and other reporting (where permitted by law) of (i) suspected or actual violations of the Code of Conduct, our enterprise policies or applicable laws, including those related to accounting practices, internal controls or auditing matters and procedures; (ii) theft or fraud of any amount; (iii) insider trading; (iv) issues with respect to the performance and execution of contracts; (v) conflicts of interest; (vi) violations of securities and antitrust laws; (vii) violations of prohibited harassment policy; and (viii) violations of any applicable anti-bribery law.

Any employee, supplier, customer, shareholder or other interested party can submit a report via the following methods:

- Toll-free Helpline (US, Canada, and US Virgin Islands): 1-800-300-7898
- Call Collect Helpline: 770-582-5275 (language translation available)

AUDIT COMMITTEE REPORT

The AC operates under a written charter adopted by the board of directors, and each of its members meets the independence and financial literacy standards contained in the NYSE Listed Company rules, SEC rules and Caterpillar's Guidelines on Corporate Governance Issues. The board has determined that each member of the AC qualifies as an audit committee financial expert under SEC rules and has accounting or related financial management expertise.

Management is responsible for the company's internal controls and the financial reporting process. PwC, acting as independent auditor, is responsible for performing an independent audit of the company's consolidated financial statements and internal control over financial reporting in accordance with standards established by the Public Company Accounting Oversight Board (PCAOB).

The AC has discussed with the company's independent auditor the overall scope and execution of the independent audit and has reviewed and discussed the audited financial

statements with management. The AC also discussed with the independent auditors other matters required by PCAOB auditing standards and SEC rules.

The independent auditors provided to the AC the written communications required by applicable standards of the PCAOB regarding the independent accountant's communications with the AC concerning independence, and the AC discussed the independent auditors' independence with management and the auditors. The AC also considered whether the provision of other non-audit services by the company's independent auditors to the company is compatible with maintaining independence.

The AC concluded that the independent auditors' independence had not been impaired.

Based on the reviews and discussion referred to above, the AC recommended to the board that the audited consolidated financial statements be included in the company's annual report on Form 10-K for the year ended December 31, 2024.

COMPENSATION

PROPOSAL 3 – ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

PROPOSAL SNAPSHOT

What am I voting on?

Shareholders are being asked to approve, on an advisory basis, the compensation of named executive officers as disclosed in this proxy statement.

Board Voting Recommendation:

FOR approval of executive compensation.

On an annual basis, and in compliance with Section 14A of the Securities Exchange Act of 1934, shareholders are being asked to vote on the following advisory resolution:

“RESOLVED, that the compensation of Caterpillar’s named executive officers as described under ‘Compensation Discussion and Analysis,’ the compensation tables and the narrative discussion associated with the compensation tables in Caterpillar’s proxy statement for its 2025 Annual Meeting of Shareholders is hereby APPROVED.”

At the company’s 2023 Annual Meeting of Shareholders, our shareholders indicated their preference to hold the non-binding shareholder vote to approve the compensation of our named executive officers each year. Accordingly, the company currently intends to hold such votes annually. The

next vote to approve the compensation of our named executives is expected to be held at the company’s 2026 Annual Meeting of Shareholders, and the company intends to hold its next vote on the frequency of non-binding shareholder votes to approve the compensation of our executive officers in 2029. This vote is advisory and therefore not binding on Caterpillar, the Compensation and Human Resources Committee (CHRC) or the board. The board and the CHRC value the opinion of Caterpillar’s shareholders, and to the extent there is any significant vote against Caterpillar’s named executive officer compensation, the board will consider the reasons for such a vote, and the CHRC will evaluate whether any actions are necessary to address those concerns.

COMPENSATION DISCUSSION & ANALYSIS

EXECUTIVE SUMMARY

GOVERNANCE AND PAY FOR PERFORMANCE PHILOSOPHY

The Compensation and Human Resources Committee (CHRC) believes the executive compensation program at Caterpillar should be structured to align the interests of executives with those of our shareholders. These interests are aligned in rewarding value creation at all stages of the business cycle and providing an increasing percentage of performance-based compensation at higher levels of executive responsibility. This performance-based compensation should be both market and internally competitive.

Changes made over the years to further align pay with performance have received favorable feedback from our shareholders, and support for our 2024 “say on pay” vote of 93 percent reflects this positive response.

In 2024, we continued our shareholder outreach on environmental, social and governance (including sustainability, climate and human capital), and executive compensation topics, with holders of approximately 45 percent of our outstanding shares. In these meetings, our shareholders generally expressed a continued positive view with respect to our executive compensation program.

The CHRC conducts an ongoing review of the company’s executive compensation program to evaluate whether the program supports the company’s compensation philosophy and objectives and to monitor the program’s alignment with its strategic business objectives. The CHRC also considers feedback received from our shareholders through outreach efforts and “say on pay” results as well as peer benchmarking information. In connection with this ongoing review and based on shareholder feedback and benchmarking data, the CHRC

made changes for 2024 to simplify how it determines the annual incentive target opportunity for our Named Executive Officers (NEOs) and to modify the form of equity compensation awarded and performance measures for long-term incentive (LTI) awards as described on pages 48 and 53, respectively.

The CHRC continues to implement and maintain what it believes are best practices for executive compensation and governance. Below is a summary of those practices:

WHAT WE DO
<input checked="" type="checkbox"/> Robust stock ownership requirements
<input checked="" type="checkbox"/> Thorough annual benchmarking process
<input checked="" type="checkbox"/> Rigorous CHRC oversight of incentive metrics, goals and pay/performance relationship
<input checked="" type="checkbox"/> Clawback Policy

COMPENSATION PROGRAM STRUCTURE

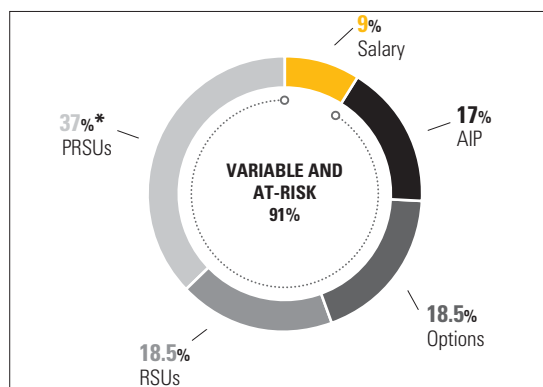

We are committed to developing and implementing an executive compensation program that directly aligns the interests of our NEOs with the long-term interests of shareholders. To that end, the objectives of the company's executive compensation program are to attract, motivate and retain talented executive officers who will improve the company's performance and provide long-term strategic

leadership. **The majority of targeted total compensation for our NEOs is equity-based, vests over multiple years and is tied directly to long-term value creation for shareholders.** NEO compensation is composed of three primary components:

Approximately **91 percent** of our CEO's 2024 total targeted compensation was **variable and/or at-risk compensation**, including **50 percent** of long-term incentives delivered in the form of performance-based PRSUs with two equally-weighted performance metrics, Return on Invested Capital (ROIC) and relative Total Shareholder Return (rTSR) as compared to the S&P Capital Goods peer group, **25 percent** delivered in the form of time-based RSUs, and **25 percent** delivered in the form of stock options. See page 53 for additional information about the 2024 Long-Term Incentive (LTI) design.

BUSINESS PERFORMANCE AND RESULTS

In 2024, Caterpillar achieved another good year, delivering record adjusted profit per share⁽¹⁾ of **\$21.90** and higher adjusted operating profit margin⁽²⁾ of **20.7%**. Although our full-year sales and revenues decreased to \$64.8 billion, services revenues⁽³⁾ grew to a record level of **\$24 billion**. Our results continued to reflect the benefit of the diversity of our end markets and the disciplined execution of our strategy for long-term profitable growth. We also generated \$9.4 billion of Machinery, Energy & Transportation (ME&T) free cash flow⁽⁴⁾ which allowed us to

deploy \$10.3 billion to shareholders through share repurchases and dividends. **We also increased our dividend in 2024 and remain proud of our Dividend Aristocrat status, as we have paid higher annual dividends for 31 consecutive years.** We continue to expect to return substantially all ME&T free cash flow⁽⁴⁾ to shareholders over time. Our total cumulative shareholder returns for the five-year period ended December 31, 2024, outperformed the S&P 500 and related indexes.

Our key financial and business results for 2024 included the following:

PAY OUTCOMES DEMONSTRATE ALIGNMENT WITH COMPANY PERFORMANCE

Consistent with the CHRC's pay-for-performance philosophy, business results were reflected in the resulting pay decisions made for our CEO and the other NEOs in 2024. Compensation outcomes for 2024 included the following items:

BASE SALARY	<ul style="list-style-type: none"> Named Executive Officers (other than the CEO) received an average base salary adjustment of 3.0% in April 2024.
ANNUAL INCENTIVE	<ul style="list-style-type: none"> Annual incentive awards for 2024 paid out, on average, at 129% of target.
LONG-TERM INCENTIVE	<ul style="list-style-type: none"> Based on a benchmark of the median LTI value for the company's Compensation Peer Group at the end of 2023, the 2024 equity grant to the CEO was set at approximately the 60th percentile of the compensation peer group and around the 50th percentile for the other NEOs.⁽¹⁾

CEO COMPENSATION

In 2024, the CHRC and the board approved the following compensation for the CEO:

- Base salary.** 3% increase to Mr. Umpleby's base salary. This increase was in recognition of Mr. Umpleby's operational, financial and safety performance and his continued focus on services growth.
- Annual incentive award.** Annual incentive target award was set at 185% of his salary, consistent with the peer group median. For 2024, Mr. Umpleby earned an annual incentive award equal to 1.30 times his target award. The earned award reflected strong company results against pre-determined performance goals.
- Long-term incentive award.** An annual long-term incentive award with a grant date value of \$16.5 million. The size of the award was based on the median value of long-term incentive awards of the company's peer group.

* Target Value Includes: Salary of \$1,825,000; annual incentive of \$3,350,952 and LTI grant of \$14,602,848. Total Target Value: \$19,778,800

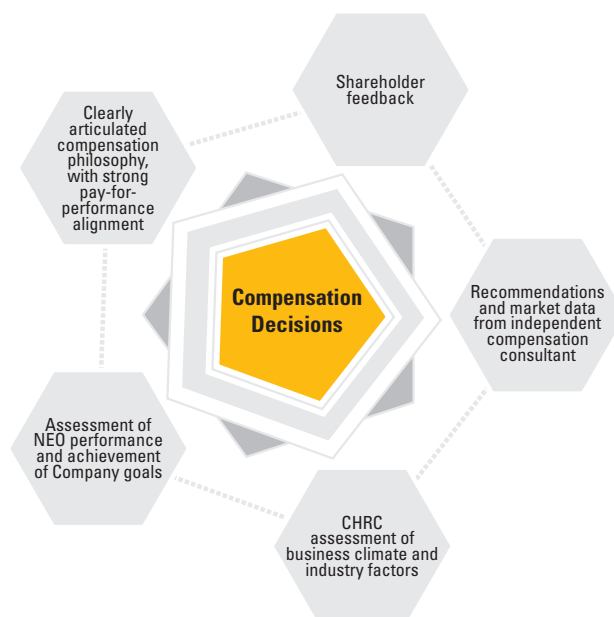

** Actual Value Includes: Salary of \$1,811,325 (due to proration); annual incentive of \$4,363,800 and LTI grant of \$16,500,000. Total Actual Value: \$22,675,125

THE COMPENSATION PROCESS

THE COMPENSATION AND HUMAN RESOURCES COMMITTEE (CHRC)

The CHRC is responsible for the executive compensation program design and decision-making process for NEO compensation. The CHRC conducts regular reviews of the company's executive compensation practices, including the methodologies for setting NEO total compensation, the goals of the program and the underlying compensation philosophy. The independent compensation consultant

provides recommendations and market data that the CHRC considers when making decisions, as appropriate, regarding NEO compensation based on the assessment of performance and achievement of company goals. The CHRC also exercises its judgment in setting NEO compensation as to what is in the best interests of the company and its shareholders.

