Gubi Beetle Chairs

## Gubi – GamFratesi

Based in Copenhagen, GamFratesi Studio was founded in 2006 by Danish architect Stine Gam and Italian architect Enrico Fratesi. Highly influenced and inspired by their backgrounds and the root of their cultures, GamFratesi creates furniture that respectfully reflects tradition while also featuring uniquely embedded stories, symbols and associations expressed in a minimalistic style. Their design is a balance between the traditional and the surprising, achieved through their experimental approach to chosen materials and techniques. Focused on simplicity and functionalism, GamFratesi furniture illustrates the process and techniques that created it while still evoking a strong emotion to concept, story and contrast.

**Beetle Chair + Stools**

## Beetle Chair + Stools

Inspired by the anatomy and movement of the beetle, GamFratesi artfully reinterprets the characteristic elements of the beetles' sections: shape, shells, sutures, rigid outside and soft inside in the Beetle Chair + Stool Collection. The result is a comfortable yet dynamic design making this collection suitable for multiple environments whether it is in the home or the workplace.

- Designed by Gubi for distribution by HBF in the US
- Supports up to 225lbs during single shift use
- Newly re-engineered shell
- Available in 7 shell colors
- Priced to sell volume

Black Powder Coat

HBF's version of the Gubi Beetle presents itself stronger and better. Our **revised** design, exclusive to HBF, has removed welts on the upholstery to create a more streamlined, **minimalist** silhouette aiding in the Beetle **modernity** and **chic** style.

Gubi Beetle Chair

Gubi + HBF share a common culture emphasizing the importance of **artistic design** and its influence on the way we live + work. The Gubi Beetle interacts with the Ami Round Conference in this modern environment.

The Beetle is a **standout** that still maintains a **functional, flexible** purpose. Its shape is immediately **recognizable** and **distinct**, elevating any space. Dressed with the Universal Conference/Dining table, the Beetle completes this chic café. Also featured: Enpointe Barstool + Parker Bar Height Table.

With its **versatile** finishes and **signature shape**, the Beetle is a perfect **solution** for both commercial and residential spaces. Here, it pairs nicely with Meki Conference/Dining table (available with power).

Gubi Beetle Barstool

**Versatile + easily movable**, utilize Beetle as guest seating in an executive office, light seating in a café or the stool variant at a standing height bar or meeting room table. The Meki table complements this chair/stool and is available at 26", 30" or 42" heights.
