

CAT[®] CVA^s

A Cat[®] **UNDERCARRIAGE CVA** helps prevent downtime with scheduled maintenance, on-time parts and trusted Cat dealer expertise.

UNDERCARRIAGE

CAT UNDERCARRIAGE CVA THE BASICS

WHAT

YOUR MACHINE'S UNDERCARRIAGE IS OFTEN YOUR HIGHEST WEAR, AND HIGHEST COST, SYSTEM.

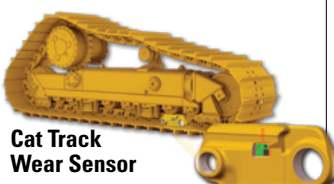

For most tracked machines, undercarriage expenses account for nearly half of the total operating costs of the machine. High wear environments, unpredictable application and limited visibility into component condition make predicting costs a challenge.

That's where an Undercarriage CVA comes in.

A Cat Undercarriage CVA is a proactive maintenance and support plan that keeps you ahead of wear, downtime and expenses. Scheduled inspections, planned repairs, on-time parts delivery and technology supported monitoring included in the CVA give you a clear path to predictable operating costs.

YOU GET:

- + On-time parts for planned maintenance
- + Planned repairs that help minimize downtime and labor costs
- + Optional dealer labor for additional support
- + **Wear tracking technology** for better management
- + Ongoing expert guidance to protect machine performance and extend life

THE TERMS:

HASSLE-FREE MAINTENANCE & OWNERSHIP

	UNDERCARRIAGE CVA

CAT UNDERCARRIAGE CVA THE BENEFITS

WHY

PREDICTIVE INSIGHTS THAT KEEP YOU AHEAD.

Inspections and optional Cat Track Wear Sensor technology turn undercarriage wear into clear, usable data.

- + Catch wear trends early.
- + Plan repairs on your schedule.
- + Help avoid costly, unplanned downtime.
- + Get automated alerts and accurate measurements.

Insights give you the tools to plan, not guess.

EXPERT SUPPORT TO MAKE EACH DECISION EASIER.

Your Cat dealer brings undercarriage knowledge, reliable inspections and parts availability.

- + Quick access to key components.
- + Guidance for maximizing component life.
- + On-time parts delivery, backed by the Services Commitment.

Move with the confidence of Cat expertise in your corner.

THE RESULT: PREDICTABLE MAINTENANCE & STABLE COSTS.

A Cat Undercarriage CVA gives you planned maintenance, on-time parts, lower risk and better productivity. It's undercarriage management made clear.

CAT UNDERCARRIAGE CVA IS IT FOR YOU?

WHO

THIS CVA IS DESIGNED FOR:

- + Owners, fleet managers and maintenance managers responsible for undercarriage costs
- + Those who want additional insight into wear rates, better planning and fewer surprise expenses
- + Operations that would benefit from consistent undercarriage guidance from a trusted Cat expert

NEXT STEPS

HOW

GETTING STARTED IS SIMPLE.

- 1. Connect with your Cat dealer.** Share your operation's goals, applications and specific wear challenges.
- 2. Get a professional wear assessment.** Your dealer will inspect your undercarriage and identify wear rates.
- 3. Build your customized CVA plan.** Together, with your Cat dealer, you'll outline maintenance intervals, parts needs and support options.

**TAKE CONTROL OF YOUR
UNDERCARRIAGE PERFORMANCE.