COMPENSATION CONSIDERATIONS

The CHRC, with the support of its independent compensation consultant and management, considers many aspects of the company's financial and operational performance and other factors when making executive compensation decisions including, but not limited to:

- Long-term shareholder value creation
- Cyclical nature of the business
- Performance relative to financial guidance provided throughout the year
- Enterprise and Business Unit operational performance
- Performance relative to peers and competitors
- Historic absolute and relative performance
- Key areas management can influence over the short- and long-term
- Development and retention of top talent
- Skills, experience and tenure of executive incumbents
- Market values for comparably situated executives among our peer group
- Environmental, social & governance considerations

INDEPENDENT COMPENSATION CONSULTANT

The CHRC retained Meridian Compensation Partners, LLC ("Meridian") as its independent compensation consultant during 2024. Meridian provides executive and director compensation consulting services, including advice regarding the design and implementation of compensation programs, market information, regulatory updates and analyses, and trends on executive compensation and benefits. Interactions between Meridian and management are generally limited to discussions

on behalf of the CHRC or as required to fulfill requests at the CHRC's direction. During 2024, Meridian did not provide any other services to the company. Based on these factors, the CHRC's evaluation of Meridian's independence pursuant to the requirements approved and adopted by the SEC and NYSE, and information provided by Meridian, the CHRC determined that the work performed by Meridian did not raise any conflicts of interest.

BENCHMARKING COMPENSATION TO PEERS

2024 COMPENSATION PEER GROUP

The CHRC regularly assesses the market competitiveness of the company's executive compensation programs based on peer group data. The 2024 Compensation Peer Group was established based on the following criteria:

- Total sales and revenues and market capitalization of the peer companies relative to Caterpillar;
- Competitors and industry segment;
- Potential sources for top talent;
- Global presence with a significant portion of revenues coming from non-U.S. operations; and
- Geographic footprint.

2024 Compensation Peer Group

3M Company	General Electric Company
Archer-Daniels-Midland Company	General Motors Company ⁽¹⁾
The Boeing Company	Halliburton Company
Cisco Systems, Inc.	Honeywell International Inc.
Cummins Inc.	Intel Corporation
Deere & Company	Johnson Controls International plc
Emerson Electric Co.	PACCAR Inc.
FedEx Corporation	RTX Corporation
Ford Motor Company	

(1) In August 2023, the CHRC approved the addition of General Motors Company to the Compensation Peer Group. Otherwise, the 2024 Compensation Peer Group remained unchanged from the previous year.

BENCHMARKING METHODOLOGY

To account for differences in the size of the compensation peer group companies, market data is statistically adjusted allowing for a comparison of the compensation levels to similarly sized companies. Market data provided by the independent consultant is sourced from the Aon Total Compensation Measurement Database, and size-adjusted to Caterpillar's three-year average revenues using regression analysis. Each element of our NEOs' compensation is then

targeted to the median of the peer group and adjusted above or below based on performance. To the extent an NEO's total actual compensation exceeds the peer group median, it is due to outstanding performance, critical skills and notable experience. If an NEO's compensation is below the median, it is generally due to underperformance against relevant metrics or reflective of an individual who is newer in his or her role.

CEO PERFORMANCE EVALUATION AND COMPENSATION

The board, excluding the CEO, all of whom are independent directors, annually conducts the CEO's performance evaluation. Prior to the board's evaluation of the CEO's performance and its approval of CEO compensation, the

CHRC makes a preliminary compensation recommendation to the board based on its initial evaluation and performance review of the CEO. The board then makes its final determination for CEO compensation.

EXECUTIVE COMPENSATION AND RISK MANAGEMENT

Each year, the CHRC assesses the company's risk profile relative to the executive compensation program and confirms that its compensation programs and policies do not create or encourage excessive risks that are reasonably likely to have a material adverse impact on the company. Also, the CHRC has concluded that the total compensation structure for senior leadership does not inappropriately emphasize short-term stock price performance at the

expense of longer-term value creation. In particular, long-term incentive awards, as a significant portion of total compensation, and target stock ownership guidelines which NEOs are required to maintain are structured to align management's compensation with the principles of risk management by maintaining a focus on the long-term performance of the company.

NEO STOCK OWNERSHIP TARGET

The board has set a minimum Caterpillar stock ownership target for senior leaders in the organization, including all NEOs, to further strengthen the link between executive and shareholder interests.

CEO	6X Base Salary	Other NEOs	3X Base Salary
------------	---------------------------	-----------------------	---------------------------

NEOs have a five-year period from their first grant date after appointment to meet the target and must maintain their target stock ownership while employed and for a post-employment period. Until an NEO has met the target, the NEO is precluded from disposing of shares. Once a NEO achieves the target, this restriction no longer applies unless a disposition would cause the NEO's stock ownership to fall below the target.

For purposes of determining whether the target has been met, the following shares are considered:

- Shares owned directly or indirectly by the NEO or the NEO's spouse;
- Shares held in trust for the benefit of the NEO, the NEO's spouse or the NEO's children;
- Share equivalents held within the company's 401(k) savings plan;
- Phantom shares under the company's non-qualified deferred compensation plans.

Unvested restricted stock units, unvested performance restricted stock units and outstanding stock options, whether vested or unvested, are not considered.

As of the date of this proxy statement, all NEOs have met the target or are within the five-year accumulation period.

COMPONENTS OF EXECUTIVE COMPENSATION

NEOs receive a mix of fixed and variable compensation with a focus on long-term and performance-based components:

CEO

AVERAGE OF OTHER NEOs

BASE SALARY

Base salary is the only fixed component of NEO compensation. The CHRC targets base salaries at the size-adjusted median level of the peer group. Each NEO's base salary is determined by the individual's level of responsibility and historic performance with reference to the market median. Base salary increases, if any, are based on achievement of individual and company objectives, contributions to Caterpillar's performance and culture, leadership accomplishments and a comparison to those in comparable positions at peer companies.

In 2024, Mr. Umpleby's salary was increased from \$1.77 million to \$1.83 million in recognition of his performance.

Except as otherwise noted, salary adjustments for all NEOs were made effective April 1, 2024.

ANNUAL INCENTIVE

2024 ANNUAL INCENTIVE PLAN DESIGN

The company's Annual Incentive Plan (AIP) is designed to provide each NEO with the opportunity to earn an annual cash payout based on the short-term performance of the company and each NEO's respective business. The AIP places a significant percentage of each NEO's annual cash compensation at risk and aligns the interests of executives and shareholders.

For 2024, AIP measures and weightings remained unchanged from the prior year. Information about the 2024 measures, weightings and results can be found in the section below entitled "2024 Annual Incentive Performance Measures and Results."

After careful consideration and consultation with its independent compensation consultant, the CHRC eliminated the "up year/down year" component of the AIP for 2024. The CHRC concluded that a formulaic adjustment to the target opportunity of each NEO and capping payouts at unadjusted target levels based on the company's forecasted operating profit was rigid, unnecessarily complex and did not align to market practice.

After review and consideration of relevant market data, the CHRC approved the AIP target opportunity for each NEO, as

NEO Base Salary

Name	Dec 31, 2024	Dec 31, 2023
Umpleby	\$1,825,000	\$1,770,000
Creed ⁽¹⁾	\$1,115,000	\$1,115,000
Johnson	\$957,100	\$920,300
De Lange	\$898,600	\$864,000
Bonfield	\$962,700	\$925,700

(1) Mr. Creed was promoted to chief operating officer in November 2023 and received a salary adjustment at that time.

shown in following the table. The target opportunity for Mr. Umpleby was increased from 175% to 185% to align with the market median, while the target opportunities for all other NEOs remained unchanged from the prior year.

	Umpleby	Creed	Johnson	De Lange	Bonfield
Target Opportunity	185%	130%	115%	115%	115%

As in prior years, the 2024 AIP design included two strategic objectives modifiers, Services Growth and ESG Strategy. The Services Growth modifier focuses on the execution of services revenue growth plans across the enterprise working with our independent dealer network. ESG Strategy prioritizes focus on climate-related objectives as an important element of how Caterpillar is strategically addressing evolving customer demand and stakeholder expectations for a range of ESG considerations. More information about the modifiers and the assessed performance levels can be found in the section entitled **Strategic Objectives Modifiers** found on page 52.

Each NEO's AIP 2024 payment was determined using the following formula:

The AIP target opportunities, performance measures and weightings, as well as the strategic objectives modifiers, were communicated to the NEOs at the beginning of the performance period. All NEOs participated in AIP in 2024.

2024 ANNUAL INCENTIVE PERFORMANCE MEASURES AND RESULTS

For 2024, the CHRC approved the following annual incentive performance measures **(1) Enterprise Operating Profit, (2) Operating Profit After Capital Charge (OPACC)** and **(3) Services Revenues**, along with the **Strategic Objectives Modifiers**, described on page 52, which were unchanged from the prior year. The company's strong weighting on financial metrics is similar to typical market practice and the company's use of non-financial modifiers is consistent with the majority of peers with non-financial metrics.

The largest portion of financial measures (ranging from 50 percent to 66 percent) of each NEO's 2024 annual incentive opportunity was based on Enterprise Operating Profit and, where applicable, the OPACC for their respective business. The remaining portion of each NEO's annual incentive award opportunity was based on the Services Revenues metric for the enterprise or their respective businesses. Consistent with the Operating & Execution

model, Services Revenues align the company's emphasis on the Services Growth strategy with variable incentive opportunity.

When establishing the performance targets for 2024, the CHRC reviewed the company's business plan, historical performance, management recommendations and feedback provided by the independent compensation consultant. Targets were set for each of the performance measures at levels that were designed to be reasonably achievable with strong management performance. Maximum performance levels were designed to be difficult to achieve in light of historical performance and the company's business forecast at the time the measures were approved. The business forecast includes consideration of market, economic and geopolitical factors. The performance measures were also weighted according to the company's business priorities and the responsibilities of each NEO.

The charts below and the text that follows summarize the performance measures, weightings, strategic objectives modifiers, and results that the CHRC reviewed and approved for the 2024 annual incentive for each NEO.

DESCRIPTION OF PERFORMANCE MEASURES

	PERFORMANCE MEASURE	DEFINITION	RATIONALE
FINANCIAL MEASURES	ENTERPRISE OPERATING PROFIT	Enterprise Operating Profit measures the overall profitability of all of Caterpillar's operations (including Machine, Energy & Transportation (ME&T) and Financial Products) before taxes, interest and other non-operating items. For AIP purposes, the Enterprise Operating Profit metric is calculated as Caterpillar Consolidated Operating Profit excluding restructuring costs.	The CHRC approved Enterprise Operating Profit as a performance measure to incentivize management to enhance the overall profitability of the company. The CHRC believes that Enterprise Operating Profit is an important corporate metric for shareholders to be able to assess the financial health of the company.
	ENTERPRISE OPERATING PROFIT AFTER CAPITAL CHARGE (OPACC)	Enterprise Operating Profit After Capital Charge (OPACC) measures how productively and efficiently Caterpillar is utilizing assets to generate shareholder value. For AIP purposes, Enterprise OPACC is calculated as ME&T adjusted operating profit excluding restructuring costs less the capital charge. For Enterprise OPACC, the capital charge equals average quarterly ME&T net assets multiplied by a pre-tax capital charge rate of 13 percent.	OPACC is designed to measure how productively and efficiently the company's assets are being utilized by examining the relationship between the value of the company's assets and the operating profit that those assets generate. An increase in OPACC means that the company's management is utilizing assets more efficiently to generate shareholder value, which the CHRC views as key to Caterpillar's long-term success.
	SEGMENT OPERATING PROFIT AFTER CAPITAL CHARGE (OPACC)	For each segment, OPACC is calculated as segment profit less the capital charge. The capital charge is calculated as the average monthly net accountable assets multiplied by a pre-tax capital charge rate of 13 percent.	OPACC is designed to measure how productively and efficiently the company's assets are being utilized by examining the relationship between the value of the company's assets and the operating profit that those assets generate. An increase in OPACC means that the company's management is utilizing assets more efficiently to generate shareholder value, which the CHRC views as key to Caterpillar's long-term success.
	SERVICES REVENUES	ME&T Services Revenues include, but are not limited to, aftermarket parts and other service-related revenues and exclude most Financial Products' revenues, discontinued products and captive dealer services. Due to the competitively sensitive nature of this measure, the threshold, target and result levels have all been indexed and reported as such.	The CHRC approved Services Revenues as an important measure intended to further strengthen profitability realized by growth in aftermarket parts and services.

