Caterpillar Inc. Increases Dividend

IRVING, Texas, June 10, 2026 – The Board of Directors of Caterpillar Inc. (NYSE: CAT) voted today to raise the quarterly dividend by 12 cents, an eight percent increase, to one dollar and sixty-three cents (\$1.63) per share of common stock payable Aug. 19, 2026, to shareholders of record at the close of business July 20, 2026. Caterpillar expects to continue to return substantially all Machinery, Power & Energy (MP&E) free cash flow to shareholders over time through dividends and share repurchases.

“Our results reflect the execution of our enterprise strategy, combining world-class equipment with advanced technology to solve our customers’ toughest challenges,” said Caterpillar Chairman and CEO Joe Creed. “That’s driving profitable growth, strong MP&E free cash flow and a dividend increase that maintains our place on the S&P 500 Dividend Aristocrats Index.”

Caterpillar has paid a cash dividend every year since the company was formed and has paid a quarterly dividend since 1933. Caterpillar has paid higher annual dividends to shareholders for 32 consecutive years and is recognized as a member of the S&P 500 Dividend Aristocrats Index.
