| C4.4 | 20R-0363 | 305-0477 |

CAT REMAN LONG AND SHORT BLOCKS

What's included in a Cat Reman long or short block?

Cat Reman short blocks include a cylinder block, crankshaft, pistons, and connecting rods. Long blocks are short blocks with a cylinder head, camshaft, timing gears, lifters, and oil cooler. Depending on model, Cat Reman long blocks may also include an oil pump, water pump, and other components.

Cat Reman long and short blocks are disassembled, thoroughly flushed to meet rigid cleanliness standards, and 100% inspected for cracking, erosion, or other damages. Block and cylinder head faces are resurfaced to Caterpillar specifications. Crankshafts are reground, polished, and checked for lift endplay. All bearings, seals, gaskets, and piston rings are replaced with new Cat parts.

ADDITIONAL INFORMATION

Who do I contact for questions regarding Cat Reman products?

Please contact your local Cat dealer.

How do I order a Cat Reman product?

Cat Reman engines, long blocks, and short blocks can be ordered through your local Cat dealer and at parts.cat.com.

What warranty applies to Cat Reman products?

All Cat Reman components, including engines, long blocks, and short blocks, are covered by a same-as-new Caterpillar Limited Warranty¹ against Caterpillar defects in material and/or workmanship.

¹Warranty can vary by model and application; limitations apply. For complete details about the applicable Caterpillar Limited Warranty, contact an authorized Cat dealer.

What is the Core Acceptance Criteria for Cat Reman engines, long blocks, and short blocks?

Our simple Core Acceptance Criteria allows a quick assessment of your core credit. Your dealer visually inspects the core when you bring it in, providing an immediate decision on condition and credit, so you don't have to wait for – or guess – the repair costs. Plus, even damaged engines or blocks can be eligible for a partial refund.²

²Additional requirements apply. Contact your authorized Cat dealer for more information.