2024 ANNUAL INCENTIVE PERFORMANCE MEASURES, GOALS AND RESULTS

MEASURES

WEIGHTING

* Adjusted for approved items.

STRATEGIC OBJECTIVES MODIFIERS

In addition to the financial performance measures included in the AIP, the CHRC identified strategic objectives to further focus management's efforts on the company's services growth and ESG strategy. These modifiers can result in a maximum adjustment of plus or minus 10% for each modifier (maximum aggregate adjustment of plus or minus 20%).

SERVICES GROWTH

In evaluating 2024 services growth, the CHRC considered quantitative and qualitative elements of performance, including:

- ME&T Services Revenues increased to \$24 billion in 2024, a 4% increase over 2023.
- We are leveraging over 1.5 million connected reporting assets.
- We delivered more than two-thirds of new equipment with a Customer Value Agreement, which remains an important part of our services growth initiatives.
- We experienced growth in our e-commerce platforms and have focused on improving our customer onboarding to include key digital products.
- Cat Reman, our remanufacturing business, introduced 600 new product offerings in 2024.
- We continue to execute our various services initiatives as we strive towards our aspirational target of \$28 billion in services revenues.

The CHRC determinations for the Services Growth modifier percentage allocated to each NEO are included in the 2024 Incentive Payments chart found on page 53.

ESG STRATEGY

In 2024, the board's Sustainability and other Public Policy Committee (SPPC) provided a qualitative and quantitative assessment of performance against sustainability goals and initiatives to the CHRC. The CHRC then evaluated the individualized contributions and determined the ESG modifier percentages allocated to each NEO. The CHRC's determinations are found on page 53.

In evaluating 2024 ESG strategy, the CHRC considered quantitative and qualitative elements of performance, including:

- Five of six quantitative objectives measured for progress toward Caterpillar's 2030 sustainability goals were assessed as on target. Three of the six goals undergo independent, third party limited assurance by ERM Certification and Verification Services, Inc. (ERMCVS).
- Employee health and safety was assessed at less than target performance. Qualitative elements of performance included the launch of a company-wide refreshed safety strategy focused on serious injury and fatality prevention, including the upskilling of leaders globally to support the change.
- Three of three qualitative elements were assessed as meeting expectations, with the achievement of product development milestones highlighted as exceeding expectations.
- Each segment contributed notable sustainability-related progress in their operating focus through the development of products and solutions to help customers achieve climate-related objectives. Highlights in 2024 included: the introduction of the Cat Dynamic Energy Transfer (DET) system that transfers energy to both diesel-electric and battery-electric large mining trucks; recognition from the U.S. Department of Energy's Hydrogen Program for backup power solutions using hydrogen fuel cell technology at a Microsoft Data Center; and signed electrification agreements with CRH to advance the deployment of Caterpillar's zero-exhaust emissions solutions for electric off-highway trucks and charging solutions.
- Qualitative elements also included fulfilling disclosure objectives to honor commitments publicly communicated for 2024, including our second annual TCFD report and estimated Scope 3 GHG data, remaining on track to enhance internal controls for ESG data and reporting.

For more information about our progress toward our 2030 sustainability goals and how we are helping our customers achieve their climate-related objectives, please refer to Caterpillar's annual Sustainability Report.

Caterpillar's quantitative environmental (emissions and water) and safety data undergoes independent, third-party limited assurance by ERMCVS and the resulting assurance statement is included in our company's annual Sustainability Report.

The information in our Sustainability Report is not incorporated by reference into, and does not form part of, this proxy statement.

2024 EARNED INCENTIVE PAYMENTS

In early 2025, the results for each performance measure noted above were converted into a performance factor, which was then multiplied by the NEO's respective target opportunity and base salary to determine the amount before any adjustment.

Then, the CHRC, with input from the Sustainability and other Public Policy Committee (for ESG), assessed the individual contributions for each NEO against the two strategic objectives and applied a maximum adjustment of plus or minus 10% for each modifier (aggregate maximum adjustment of plus or minus 20%).

The CHRC's modifier decisions were then applied to determine the AIP payouts for each NEO. Consistent with its authority under the AIP and its pay-for-performance philosophy, the CHRC has the ability to then make additional adjustments as it determines appropriate and in the best interests of the company and shareholders to further align compensation with performance. The CHRC did not make any such adjustments for 2024.

The following are the 2024 earned annual incentive payments to the NEOs:

								Strategic Modifiers					
								Services Growth Adj. %	ESG Strategy Adj. %	Total Adj.%	\$ Value Adj.		
	Base Salary ⁽¹⁾		Target Opportunity		Performance Factor		Result ⁽²⁾						AIP Payment ⁽²⁾
Umpleby	\$ 1,811,325	X	185%	X	1.16	=	\$3,896,228	7%	5%	12%	\$467,547	=	\$4,363,800
Creed	\$ 1,115,000	X	130%	X	1.16	=	\$1,685,367	7%	5%	12%	\$202,244	=	\$1,887,700
Johnson	\$ 947,950	X	115%	X	1.12	=	\$1,216,319	6%	7%	13%	\$158,121	=	\$1,374,500
De Lange	\$ 889,997	X	115%	X	1.12	=	\$1,149,668	7%	6%	13%	\$149,457	=	\$1,299,200
Bonfield	\$ 953,501	X	115%	X	1.16	=	\$1,274,956	6%	6.5%	12.5%	\$159,369	=	\$1,434,400

(1) All payments were calculated using a daily weighted average salary.

(2) May not recalculate exactly due to rounding. AIP Payments were rounded up to the nearest hundred.

LONG-TERM INCENTIVE

2024 DESIGN

In connection with the CHRC's ongoing review of the company's executive compensation program, it concluded that the following changes to the LTI design were warranted to better align the LTI program with the interests of shareholders and market practices:

Changes to 2024 LTI Design

Components	Previous	New in 2024
Mix & Weighting	50% PRSUs 50% Stock Options	50% PRSUs 25% Time-Based RSUs 25% Stock Options
Performance Metrics	Single PRSU metric: Return on Equity (ROE)	Two equally weighted PRSU metrics: Return on Invested Capital (ROIC) Relative TSR (rTSR)
PRSU Payout Opportunity	PRSU: All or Nothing Vesting/Payout	PRSU Leveraged Vesting/Payout with: Threshold (50%), Target (100%), Maximum (200%)

Performance-based restricted stock units (PRSUs) are subject to a three-year performance cycle. Any earned award is determined at the end of that cycle. Time-based restricted stock units (RSUs) and stock options vest annually in one-third increments beginning on the first anniversary of

the grant date, with the stock options expiring ten years after grant. Dividend Equivalent Units (DEUs) accrue on unvested RSUs and PRSUs and will only vest to the extent the underlying units' vest. DEUs settle in additional shares.

For the 2024 PRSU grants, the CHRC adopted two new equally weighted performance metrics: 50% measured on three-year average ROIC and 50% measured on annualized total shareholder return relative to the S&P Capital Goods index over three full calendar years. ROIC is a broadly used LTI metric amongst our peers. Moreover, ROIC and the corresponding need to deliver returns above the cost of capital are critical elements of long-term shareholder value creation. The ROIC target for the 2024 grant was set at a level that was designed to be reasonably achievable with strong management performance, with the maximum performance level designed to be difficult to achieve in light of historical performance and the company's business forecast at the time the PRSU grant was made.

Relative TSR highlights shareholder returns (stock price appreciation and dividends) in comparison to a pre-determined comparator group and is the most prevalent LTI metric amongst our peers. Performance is compared against the companies comprising the S&P Capital Goods index. This index includes a cross-section of approximately 45 large, global, manufacturing enterprises, including companies in the company's compensation peer group. This index contains a robust sample of companies in similar industries or with comparable operations, which is reflective of the company's investor base. The rTSR performance/reward structure is shown below. If results fall between specific goals, the associated payout will be determined by straight-line interpolation.

2024 rTSR Performance/Reward Structure

As is currently done regarding outstanding PRSU grants made prior to 2024 for the company's ROE performance, the company's ROIC and rTSR performance is annually reviewed, including for any one-time, non-operational or other special items that might impact the ROIC or rTSR result. Although certain items may significantly impact the company's reported financial results, they are not always

indicative of the underlying operational performance of the company or its management. To that end, in its evaluation of the company's ROE, ROIC and rTSR results, the CHRC may use its discretion to make adjustments to align compensation outcomes with the operating performance of the company.

2024 GRANT SIZING

In connection with the change to the LTI design to include rTSR and ROIC as PRSU performance metrics, the CHRC removed consideration of relative TSR performance, the company's operating performance and strategy execution from its process for sizing and awarding LTI grant values for NEOs in 2024. In substance, leverage for our LTI awards has been re-positioned away from the initial award size to the amount of an award that might be earned based on achieved results. This is consistent with dominant market practice. Otherwise, the process was unchanged from the prior year:

1	Benchmark the median LTI value for the company's Compensation Peer Group
2	Adjust award values above or below the median to reflect individual performance , including consistency of performance against goals, leadership contributions, time in role and other relevant factors

2022 – 2024 PERFORMANCE RESTRICTED STOCK UNITS (PRSUs)

For the 2022 – 2024 performance period, adjustments were made to the ROE to exclude the impact of restructuring costs, pension and other post-employment benefits (OPEB) mark-to-market gains/losses resulting from plan remeasurements, a discrete tax benefit for a tax law change related to currency translation in 2024, deferred tax valuation allowance adjustments, and a goodwill impairment charge. In each case, the CHRC determined that these adjustments were an appropriate use of its discretion and in the best interests of the company and its shareholders.

For the 2022 grant, the PRSUs were earned based on a three-year average adjusted ROE of 53.9% percent, which exceeded the goal of 18 percent. As a result, 100% of the PRSUs granted for the 2022 - 2024 award cycle were earned. The chart below describes the company's ROE performance and results for the 2022 – 2024 performance period:

2022-2024 PRSUs

OTHER COMPENSATION, BENEFITS AND CONSIDERATIONS

POST-TERMINATION AND CHANGE IN CONTROL BENEFITS

Except for customary provisions in employee benefit plans and as required by applicable law, the NEOs do not have any pre-existing executive severance packages or contracts; however, the CHRC will consider the particular facts and circumstances of an NEO's separation to determine whether payment of any severance or other benefit to such NEO is appropriate. Change in control benefits are provided under the company's long-term and annual incentive plans and represent customary provisions for these types of plans and have no direct correlation with other compensation decisions. There is no cash severance or other benefits for a termination related to change in control beyond what is provided under the long-term and annual incentive plans.

The company's change in control provisions is subject to a "double trigger" and, when both a change in control and involuntary termination of employment without cause occur, provide accelerated vesting and target payouts under the incentive plans, as described further below.

In the event of a qualifying termination of employment following a change in control, target payouts are provided under the incentive plans.

- All unvested stock options, performance-based restricted stock units and restricted stock units vest immediately.
- Stock options remain exercisable over the normal life of the grant.

