

SAME WORKFLOW. SAME RELIABILITY. A SMOOTHER WAY TO SHOP. CAT® IP PUNCHOUT.

A More Intuitive Way to Punchout.

For over 20 years, customers have relied on Cat® Integrated Procurement (or Cat IP) Punchout to efficiently populate purchase requisitions. With seamless access to Punchout, a supplier-hosted catalog maintained by a local Cat dealer, customers can return shopping cart items directly to their procurement system without placing an order upfront. Today, Punchout offers the same trusted, easy-to-use functionality with a refreshed, modern interface and a few new tools – making it even easier to shop the way you already do.

What You Can Expect From the Updated Punchout Experience:

Modernized Interface

Enhanced Dealer Quoting

Order & Invoice History

Saved List Improvements

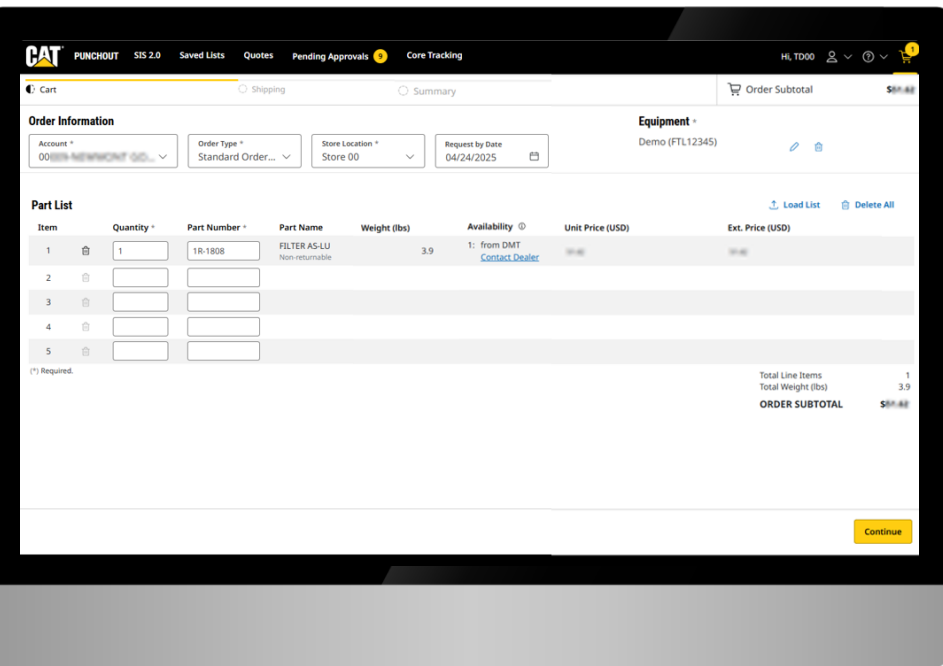

Structured Navigation to Enable Efficiency

Planned Maintenance Kits

Refined Shopping Preferences

See It In Action Today.

Punchout is ready to support all your procurement needs. Watch this [workflow video](#) or visit cat.com/ip to learn more. Plus, [reach out to a local Cat dealer](#) for personalized support.
