Financing Dedicated To Your Success

Reliable power is important to you and your customers. That's why you specify Cat® generator sets and integrated power systems.

Cat Financial has the same commitment to your success, whether for construction or term financing, loans or leases. We understand and support a wide range of power projects around the world. Count on our experience to help you support even the most complex project.

We understand the technology behind electric power generation, as well as key drivers to financial success. We've been lending to electric power customers for more than 20 years, and our service commitment is fully matched by the responsiveness and technical expertise of Cat dealers everywhere. Count on Cat Financial for first-class financing solutions to support your business.

For more information, visit us online at www.catpowerfinance.com

Industry Coverage

Cat Financial supports prime, standby, load management and distributed generation projects. In addition, we have decades of experience in financing combined heat and power projects, as well as renewable energy projects including biogas, land-fill gas and coal-bed methane.

Our customers serve different industries and, as a result, face unique challenges. You want someone that not only knows the financial sector but also knows your business. Our financing experts are part of Caterpillar and are specialized by industry, adding real value to your bottom line.

Local Presence

Every market is a local market. We know. We help our customers navigate legal and regulatory environments around the globe. We have offices in the Americas, Europe and Asia, and financing representatives throughout the world to meet your needs wherever you call home.

True Project Financing

No project is the same - from the application to the power need. That's why we offer a range of project financing options. Whether you're developing a complex cogeneration project or data center, we're dedicated to meeting your financial needs.

Exceeding Customer Expectations

The right process simplifies everything. Our process begins with understanding your critical requirements and continues with the development of a tailored financing solution.

Then we document, close and fund the deal to help you succeed - and help make progress possible.

Quick Turnaround

You deserve fast, efficient service. Your dedicated Cat Financial account manager will guide your financing request through the process from start to finish.

One Customer Experience Worldwide

Strong relationships are the key to our success. That's why Cat Financial works across the globe to deliver the same universal quality experience to every customer, every time.