The annual incentive plan allows for the target award opportunity, prorated based on the individual's time of employment from the beginning of the performance period through the latter of: (1) the change in control or (2) termination of employment.

Additional information is disclosed in the "Potential Payments Upon Termination or Change in Control" section of this proxy statement.

RETIREMENT AND OTHER BENEFITS

In addition to the annual and long-term components of compensation, NEOs participate in health and welfare benefit plans generally available to U.S.-based management and salaried employees to provide competitive benefits.

The defined contribution and defined benefit retirement plans available to the NEOs are also available to many U.S.-based management and salaried employees. Under the defined benefit pension plans, the benefit is calculated based on years of service and final average monthly earnings. All NEOs participate in one or more of the U.S. retirement plans described below:

Plan Type	Title	Description
PENSION	RETIREMENT INCOME PLAN (RIP)	Defined benefit pension plan under which benefit amounts are calculated based on years of service and final average monthly earnings and offer annuity payments. The Solar Turbines Incorporated Retirement Plan was closed to new entrants effective January 1, 1984, and on December 31, 2014, merged with and into RIP and is a supplement to RIP as of January 1, 2015. As a result, all references herein to "Solar RP" shall refer to benefits accrued under the Solar Turbines Incorporated Retirement Plan supplement to RIP. RIP was closed to new entrants effective January 1, 2011. Benefits were frozen for most participants at that time; however, a group of "Sunset" participants accrued benefits until the earlier of their separation from service or December 31, 2019. Sunset participants were hired prior to January 1, 2003, and were age 40 or more as of December 31, 2010. Mr. Umpleby earned benefits under Solar RP through December 31, 2019; Mr. Creed earned benefits under RIP through December 31, 2010.
	SOLAR MANAGERIAL RETIREMENT OBJECTIVE PLAN (MRO)	Non-qualified defined benefit pension plan that works in tandem with the Solar RP supplement to RIP. MRO pays an additional benefit that would otherwise have been paid under Solar RP if cash incentive awards were taken into account under Solar RP. MRO also provides additional pension benefits if the Solar RP benefit is limited due to certain compensation and annual benefit limits imposed on RIP by the tax code. Mr. Umpleby earned benefits under MRO through December 31, 2019.
SAVINGS	CATERPILLAR 401(k) SAVINGS PLAN (401(k) PLAN)	All NEOs participate in the 401(k) Plan under which the company matches 100 percent of the first six percent of eligible pay contributed by the participant, and the company makes an annual non-elective contribution equal to three, four or five percent of eligible pay based on the employee's age and years of service with the company.
	SUPPLEMENTAL DEFERRED COMPENSATION PLAN (SDCP)	All NEOs also participate in SDCP, which provides the opportunity to make deferrals of base salary in excess of the limits imposed on the 401(k) Plan by the Internal Revenue Code and to elect deferrals from the AIP. Under the terms of SDCP, participants are eligible to earn matching contributions and annual non-elective contributions based on formulas applicable to them in the 401(k) Plan.
	SUPPLEMENTAL (SEIP) AND DEFERRED (DEIP) EMPLOYEES' INVESTMENT PLAN	NEOs meeting eligibility requirements prior to March 25, 2007, were previously eligible to participate in SEIP and DEIP. These plans were closed in March 2007. Compensation deferred into SEIP and DEIP prior to January 1, 2005, remains in these plans. Mr. Umpleby maintains balances in these plans.

LIMITED PERQUISITES

The company provides NEOs a limited number of perquisites that the CHRC believes are reasonable and consistent with the overall compensation program and those commonly provided in the marketplace. These perquisites are intended to provide for the security and safety of our executives as well as to allow additional time to devote to Caterpillar

business. Perquisites include executive physicals, financial planning and tax preparation services, home and personal security, and limited personal use of ground transportation and company aircraft. The costs associated with these perquisites are included in the "2024 All Other Compensation Table."

SPECIAL RETENTION AWARDS

Following the creation of the chief operating officer position and promotion of Mr. Creed to this role, and the related organizational realignment of our executive office, Ms. Johnson and Mr. De Lange were each granted special retention awards on January 12, 2024, consisting of service-based RSUs with a grant date value of \$2.0 million, with 25% of the units vesting on each of the first and second anniversaries of the grant date and the remaining 50% vesting on the third anniversary of the grant date.

Under the terms of the special retention awards, if the NEO's employment with the company terminates for any reason other than death or in connection with a change of control, the unvested units are forfeited. The quality and continuity of the company's leadership team is important to the achievement of our enterprise strategy. Therefore, the CHRC determined that making these grants will minimize the risk of disruption to that team and is in the best interests of our shareholders.

CLAWBACK POLICY

The Caterpillar Inc. Incentive Compensation Clawback Policy (Policy) provides that the company will seek to recover (subject to limited exceptions) any erroneously awarded incentive-based compensation, on a non-fault basis, received by a "covered officer" (which includes current and former NEOs) during the three-year period preceding any date on which we must prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the federal securities laws. The policy

operates in addition to the compensation clawback provision of the company's Guidelines on Corporate Governance Issues, which provides that if the board learns of misconduct by any officer that contributed to the company having to prepare an accounting restatement for any reason, it will take such action as it deems necessary to remedy the misconduct, prevent its recurrence and, if appropriate based on all relevant facts and circumstances, take appropriate remedial action against the officer.

NO HEDGING OR PLEDGING

The company's insider trading policy prohibits directors, officers and employees from engaging in hedging transactions, holding company securities in a margin account or otherwise pledging company securities.

POLICIES AND PRACTICES RELATED TO THE GRANTS OF CERTAIN EQUITY AWARDS

In conjunction with promoting high ethical standards for the distribution of equity-based incentives, the CHRC has an established practice of granting stock options for all employees on a predetermined schedule, specifically the first Monday of March of each year (other than in limited circumstances such as newly hired or promoted employees). The CHRC's practice of setting options grant dates on a predetermined schedule is designed to avoid the possibility that the company could grant stock option awards prior to the release of material, non-public information that is likely to result in an increase in its stock price or delay the grant of stock option awards until after the release of material, non-public information that is likely to result in a decrease in

the company's stock price. Exercise prices of stock options, when granted, are generally set at, and cannot be lower than, the closing price per share of the company's common stock on the NYSE on the day of grant. During fiscal year 2024, (1) none of the company's NEOs were awarded stock options with an effective grant date during any period beginning four business days before the filing or furnishing of a Form 10-Q, Form 10-K, or Form 8-K that disclosed material non-public information, and ending one business day after the filing or furnishing of such reports, and (2) the company did not time the disclosure of material non-public information for the purpose of affecting the value of executive compensation.

COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT

The CHRC has reviewed and discussed the Compensation Discussion & Analysis (CD&A) included in this proxy statement with management and is satisfied that the CD&A fairly and completely represents the philosophy, intent and actions of the CHRC with regard to executive compensation. Based on such review and discussion, we recommend to

the board that the CD&A be included in this proxy statement and the company's annual report on Form 10-K for filing with the SEC.

- (1) The amounts reported in this column represent RSUs and PRSUs granted in 2024 under the Caterpillar Inc. 2023 Long-Term Incentive Plan (LTIP) that are valued based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, assuming the target level of performance is achieved for the PRSUs, which at the time of grant reflected the probable level of achievement. Assumptions made in the calculation of these amounts are included in Note 3 "Stock-based compensation" to the company's consolidated financial statements for the fiscal year ended December 31, 2024, included in the company's Form 10-K filed with the SEC on February 14, 2025.
- (2) The amounts reported in this column represent non-qualified stock options granted under the LTIP that are valued based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. Assumptions made in the calculation of these amounts are included in Note 3 "Stock-based compensation" to the company's consolidated financial statements for the fiscal year ended December 31, 2024, included in the company's Form 10-K filed with the SEC on February 14, 2025.
- (3) The amounts in this column reflect the AIP payments for 2024, paid in 2025.
- (4) No NEO receives preferential or above market earnings on nonqualified deferred compensation. Amounts above reflect the actuarial present value of the NEO's change in accrued benefit under all defined benefit pension plans year over year using the pension plan measurement dates for financial statement reporting purposes. See Retirement and Other Benefits on page 56 for descriptions of the pension plans, and the 2024 Pension Benefits table and related footnotes on page 64 for the present value of each NEO's accumulated pension benefits and information regarding actuarial assumptions used.
- (5) All Other Compensation detail for 2024 is shown in a separate table appearing on the next page.
- (6) To demonstrate how year-over-year changes in pension value impact total compensation, as determined under SEC rules, we have included this column to show total compensation without pension value changes. The amounts reported in this column are calculated by subtracting the change in pension value reported in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column, from the amounts reported in the Total Compensation column. To the extent amounts reported in this column differ from the amounts reported in the Total Compensation column, they are not a substitute for the amounts reported in the Total Compensation column.
- (7) Effective May 1, 2025, Mr. D. James Umpleby III will become Executive Chairman and Mr. Joseph E. Creed will become Chief Executive Officer.

- (1) Values in this column include the value of personal aircraft usage based on Caterpillar's incremental cost per flight hour, including the weighted average variable operating cost of fuel, oil, aircraft maintenance, landing and parking fees, related ground transportation, catering and other smaller variable costs. Mr. Umpleby and the company have a time-sharing lease agreement, pursuant to which certain costs associated with personal flights are reimbursed by Mr. Umpleby to the company in accordance with the agreement. The 2024 amount listed includes personal use of corporate aircraft as follows: Mr. Umpleby \$85,207, Mr. Creed \$133, Ms. Johnson \$94 and Mr. De Lange \$86. Values in this column also include the value of personal use of executive ground transportation service based on Caterpillar's incremental cost per mile and trip hour, or as invoiced by a third-party service provider. The 2024 amount listed includes personal ground transportation usage as follows: Mr. Umpleby \$2,149, Mr. Creed \$2,493, Ms. Johnson \$174 and Mr. Bonfield \$538.
- (2) Amounts reported for personal security include the cost for services provided by outside security providers for installation, monitoring and maintenance of home security and smart home services and for reputation and identity theft protection. The incremental cost associated with the security services is determined based upon the amounts paid to these outside service providers.
- (3) Values in this column include the cost for executive physicals and financial planning and tax preparation services. The incremental cost associated with these services is determined based upon the amounts paid to the approved service providers.

(1) The amounts reported represent estimated potential awards under the 2024 AIP.

(2) The amounts reported represent estimated potential awards under the LTIP. PRSUs were granted on March 4, 2024, under the LTIP for the 2024-2026 performance period. PRSUs vest at the end of the three-year performance period to the extent that the company achieves the performance goals. Please refer to page 53 of the CD&A for a detailed explanation of the performance metrics and payout opportunity.

(3) The amounts reported in this column represent restricted stock units granted under the LTIP. RSUs granted on January 12, 2024 vest in 25%-25%-50% increments on January 12, 2025, January 12, 2026 and January 12, 2027. RSUs granted on March 4, 2024 vest in one-third increments on March 4, 2025, March 4, 2026, and March 4, 2027.

(4) The amounts reported in this column represent stock options granted under the LTIP. The exercise price for all stock options granted to the NEOs is the closing price of Caterpillar stock on the grant date, March 4, 2024. All stock options granted to the NEOs will vest in one-third increments on March 4, 2025, March 4, 2026, and March 4, 2027.

(5) The amounts shown do not reflect realized compensation by the NEO. As reported in this column, the value of stock options and RSUs granted in 2024 are based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 and the value of PRSUs granted in 2024 under the LTIP are based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, assuming the target level of performance is achieved for the PRSUs, which at the time of the grant reflected the probable level of achievement.

