

Link Satellite Table

Designer: Space Copenhagen

Product Overview

HBF LaptopTables

The Link Satellite Table boasts multi-purpose use - to hold a coffee during conversation or a laptop during work. Its soft trapezoidal top with a beautifully sculpted edge rests atop a solid, yet lightweight base for ease of movement and flexibility. A counterweight discreetly rests under the top for added stability. How and where we work and relax are changing. Link refers to the functional link between leisure and work, but also the intuitive and emotional link between hospitality, residential and office design. Through the choices and attention to materials and detail, the table can serve a functional purpose in office spaces and just as naturally slide into a home or hotel room- whether modern, conservative, edgy or classic.

- Soft curves of the top combined with metal features of the base balance simplicity, industrialism and modern elegance.
- Surface comes standard in Ash, Walnut, Solid Surface, Soft Surface and Engineered Quartz tops are available with up-charges.
- Metal base is available in powder coated finishes or polished chrome.
- Thoughtful scale is important as new behaviors and patterns of living and working demand new heights and dimensions.
- Link stands 26" high with its top measuring an overall width and depth of 20" each.
- Soft, trapezoidal shaped top is 3/4" thick with a sculpted edge.
