All Fully Insured Plans in California: If medically appropriate care from a qualified provider cannot be provided within the Network, we will arrange for the required care with an available and accessible out-of-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Care Service from a Network provider. Surest Fully Insured Plans in California: A complete Network and timely access to care may only be available by obtaining treatment through providers available at the maximum Copayment shown for each service at the lowest cost-sharing tier. While some network providers are available at lower Copayments (reduced cost-sharing rates), there is no guarantee of a complete Network or timely access to care at any specific reduced cost-sharing rate.