(6) The 2024 AIP estimates shown are based on each executive's base salary for 2024. The actual payout was based on the achievement of corporate and business unit performance metrics and the Strategic Objectives Modifiers. Please refer to page 50 of the CD&A for a detailed explanation of the various performance metrics. Annual payments to each NEO under AIP are limited by a plan cap of \$15 million. The cash payouts for the 2024 plan year are included in the column "Non-Equity Incentive Plan Compensation" of the "2024 Summary Compensation Table."

- (1) Stock options granted in 2022, 2023 and 2024 are exercisable in one-third increments on each of the first through third year anniversaries of the date of grant for all NEOs. Stock options expire ten years from the grant date for an active employee.
- (2) The amounts shown include the portion of any RSU grants that were not vested as of December 31, 2024. The grants provide for DEUs to accrue on unvested RSUs when a dividend is paid by the company. The amount shown includes any applicable DEUs accrued as of December 31, 2024 (rounded to the nearest whole unit). RSUs granted on January 12, 2024 vest in 25%-25%-50% increments on each of the first through third year anniversaries of the date of grant. RSUs granted on March 4, 2024 vest in one-third increments on each of the first through third year anniversaries of the date of grant for all NEOs.
- (3) Market value is based on the number of RSUs or PRSUs, including DEUs, that have not vested (rounded to the nearest whole unit), multiplied by \$362.76, the closing price of Caterpillar's common stock on December 31, 2024.
- (4) The amounts shown include the portion of any PRSU grants that were not vested as of December 31, 2024. The grants provide for DEUs to accrue on unvested PRSUs when a dividend is paid by the company. The amount shown includes any applicable DEUs accrued as of December 31, 2024 (rounded to the nearest whole unit). PRSUs vest at the close of the three-year performance period, if, and to the extent that, the performance criteria are satisfied in the period.
- (5) This amount represents the PRSUs that vested based on the achievement of an average ROE performance hurdle over the three-year performance period ending December 31, 2024. The company achieved the ROE performance goal and, accordingly, the PRSUs vested and the shares were released February 11 2025.
- (6) This amount represents the PRSUs that are scheduled to vest in 2026 following the end of the performance period, based on the company's achievement of an average ROE performance hurdle over the three-year performance period. The number of PRSUs reported in this table assumes the aggregate ROE performance hurdle is achieved for the three-year performance period ending December 31, 2025.
- (7) This amount represents the PRSUs that are scheduled to vest in 2027 following the end of the performance period, based on the company's achievement of the applicable performance goals over the three-year performance period. The number of PRSUs reported in this table assumes maximum (200%) achievement of the aggregate ROIC and TSR performance goals for the three-year performance period ending December 31, 2026.

2024 OPTION EXERCISES AND STOCK VESTED

Andrew R. J. Bonfield	29,579	\$ 3,895,096	12,520	\$ 3,923,705

(1) The number of shares acquired on exercise represents the total number of options exercised before taking into account any shares withheld to cover applicable tax obligations or the exercise price. Value realized on exercise is calculated by multiplying the options exercised by the difference between the price of our common stock at the time of exercise and the exercise price.

(2) The number of shares acquired on vesting represents the number of PRSUs released upon vesting before taking into account any shares withheld to cover applicable tax obligations. Value realized on vesting is calculated by multiplying the number of vested PRSUs by the average of the high and low market price of our common stock on the vesting date.

2024 PENSION BENEFITS

Name	Plan Name ⁽¹⁾	Number of Years of Credited Service ⁽²⁾	Present Value of Accumulated Benefit ^(3,4)	Payments During Last Fiscal Year
D. James Umpleby III	RIP - Solar RP	25	\$ 2,125,634	\$ —

Joseph E. Creed	RIP	13.58	\$ 209,807	\$ —
Denise C. Johnson	—	—	\$ —	\$ —
Bob De Lange	—	—	\$ —	\$ —
Andrew R. J. Bonfield	—	—	\$ —	\$ —

(1) Upon his initial hire with Solar Turbines Inc, a wholly owned subsidiary of Caterpillar, on July 7, 1980, Mr. Umpleby became eligible to participate in the Solar Turbines Inc. Retirement Plan (Solar RP) and the Solar Turbines Incorporated Managerial Retirement Objective Plan (Solar MRO). Mr. Creed participates in the Caterpillar, Inc. Retirement Income Plan (RIP). The Solar RP was merged into RIP as of January 1, 2015; however, all benefit and eligibility provisions of Solar RP remain unchanged. The RIP is a noncontributory U.S. qualified defined benefit pension plan and the Solar MRO is a U.S. non-qualified pension plan. Ms. Johnson, Mr. De Lange and Mr. Bonfield do not participate in a pension plan.

(2) Mr. Umpleby has more than 44 years of service with the company and meets the normal retirement eligibility requirement of age 65 with at least five years of service. The Solar RP was merged into RIP as of January 1, 2015; however, all benefit and eligibility provisions of Solar RP remain unchanged. The total benefit formula for the Solar RP is 60 percent of final average salary minus 65 percent of the monthly Social Security benefit prorated for years of service less than 25. Final average salary is the average base salary for the highest consecutive 36-month period during the 120-month period prior to the determination date. The Solar MRO provides a benefit under the same benefit formula but includes base salary and cash incentive compensation. Amounts payable under both Solar RP and Solar MRO are based upon a maximum of 25 years of service.

Mr. Creed has more than 27 years of service with the company. The Traditional benefit formula for the RIP is 1.5 percent of final average salary times years of service as of the freeze date of the plan (up to 35). Final average salary is the average base and cash incentive compensation for the 5 highest 12-month periods during the 120-month period prior to the determination date. Mr. Creed does not currently meet early retirement eligibility criteria as defined under RIP but would be eligible upon attainment of 30 years of service or age 55, whichever comes first.

The NEOs' annual retirement income benefits under RIP are restricted by the Internal Revenue Code limitations and the excess benefit is paid from the Solar MRO for Mr. Umpleby. Solar MRO is not funded.

(3) The present value of accumulated benefits payable is determined assuming commencement on the NEO's earliest unreduced retirement date using a discount rate of 5.54% and the PRI-2012 White Collar separate annuitant and non-annuitant mortality table with a load factor of 93.6% and projected forward using Scale MP-2021 fully generational. Mr. Umpleby satisfies the plans' unreduced normal retirement criteria, attainment of age 65 with at least 5 years of service. Mr. Creed does not satisfy unreduced early retirement criteria; his benefit is valued at his normal retirement age.

(4) Mr. Umpleby's pension benefit is based on the average of the highest consecutive 36 months of pensionable earnings in the 120-month period prior to the determination date of December 31, 2019, the date on which the Solar RP and Solar MRO were frozen for all sunset employees. Mr. Creed's pension benefit under RIP is based on the average of the 5 highest 12-month periods within the 120-month period preceding the determination date of December 31, 2010, the date on which RIP was frozen for all non-sunset employees. Pensionable earnings under these plans include base salary and cash incentive compensation. Although Mr. Umpleby and Mr. Creed no longer accrue additional benefits under these plans, the present value of the accumulated benefit as reported may increase or decrease each year based on the actuarial and interest rate assumptions used to calculate the benefits for financial reporting purposes.

2024 NONQUALIFIED DEFERRED COMPENSATION

The “2024 Nonqualified Deferred Compensation” table describes unfunded, non-qualified deferred compensation plans that permit the deferral of salary, bonus and short-term cash performance awards by NEOs. These plans also provide for matching and/or annual non-elective contributions by the company. NEOs are eligible to receive

the amount in their deferred compensation accounts following termination under any termination scenario unless the NEO elected to further defer the payment as permitted by the plans.

Andrew R. J. Bonfield	SDCP	\$ 204,402	\$ 255,062	\$ 134,159	\$ 1,954,454

(1) The Supplemental Deferred Compensation Plan (SDCP) is a non-qualified deferred compensation plan, which effectively replaced the Supplemental Employees’ Investment Plan (SEIP) and Deferred Employees’ Investment Plan (DEIP).

(2) SDCP allows eligible U.S. employees, including all NEOs, to voluntarily defer a portion of their base salary and annual incentive pay into the plan and receive a company matching contribution. Amounts deferred by executives in 2024 for base salary and annual incentive pay are included in the “2024 Summary Compensation Table.” Eligible U.S. employees, including all NEOs, also receive an annual non-elective contribution to SDCP by the company regardless of employee deferrals. Annual non-elective contributions and/or matching contributions to SDCP made by Caterpillar in 2024 are included in the “2024 All Other Compensation Table” under the “Company Contributions SDCP” column. SDCP participants may elect to receive a lump sum payment, or installment payments payable for up to 15 years, following their separation from service.

(3) Aggregate earnings comprise interest, dividends, capital gains and appreciation/depreciation of notional investment results. The investment choices available to the participant mirror those of the company’s 401(k) plans.

(4) Amounts in this column include the following amounts that have been reported in the “Summary Compensation Table” for the years 2022–2024 as follows: Mr. Umpleby, \$3,007,566; Mr. Creed, \$907,658; Ms. Johnson, \$1,084,933; Mr. De Lange, \$661,420; Mr. Bonfield, \$1,170,462.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Except for customary provisions in employee compensation plans or as required by law, there are no pre-existing severance or change in control agreements with the NEOs.

The following is a summary of the compensation that would become payable under the existing compensation plans if an NEO's employment had terminated on December 31, 2024, in each of the following scenarios:

- Voluntary Separation, including retirement that does not qualify as Long-Service Separation
- Long-Service Separation (separation after age 55 with five or more years of company service)
- Termination for Cause
- Termination without Cause or for Good Reason within one year following a change in control (termination following CIC)

- (1) If a NEO qualifies for Long-Service Separation and voluntarily separates from the company, Long-Service Separation rules will apply to all outstanding awards, with the exception of the retention awards granted on January 12, 2024. In 2024, Mr. Umpleby, Ms. Johnson, Mr. De Lange and Mr. Bonfield each qualified for Long-Service Separation and would therefore receive the amounts reported under "Voluntary Separation."
- (2) For valuation purposes, as of December 31, 2024, the option exercise price was lower than the year-end closing price of \$362.76 for all outstanding options. The 2022, 2023, and 2024 grants were not fully vested as of December 31, 2024.
- (3) The valuation shown is based on the number of RSUs and the number of PRSUs granted, including any applicable DEUs, that have not vested (rounded to the nearest whole unit) multiplied by the closing price of Caterpillar common stock on December 31, 2024, which was \$362.76 per share.
- (4) The AIP provisions limit the payout to a maximum of \$15.0 million per participant in any single year. Amounts shown for "Termination Following CIC" represent the target payout available under the AIP.

COMPENSATION RISK

The CHRC regularly reviews the company's compensation policies and practices, including the risks created by the company's compensation plans. In addition, the company also conducted a review of its compensation plans and related risks to the company. The company reviewed its analysis with the CHRC and the independent compensation consultant, and the CHRC concluded that the compensation

plans reflected the appropriate compensation goals and philosophy and do not incentivize excessive or inappropriate risk taking. Based on this review and analysis, the company has concluded that any risks arising from the company's compensation policies and practices are not reasonably likely to have a material adverse effect on the company.

CEO PAY RATIO

The company is providing the following disclosure about the relationship of the annual total compensation of its employees to the annual total compensation of Mr. Umpleby, who served as Chairman and CEO throughout 2024. To better understand this disclosure, it is important to emphasize that the company's compensation programs are designed to reflect local market practices across our global operations. The company strives to create a competitive global compensation program in terms of both the position and the geographic location in which Caterpillar employees are located. As a result, the company's compensation programs vary among each local market to provide for a competitive compensation package.

- The median annual total compensation of all Caterpillar employees, other than Mr. Umpleby, was \$63,238.
- Mr. Umpleby's annual total compensation, as reported in the Summary Compensation Table, was \$25,261,296.
- The ratio of Mr. Umpleby's annual total compensation compared to the median of the annual total compensation of all employees was 399 to 1.

