

Klein

WATER EQUIPMENT

Overview

Located in Jacksonville, Texas, Klein Products has specialized in water distribution equipment for construction, mining, and industrial applications since 1957. Known for engineering innovations such as patented TRAP Tank Technology™, Klein designs and manufactures equipment that enhances safety, durability, and performance in demanding operating environments. Today, Klein products are trusted worldwide for reliable water distribution and dust suppression solutions.

CATERPILLAR OEM SOLUTIONS

KLEIN WATER TANKS

Even the most extreme mining and construction conditions are no match for a Klein Products tank. Klein provides water tanks for use with Cat® articulated and rigid-frame trucks and wheel tractor-scrapers. Patented TRAP Tank Technology™ improves weight distribution, lowers the center of gravity, enhances operator visibility, and maximizes water capacity for improved stability and operator safety.

Manufactured in Jacksonville, Texas, Klein products are built under an ISO 9001:2015 certified Quality Management System, demonstrating a commitment to quality and continuous improvement.

Rigid Frame Truck Water Tanks

Klein manufactures a complete line of water tanks for Cat rigid frame off-highway trucks available for dealer installation. Tank capacities range from 34,000 liters / 9,000 gallons to 121,000 liters / 32,000 gallons.

Articulated Truck Water Tanks

Klein manufactures a complete line of water tanks for Cat articulated trucks available for dealer installation or with Klein factory installation. Tank capacities range from 19,000 liters / 5,000 gallons to 34,000 liters / 9,000 gallons.

Scraper-Drawn Water Tanks

Klein manufactures a complete line of water tanks for Cat wheel tractor scrapers. Tank capacities range from 19,000 liters / 5,000 gallons to 45,000 liters / 12,000 gallons.

Portable Water Towers

Klein's Porta-Tower® portable water tower systems provide elevated water storage and distribution solutions for remote construction, mining, and industrial applications where temporary water infrastructure is required.

CAT® MODEL COMPATIBILITY:

- Cat 725 through 745 Articulated Truck Bare Chassis
- Cat 770 through 785 Off-Highway Truck Bare Chassis
- Cat 613 through 657 Wheel-tractor Scraper

OEM CONTENT:

- Water Tanks, Pump Systems, Spray Controls, Dust Suppression Equipment, and Water Distribution Systems
