

MOD Lounge Collection *Standard and Deep Depth*

Designer: Henrik Schulz

Product Overview

HBF Lounge Seating

The MOD Lounge Collection by Henrik Schulz embodies a humanistic approach towards the workplace, crafting a piece that looks and feels at home in a range of public and private spaces. With a modular sensibility, MOD allows for a variety of customizable seating arrangements while optimizing productivity and comfort. MOD's thoughtfully designed foam cushioning and wide layout make it ideal for both collaborative and individual work. Cushions are constructed of multi-layered density foam with a down top for comfort. MOD is ideal for relaxation or active productivity "beyond the desk."

- MOD is available in a standard depth of 31.5" or in a deep depth of 37.5"
- Two upholstery placement areas allow for individually specified upholstery choices: Cushion Upholstery and Outer Upholstery.
- MOD legs come standard in powder coated finishes. Plated metal finishes are available for an upcharge.
- All MOD units come standard without power. Power modules can be added to each unit for an upcharge. More than one module specified per unit can be daisy chained as a special.
- Modular pieces ship with leg kits that include corner brackets and connector brackets for placement in any configuration. Additional kits may be purchased.