As permitted by SEC rules, we determined that for 2024 we could refer to the same median employee that was identified for 2023. Such employee's 2023 compensation was

substantially similar to the compensation of the median employee identified for 2022, who left the company in August 2023 and thus could not be used for 2023. There has been no change in either our employee population or our employee compensation arrangements in 2024 or 2023 that we believe would significantly impact our pay ratio disclosure. The median employee for 2022 was identified by including all full- and part-time employees as of October 1, 2022, of which approximately 44 percent were in the U.S. and 56 percent were outside of the United States. The company did not exclude any of its employees when determining the employee population from which to identify the median employee. For purposes of identifying the median employee, the company considered the base salary and annual cash incentive. Base salary and annual cash incentive were chosen because (i) they represent the principal forms of compensation delivered to all employees and (ii) this information is readily available in each country. In addition, compensation was measured using the 12-month period ending December 31, 2022.

The company's median employee's total compensation for 2024 was calculated in accordance with Item 402(c)(2)(x) of Regulation S-K, as required pursuant to the SEC executive compensation disclosure rules.

PAY VERSUS PERFORMANCE

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(v) of Regulation S-K, we are providing the following information about the relationship between “compensation actually paid” as determined under SEC requirements to our CEO and to our other NEOs and certain financial performance of the company. Compensation actually paid does not reflect

the actual amount of compensation earned by or paid to our executive officers during a covered year. For further information concerning the company’s pay-for-performance philosophy and how the company aligns executive compensation with company’s performance, see the Compensation Discussion and Analysis.

(1) For each covered year, D. James Umpleby III served as our chief executive officer. Other Named Executive Officers are as follows: for 2024, 2022 and 2021, Joe Creed, Denise Johnson, Bob De Lange and Andrew Bonfield; for 2023, Andrew Bonfield, Suzette Long, Denise Johnson and Joe Creed; and for 2020, Andrew Bonfield, William Ainsworth, Bob De Lange and Denise Johnson.

(2) Amounts reported in this column are based on total compensation reported for our CEO and for other NEOs, respectively, in the Summary Compensation Table for the indicated fiscal years and adjusted as shown in the table below. Fair value of equity awards was computed in accordance with the company’s methodology used for financial reporting purposes.

		SCT Total Compensation		Grant Date fair value of current year grants as disclosed in the SCT	Year-End fair value of awards granted in current year and unvested at year-end	Change in fair value of awards granted in prior years and unvested at year-end	Change in fair value of awards granted in prior years and vested in current year	Prior Year-End fair value of any awards forfeited during current year	Compensation Actually Paid

(3) Total shareholder return amounts assume an initial investment of \$100 on December 31, 2019.

(4) In accordance with SEC rules, the company is required to include in the Pay Versus Performance Table the “most important” financial performance measure (as determined by the company) used to link compensation actually paid to our executive officers to company performance for the most recently completed fiscal year. The company determined Return on Equity, which is a metric included in our incentive program, meets this requirement, and therefore, we have included this performance measure in the Pay Versus Performance Table. See page 55 for information regarding adjustments made to ROE.

The graphs below provide descriptions of the relationship between compensation actually paid (CAP) to our CEO and the average of the CAP to our other NEOs and our total shareholder return (TSR), net income (referred to as profit in our consolidated financial statements) and ROE for the period indicated. In addition, the first graph below describes the relationship between Caterpillar's TSR and our peer group's TSR (S&P 500 Industrials) for the period indicated.

COMPANY'S MOST IMPORTANT FINANCIAL PERFORMANCE MEASURES

The following are the most important financial performance measures (shown in alphabetical order), as determined by the company, that link compensation actually paid to our CEO and other NEOs to the company's performance for the most recently completed fiscal year.

What am I voting on? Civil Rights Audit

PROPOSAL

PROPOSAL 4 - CIVIL RIGHTS AUDIT

RESOLVED that shareholders of Caterpillar Inc. ask the Board of Directors to commission and oversee a civil rights audit, conducted consistent with the Civil Rights Audit Standards discussed below,⁽¹⁾ analyzing the bias and discrimination risks of Caterpillar's policies and practices on talent recruitment, advancement, and retention, customer and revenue growth, and other business objectives.

WHEREAS Caterpillar states a commitment to diversity, equity, and inclusion ("DEI"), Chairman and chief executive officer Jim Umpleby has stated that Caterpillar is "committed to our journey of fostering a workplace that respects and celebrates our employees' diverse backgrounds, experiences, and perspectives, and reflects the global nature of our customer base." Indeed, Caterpillar

has received numerous awards and recognition for its diversity commitments, including named by Forbes in 2024 as one of the best employers for diversity.

On September 19, 2024, however, Caterpillar announced that it would end or curtail some of its DEI commitments. For example, Caterpillar announced that it would require that all corporate training focus on business operations and that it would require approval from senior leaders for bringing in external speakers or participating in external surveys and awards. These announcements come on the heels of Caterpillar last year abandoning participation in the Human Rights Campaign Corporate Equality Index, which measures corporate policies affecting lesbian, gay, bisexual, transgender, and queer employees.

(1) <https://www.policylink.org/civil-rights-audit-standards>

Shareholders need to understand the full impacts of these rollbacks, including the company's ability to build a talented workforce and grow its customer base and revenue. A civil rights audit is a tool to help companies and key stakeholders, including shareholders, identify and understand the bias and discrimination risks of a company's policies, practices, products, and services. A civil rights audit also provides recommendations for addressing adverse impacts of a company's actions.

The Civil Rights Audit Standards, published by PolicyLink, were developed by an independent committee, including business executives, union and worker group representatives, investors, and civil rights experts. These Standards provide a roadmap for how a company should conduct a civil rights audit. The Standards require that the auditor be independent and have a commitment to civil

rights and racial justice; that the auditor meaningfully engage key stakeholders such as employees, customers, and civil rights groups; and that the company publicly share the final audit report on its website in an easily accessible location.

I ask Caterpillar to conduct a civil rights audit consistent with the Civil Rights Audit Standards. A civil rights audit will provide Caterpillar management and its shareholders the information and analysis they need to evaluate the company's recent actions and their impact on legal and business risks, as well as the company's progress in meeting its DEI and other business objectives.

Please vote yes:

Civil Rights Audit - Proposal 4

COMPANY RESPONSE

After careful consideration, the Board recommends a vote **AGAINST** this proposal for the reasons provided below:

Caterpillar's existing policies and practices demonstrate the company's commitment to fostering an inclusive environment and a workforce that is representative of the diverse customers and communities we serve around the globe.

Caterpillar's global workforce is united by Our Values In Action, Caterpillar's Code of Conduct. Integrity, Excellence, Teamwork, Commitment and Sustainability provide the foundation for our values-based culture. Our human capital management principles are embedded in our values. Our values unite us, and reflect our diverse cultures, languages, geographies, and businesses, as one Caterpillar team. In addition to our focus on values and safety, we strive to continually attract, develop, engage, and retain a high-performing global team that executes our enterprise strategy of long-term profitable growth. We are committed to fostering an inclusive environment and a workforce that is representative of the diverse customers and communities we serve around the globe. Our Values In Action enable every individual to achieve their fullest potential and every team to help drive business success. These principles guide us in our daily operating rhythm.

Caterpillar already has a robust enterprise risk management program to assess risks, and conducting a civil rights audit would not provide any meaningful incremental benefit to our shareholders.

We operate in compliance with applicable non-discrimination laws, both in the United States and in the many other jurisdictions in which we operate. We monitor and evolve our practices, policies, and goals as appropriate to address compliance risks.

Caterpillar's board plays an important role in risk oversight. The board's risk oversight process builds on management's risk assessment and mitigation processes. This oversight focuses on the most significant risks facing the company, including strategic, operational and legal compliance risks. The board implements its risk oversight function both as a board and through delegation to its committees, which meet regularly and report back to the board. The board has delegated the oversight of specific risks to the committees that align with their functional responsibilities. For example, the Audit Committee assists the full board in overseeing the enterprise risk management program and provides oversight of the company's compliance program and Code of Conduct. The Compensation and Human Resources Committee monitors and assesses risks associated with certain of the company's employment and compensation policies and practices. The Sustainability and other Public Policy Committee oversees risks related to public policy issues and provides general oversight over social issues. The Nominating and Governance Committee oversees risks related to governance issues.

Conducting a civil rights audit would entail a long and costly process with no meaningful incremental benefit to Caterpillar or its shareholders given the risk oversight framework the company already has in place. It would be duplicative of our enterprise risk management program and would require us to dedicate valuable financial and human resources to this effort.

In summary, the board believes that Caterpillar's resources are better focused on continuing to meet the needs of our employees and remaining in compliance with applicable regulatory requirements in the jurisdictions in which we operate. We do not believe a civil rights audit would provide meaningful value or that the cost of conducting such an audit would be an effective use of company resources or in the best interests of shareholders.

PROPOSAL 5 – SHAREHOLDER PROPOSAL - REPORT ON EMPLOYEE CHARITABLE GIVING MATCH

PROPOSAL SNAPSHOT

What am I voting on? Report on Employee Charitable Giving Match

Who submitted the proposal?

The proposal was submitted by Bowyer Research, P.O. Box 120, McKeesport, PA 15135, as the representative of Kelly Aimone, who has represented that she is the owner of no fewer than 20 shares of Caterpillar Inc. common stock.

Board Voting Recommendation:

PROPOSAL

PROPOSAL 5 — REPORT ON EMPLOYEE CHARITABLE GIVING MATCH

Resolved: Shareholders request the Board of Directors of Caterpillar conduct an evaluation and issue a report within the next year, at reasonable cost and excluding propriety information and disclosure of anything that would constitute an admission of

pending litigation, evaluating how excluding religious charities from its employee-gift match program impacts the risks related to religious discrimination against employees.

SUPPORTING STATEMENT

Caterpillar Inc. is one of the largest companies in the United States and employs over 113,000 people. As a major employer, Caterpillar should support the religious freedom of its employees. Caterpillar is already required to comply with many laws prohibiting discrimination against employees based on their religious status and views.

Respecting diverse religious views allows Caterpillar to attract the most qualified talent, promote a diverse and vibrant business culture, and is a key component to make sure it fully engages each of its employees. One of the best ways companies can do that is by supporting employee philanthropy.

Employee-matching gift programs are an important way to foster volunteerism and community engagement within company workforces. But the 2024 edition of the Viewpoint Diversity Score Business Index⁽¹⁾ found that 61% of scored companies exclude or threaten to exclude religious organizations from their employee-match programs for the organizations' religious status or advocacy. This includes Caterpillar, in its gift-matching policy⁽²⁾ that allows gift matching to entities such as secular institutions of higher education, but imposes a vague and arbitrary requirement of further scrutiny on entities such as religious educational institutions and nonprofits, stating that the latter "may be

considered" only if the recipient organization "serve[s] a secular purpose."

Caterpillar should support philanthropic freedom for employees or every religious and political stripe, not pick and choose certain viewpoints and certainly not screen out some or all religious charities. This tells employees that their faith is not welcome at work.

According to the 2023 Freedom at Work survey, 60% of employees were concerned that their company would punish them for expressing their religious or political views at work, and 54% said they feared the same for sharing these views even on their private social media accounts.⁽³⁾ Caterpillar can partially address this shortcoming by allowing employees to direct matching gifts to religious charities.

Recent Supreme Court decisions in *Groff v. DeJoy* and *Muldrow v. City of St. Louis* have also clarified that religious protections for employees extend to all terms, conditions, and privileges of employment, not just monetary compensation. Caterpillar may be legally exposed if it does not support employee philanthropy for religious employees on equal terms with non-religious employees.

pending litigation, evaluating how excluding religious charities from its employee-gift match program impacts the risks related to religious discrimination against employees.

