THE DOUBLE TAKE TABLE SERIES

THE DOUBLE TAKE TABLE SERIES

Barbara Barry once again brings her prolific design expertise to HBF with an extensive collection of seating and table products. Focusing on form – each piece is elemental and spare as it is warm and inviting. The circular frame of Double Take, paired with the top surface and shelf, provides twice the platform within the same footprint.

Double Take rectangular coffee table, 16OH x 56OW x 30OD, shown with bronze glass top and shelf within the brushed stainless steel structure.