COMPANY RESPONSE

After careful consideration, the Board recommends a vote **AGAINST** this proposal for the reasons provided below:

The Caterpillar Foundation's Matching Gifts Program is operated on a nondiscriminatory basis in accordance with the Caterpillar Foundation's charitable purposes and is intended to benefit charitable organizations located throughout the United States, including charitable organizations located in the communities of our employees and directors.

The company is the corporate sponsor of the Caterpillar Foundation, a corporation organized exclusively for charitable purposes under 501(c)(3) of the Internal Revenue Code. The Caterpillar Foundation's matching gifts program provides that eligible individuals may request an annual combined total maximum match of \$10,000 to eligible 501(c)(3) nonprofits and accredited U.S. public/private pre-K-12 schools or school districts to which contributions are tax-deductible. Since 2020, the Caterpillar Foundation, through the matching gifts program, has contributed more than \$46 million to philanthropies across the United States and other geographies around the world. The company is proud of the Caterpillar Foundation's contributions to communities across the world.

At the core of this program's mission is a commitment to helping either (a) organizations that are registered as a current 501(c)(3) nonprofit organization or (b) an accredited public/private preK-12 school or school districts to which contributions are tax deductible under the Internal Revenue Code and are registered in the National Center for Education Statistics. These contributions allow the participants, Caterpillar employees and retirees, to request matching gifts to charitable organizations throughout the United States. The program's guidelines prohibit matches to certain 501(c)(3) organizations, for example, political candidate committees, private foundations and personal trusts, and any other organization that the Caterpillar Foundation considers non-compliant with applicable law or misaligned

with the purposes of the program. In addition, Caterpillar Foundation will not match donations to any houses of worship. The Caterpillar Foundation will consider matching donations to "faith-based community service organizations or schools" provided that such organization (a) is open to all individuals in the community regardless of religious belief, (b) serves a secular purpose (such as a food pantry, homeless shelter or education) and (c) does not use the individual donation or resulting match for solely religious purposes. These are commonplace provisions in employee match programs.

Our board, through the Sustainability and other Public Policy Committee, already oversees the philanthropic efforts of the company, making the preparation of the report requested by the proposal unnecessary.

The Sustainability and other Public Policy Committee is responsible for recommending to the full board the aggregate amount to be contributed by the company to the Caterpillar Foundation for charitable purposes and providing general oversight of social issues. The SPPC also periodically receives updates about employee initiatives, including a report from the President of the Caterpillar Foundation regarding its matching gifts program. The board believes that the company's philanthropic efforts are best left to the focused action of the company's senior management under the oversight of the board and its committees. Further, the governance structures that the company and our Board have put into place to oversee the company's charitable programs, as well as the governance structures put in place by the Caterpillar Foundation's board and management, renders the preparation of the report requested by the proposal unwarranted.

The board believes that the report requested by the proposal is unnecessary given the careful and engaged involvement of our board with respect to oversight of the company's philanthropic efforts.

PROPOSAL 6 — REQUEST TO CEASE DEI EFFORTS

SUPPORTING STATEMENT

SUPPORTING STATEMENT:

The Supreme Court ruled in *SFFA v. Harvard* that discriminating on the basis of race in college admissions violates the equal protection clause of the 14th Amendment.⁽¹⁾ As a result, the legality of corporate Diversity, Equity and Inclusion (DEI) programs was called into question⁽²⁾ and 13 Attorneys General warned that *SFFA* implicated corporate DEI programs.⁽³⁾

Those implications widened when the Supreme Court ruled in *Muldrow v. City of St. Louis* that Title VII of the Civil Rights Act protected against discriminatory job transfers.⁽⁴⁾ The ruling also lowered the bar for employees to successfully sue their employers for discrimination,⁽⁵⁾ and is therefore likely to lead to an increase in discrimination claims.

And more recently, the Fifth Circuit Court of Appeals ruled in *National Center for Public Policy Research v. Securities and Exchange Commission* that Nasdaq could no longer impose its board diversity rule, which required Nasdaq-listed companies to meet race, sex and orientation quotas on their boards.⁽⁶⁾

After *SFFA*, a number of DEI-related lawsuits were filed. Starbucks was successfully sued for \$25.6 million for discriminating against an employee,⁽⁷⁾ and the risk of being sued for such discrimination is rising.⁽⁸⁾

With over 100,000 employees,⁽⁹⁾ Caterpillar likely has thousands of employees who are potentially victims of this type of discrimination. If even only a fraction of them file suit, and only some of those prove successful, the cost for the Company would be substantial.

In light of rising litigation risks, and widespread consumer and investor backlash to DEI, many major companies have sensibly rolled back their DEI efforts. John Deere publicly halted DEI-related policies⁽¹⁰⁾ after Tractor Supply explicitly stated that it will “eliminate DEI roles and retire our current DEI goals;”⁽¹¹⁾ Lowe’s and Ford ended their participation in the Human Rights Campaign’s Corporate Equity Index (CEI);⁽¹²⁾ Harley-Davidson and Boeing ceased their DEI efforts;⁽¹³⁾ and Jack Daniel’s and Walmart ended both their DEI efforts and CEI participation.⁽¹⁴⁾

Despite this wave of corporate DEI retreats responding to the various legal, financial and reputational risks that DEI poses, Caterpillar maintains its DEI program,⁽¹⁵⁾ which includes: considering and valuing race and sex in hiring and promotion decisions;⁽¹⁶⁾ employing a “Global Director of Diversity & Inclusion;”⁽¹⁷⁾ a “Supplier Diversity” policy that considers race and sex when selecting suppliers;⁽¹⁸⁾ Employee Resource Groups for some (those arbitrarily deemed diverse) but not for others;⁽¹⁹⁾ and contributing shareholder money to organizations that advance DEI.⁽²⁰⁾

These efforts pose a number of clear risks to the Company, and therefore to shareholder value, and the company has a fiduciary duty to protect shareholder interests from such risks.

Resolved: Shareholders request that the company consider abolishing its DEI policies, department and goals.

COMPANY RESPONSE

After careful consideration, the board recommends a vote **AGAINST** this proposal for the reasons provided below:

The proposal inappropriately attempts to restrict Caterpillar’s ability to manage its own employees, ordinary business operations and enterprise strategy.

Caterpillar’s global workforce is united by Our Values In Action, Caterpillar’s Code of Conduct. Integrity, Excellence, Teamwork, Commitment and Sustainability provide the foundation for our values-based culture. Our human capital management principles are embedded in our values. Our Values in Action enable every individual to achieve their fullest potential and every team to help drive business success. These principles guide us in our daily operating rhythm.

Caterpillar’s approach reflects careful determinations regarding our legal compliance and business practices that require complex analysis, extensive knowledge and understanding of the employment and other laws and regulations in multiple jurisdictions, and judgments as to the appropriate policies, programs, and means of implementation best suited to promote compliance and support our global team. Caterpillar’s determination of the appropriate means by which to comply with applicable law, including any associated changes to our programs, policies, or procedures is a fundamental aspect of Caterpillar’s business operations. This proposal inappropriately seeks to micromanage the company’s programs, policies and procedures. Caterpillar complies with all applicable laws, rules and regulations and will continue to do so.

In summary, the board believes that Caterpillar has a robust compliance program and risk management oversight function that promotes compliance with applicable non-discrimination laws and reflects the values outlined in our Code of Conduct. Our human capital management policies are the product of management's careful judgment regarding best practices for our employees, business operations and enterprise strategy. Accordingly, we do not believe the actions requested by this proposal are necessary or in the best interests of our shareholders.

DELINQUENT SECTION 16(a) REPORTS

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and persons who own more than 10% of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC and the NYSE, and to furnish Caterpillar with copies of such

forms. Based on our review of the forms we have received or written representations from reporting persons, we believe that, during the current fiscal year and in prior fiscal years, each of our executive officers and directors complied with all such filing requirements.

ACCESS TO FORM 10-K

Upon written request, without charge to each record or beneficial holder of Caterpillar common stock as of April 14, 2025, we will provide a copy of our annual report on Form 10-K for the year ended December 31, 2024, as filed with the SEC.

Written requests should be directed to Caterpillar Inc. c/o Corporate Secretary, 5205 N. O'Connor Boulevard, Suite 100, Irving, TX 75039.

NON-GAAP FINANCIAL MEASURES

We provide the following definitions for the non-GAAP financial measures used in this report. These non-GAAP financial measures have no standardized meaning prescribed by U.S. GAAP and therefore are unlikely to be comparable to the calculation of similar measures for other companies. Management does not intend these items to be considered in isolation or as a substitute for the related GAAP measures.

We believe it is important to separately quantify the profit impact of six significant items in order for our results to be meaningful to our readers. These items consist of (i) restructuring income/costs related to the divestitures of certain non-U.S. entities in 2024, (ii) other restructuring income/costs, (iii) pension and OPEB mark-to-market gains/losses resulting from plan remeasurements, (iv) a

discrete tax benefit for a tax law change related to currency translation in 2024, (v) restructuring costs related to the divestiture of the company's Longwall business in 2023 and (vi) certain deferred tax valuation allowance adjustments in 2023. We do not consider these items indicative of earnings from ongoing business activities and believe the non-GAAP measures will provide investors with useful perspective on underlying business results and trends and aids with assessing our period-over-period results.

In addition, we provide a calculation of ME&T free cash flow as we believe it is an important measure for investors to determine the cash generation available for financing activities including debt repayments, dividends and share repurchases.

Reconciliations of adjusted results to the most directly comparable GAAP measures are as follows:

(Dollars in millions except per share data)	Operating Profit	Operating Profit Margin	Profit Before Taxes	Provision (Benefit) for Income Taxes	Profit	Profit per Share
Three Months Ended December 31, 2024 - U.S. GAAP	\$ 2,924	18.0%	\$ 3,243	\$ 463	\$ 2,791	\$ 5.78

FREQUENTLY ASKED QUESTIONS REGARDING MEETING ATTENDANCE AND VOTING

Q: WHY AM I RECEIVING THESE PROXY MATERIALS?

A: You have received these proxy materials because you were a Caterpillar shareholder of record as of April 14, 2025, and Caterpillar's board of directors is soliciting your authority (or proxy) to vote your shares at the 2025 Annual Meeting. This proxy statement includes information that we are required to provide to you under SEC rules and is designed to assist you in voting your shares.

Q: HOW CAN I ATTEND THE ANNUAL MEETING?

A: The 2025 Annual Meeting will be a completely virtual meeting of shareholders, which will be conducted exclusively by webcast. You are entitled to participate in the annual meeting only if you were a Caterpillar shareholder as of the close of business on the Record Date or if you hold a valid proxy for the annual meeting. There is no physical location for this meeting.

You can attend the Annual Meeting online, vote and submit your questions during the meeting by visiting www.meetnow.global/MF2ADQ9. Please follow the registration instructions outlined below.

The online meeting will begin promptly at 8 a.m. Central Time on June 11, 2025. We encourage you to access the meeting prior to the start time to provide ample time for check-in.

Q: HOW CAN I REGISTER FOR THE ANNUAL MEETING?

A: Registered Holders: If you are a registered shareholder (i.e., you hold your shares through the company's transfer agent, Computershare, Inc.), you do not need to register to attend the annual meeting virtually on the Internet. To attend the meeting, please follow the instructions on the Proxy Card or Notice that you received with this Proxy Statement. To access the meeting, you will need the 15-digit control number printed on your card or notice.

Street Holders: If your shares are held in "street name" (i.e., you hold your shares through an intermediary, such as a bank or broker), you must register via either of the following two options:

Registration in advance of the Annual Meeting: To register in advance, you must submit a Legal Proxy that reflects your proof of proxy power. The Legal Proxy must reflect your Caterpillar Inc. holdings along with your name. Please forward a copy of the Legal Proxy, along with your email address, to Computershare, Inc. Requests for registration should be directed to Computershare, Inc. either by email to legalproxy@computershare.com (forwarding the email from your broker, or attach an image of your legal proxy) or by mail to *Computershare, Caterpillar Inc. Legal Proxy, P.O. Box 43001, Providence, RI 02940-3001*.

Requests for registration must be labeled as "Legal Proxy" and be received no later than 5 p.m., Eastern Time on June 7, 2025. You will receive a confirmation of your registration by email (or by mail, if no email address is provided) after Computershare receives your registration materials.

Registration at the Annual Meeting. An industry solution has been agreed upon to allow street holders to register at the annual meeting, provided that their broker or nominee is part of this industry solution. We expect the vast majority of street holders to be able to fully participate using the control number received from their broker or nominee with their voting instruction form. To confirm that your broker or nominee is part of this industry solution, please contact them. If they are not part of this industry solution, you will not be able to use the control number received from your broker or nominee and will need to follow the more detailed registration process described immediately above.

For more information on the available options and registration instructions, visit www.meetnow.global/MF2ADQ9.

Proponent of a Shareholder Proposal: For each shareholder proposal included in this proxy statement, the shareholder sponsor should notify the company in writing of the individual authorized to present the proposal on behalf of the shareholder at the Annual Meeting. **The notification should be received no later than 5 p.m. Eastern Time on June 9, 2025,** and include the name, address and email address of the authorized individual. The company will provide the authorized individual with instructions to join the virtual meeting and present the proposal. Please submit notification by email to catshareservices@cat.com or by mail to *Caterpillar Inc. c/o Corporate Secretary, 5205 N. O'Connor Boulevard, Suite 100, Irving, TX 75039*.

Q: WHAT IS THE DIFFERENCE BETWEEN A REGISTERED SHAREHOLDER AND A STREET NAME HOLDER?

A: A registered shareholder is a shareholder whose ownership of Caterpillar common stock is reflected directly on the books and records of our transfer agent, Computershare Inc. If you hold stock through a bank, broker or other intermediary, you hold your shares in "street name" and are not a registered shareholder. For shares held in street name, the registered shareholder is the bank, broker or other intermediary. Caterpillar only has access to ownership records for registered shareholders.

Q: WHEN WAS THE RECORD DATE, AND WHO IS ENTITLED TO VOTE?

A: The Board of Directors set April 14, 2025, as the record date for the 2025 Annual Meeting. Holders of Caterpillar common stock as of the record date are entitled to one vote per share. As of April 14, 2025, there were 470,314,978 shares of Caterpillar common stock outstanding.

A list of all registered shareholders as of the record date will be available for examination by shareholders during normal business hours at 5205 N. O'Connor Boulevard, Suite 100, Irving, TX 75039 at least ten days prior to the annual meeting.

Q: HOW DO I VOTE?

A: You may vote by any of the following methods:

At the Annual Meeting – If shares are registered in your name, to vote, you will need your 15-digit Control Number provided with the Notice of the Meeting or on your Proxy Card. If you are a street name holder, please refer to “How Can I Register for the Annual Meeting?” on page 83 for information on how to register to attend the Annual Meeting in order to vote your shares.

By Mail – Complete, sign and return the proxy and/or voting instruction card provided.

By Mobile Device – Scan this QR code and follow the voting links.

By Phone – Follow the instructions on your Internet Notice, proxy and/or voting instruction card or email notice.

By Internet – Follow the instructions on your Internet Notice, proxy and/or voting instruction card or email notice.

If you vote by phone, mobile device or the internet, please have your internet notice, proxy and/or voting instruction card or email notice available. The control number appearing on your internet notice, proxy and/or voting instruction card or email notice is necessary to process your vote. A mobile device, phone or Internet vote authorizes the named proxies in the same manner as if you marked, signed and returned the card by mail.

Q: HOW DO I VOTE MY 401(K) OR SAVINGS PLAN SHARES?

A: If you participate in a 401(k) or savings plan sponsored by Caterpillar or one of its subsidiaries that includes a Caterpillar stock investment fund, you may give voting instructions to the plan trustee with respect to the shares of Caterpillar common stock in that fund that are associated with your plan account by completing the voting instruction card or email notice you receive. The plan trustee will follow your voting instructions unless it determines that to do so would be contrary to law. If you do not provide voting instructions, the plan trustee will act in accordance with the employee benefit plan documents. In general, the plan documents specify that the trustee will vote the shares for which it does not receive instructions in the same proportion that it votes shares for which it received timely instructions unless it determines that to do so would be contrary to law.

You may revoke previously given voting instructions by following the instructions provided by the trustee.

Q: WHAT ARE “BROKER NON-VOTES,” AND WHY IS IT IMPORTANT THAT I SUBMIT MY VOTING INSTRUCTIONS FOR SHARES I HOLD IN STREET NAME?

A: Under the rules of the New York Stock Exchange (NYSE), if a broker or other financial institution holds your shares in its name, and you do not provide your voting instructions to them, that firm’s discretion to vote your shares for you is very limited. For this annual meeting, in the absence of your voting instructions, your broker only has discretion to vote on Proposal 2, the ratification of the appointment of our independent registered public accounting firm. It does not have discretion to vote your shares for any of the other proposals expected to be presented at the annual meeting. If you do not provide voting instructions and your broker elects to vote your shares on Proposal 2, the missing votes for each of the other proposals are considered “broker non-votes.”

Whether or not you plan to attend the annual meeting, we encourage you to vote your shares promptly.

Q: HOW CAN I AUTHORIZE SOMEONE ELSE TO ATTEND THE ANNUAL MEETING OR VOTE FOR ME?

A: **Registered Holders:** Registered shareholders can authorize someone other than the individual(s) named on the proxy card or notice to attend the virtual meeting or vote on their behalf by crossing out the individual(s) named on the proxy card or notice and inserting the name, address and email address of the individual being authorized. Request registration of an authorized representative by forwarding an image of your updated proxy card or notice to Computershare either by email to legalproxy@computershare.com or by mail to Computershare, Caterpillar Inc. Legal Proxy, P.O. Box 43001, Providence, RI 02940-3001.

Street Holders: Street name holders can authorize someone other than the individual(s) named on the legal proxy obtained from their broker to attend the virtual meeting or vote on their behalf by providing written authorization to the individual being authorized along with the legal proxy.

Contact information for the authorized individual, including name, address and email address is required for registration of the authorized representative. Requests for registration of an authorized representative along with the contact information specified above and an image of your legal proxy should be directed to Computershare either by email to legalproxy@computershare.com or by mail to Computershare, Caterpillar Inc. Legal Proxy, P.O. Box 43001, Providence, RI 02940-3001.

Requests for registration of an authorized representative must be labeled as “Legal Proxy” and be received no later than 5 p.m. Eastern Time on June 7, 2025.

Q: HOW CAN I ASK QUESTIONS PERTINENT TO MEETING MATTERS?

A: Shareholders may submit questions either before the annual meeting (from June 1 to June 10, 2025) or during the annual meeting. If you wish to submit a question either before or during the meeting, please log into www.meetnow.global/MF2ADQ9 enter the meeting password and your 15-digit control number (or the control number provided by your broker or nominee if you are a “street holder”), then follow the instructions to submit a question. Questions pertinent to meeting matters will be answered during the meeting, subject to time limitations.

Q: HOW CAN I CHANGE OR REVOKE MY PROXY?

A: **Registered Holders:** You may change or revoke your proxy by submitting a written notice of revocation to *Caterpillar Inc. c/o Corporate Secretary at 5205 N. O'Connor Boulevard, Suite 100, Irving, TX 75039* before the annual meeting or by attending the annual meeting and voting. For all methods of voting, the last vote cast will supersede all previous votes.

Street Holders: You may change or revoke your voting instructions by following the specific directions provided to you by your bank or broker.

Q: WHAT IS THE QUORUM REQUIREMENT FOR THE ANNUAL MEETING?

A: A quorum of shareholders is necessary to hold a valid meeting. Holders of at least one-third of all Caterpillar common stock must be present in person or by proxy at the annual meeting to constitute a quorum. Abstentions and shares represented by broker non-votes that are present and entitled to vote at the annual meeting are counted as present for establishing a quorum.

Q: WHAT VOTE IS NECESSARY FOR ACTION TO BE TAKEN ON PROPOSALS?

A: In uncontested elections, director nominees are elected by a majority vote of the shares cast, meaning that each director nominee must receive a greater number of shares voted “for” such director than shares voted “against” such director. If an incumbent director does not receive a greater number of shares voted “for” such director than shares voted “against” such director, then such director must tender his or her resignation to the board of directors.

OTHER IMPORTANT INFORMATION

FREQUENTLY ASKED QUESTIONS REGARDING MEETING ATTENDANCE AND VOTING

In a contested election, director nominees are elected by a plurality of the votes cast, meaning that the nominees with the most affirmative votes are elected to fill the available seats.

All other actions presented for a vote of the shareholders at the annual meeting require an affirmative vote of the majority of shares present in person or by proxy and entitled to vote on the subject matter.

Abstentions will have no effect on director elections. Abstentions will have the effect of a vote against all other proposals. Broker non-votes will not have an effect on any of the proposals presented for your vote.

Votes submitted by mail, telephone, mobile device or Internet will be voted by the individuals named on the card (or the individual properly authorized) in the manner indicated. If you do not specify how you want your shares voted, they will be voted in accordance with the board's recommendations. If you hold shares in more than one account, you must vote each proxy and/or voting instruction card you receive to ensure that all shares you own are voted.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

A: Whenever possible, registered shares and plan shares for multiple accounts with the same registration will be combined into the same proxy card. Shares with different registrations cannot be combined, and as a result, you may receive more than one proxy card. For example, shares held in your individual account will not be combined on the same proxy card as shares held in a joint account with your spouse.

Street shares are not combined with registered or plan shares and may result in your receipt of more than one proxy card. For example, shares held by a broker for your account will not be combined with shares registered directly in your name.

If you hold shares in more than one form, you must vote separately for each notice, proxy and/or voting instruction card or email notification you receive that has a unique control number to ensure that all shares you own are voted.

If you receive more than one proxy card for accounts that you believe could be combined because the registration is the same, contact our transfer agent (for registered shares) or your broker (for street shares) to request that the accounts be combined for future mailings.

Q: WHAT IS HOUSEHOLDING?

A: The company and its intermediaries may engage in “householding,” which refers to the process pursuant to which delivery requirements for proxy statements and notices may be satisfied with respect to two or more shareholders sharing the same address through the delivery of a single proxy statement or a single Internet Notice addressed to those shareholders unless contrary instructions have been received. If your proxy materials are being householded and you would prefer to receive a separate proxy statement or notice, or if your household is receiving multiple copies of these documents, and you wish to request that future deliveries be limited to a single copy, please notify your broker. You can also request prompt delivery of a copy of the proxy materials by contacting the *Corporate Secretary at (972) 891-7700 or 5205 N. O’Connor Boulevard, Suite 100, Irving, TX 75039.*

Q: WHO PAYS FOR THE SOLICITATION OF PROXIES?

A: Caterpillar pays the cost of soliciting proxies on behalf of the board of directors. This solicitation is being made by mail and through the Internet but also may be made by telephone or in-person. We have hired Innisfree M&A Incorporated (Innisfree) to assist in the solicitation. We will pay Innisfree a fee of \$30,000 for these services and will reimburse their out-of-pocket expenses. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for sending proxy materials to shareholders and obtaining their votes. Proxies may also be solicited on behalf of the board by directors, officers or employees of Caterpillar by telephone or in-person, or by mail or through the Internet. No additional compensation will be paid to such directors, officers or employees for soliciting proxies.

Q: WHERE CAN I FIND VOTING RESULTS OF THE ANNUAL MEETING?

A: We will announce preliminary voting results at the annual meeting and publish the final results in a Form 8-K filed with the SEC within four business days after the annual meeting.
