HBF Occasional Tables

Occasional Table Finish Options

ANSI/BIFMA e3-2014e Furniture Sustainability Standard and LEVEL® Certification

A majority of HBF’s products have met the necessary qualifications to achieve LEVEL® certification. LEVEL® is the multi-attribute sustainability certification based on the ANSI/BIFMA e3 Furniture Sustainability Standard. The standard and certification were created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment. Taking into account a company’s social actions, energy usage, material selection and human and ecosystem health impacts, LEVEL® addresses how a product is sustainable from multiple perspectives. The organization, facilities, and products are audited on an annual basis to ensure ongoing compliance and improvement.

With LEVEL®, customers can make informed choices about sustainable commercial office furniture. The LEVEL® mark identifies that a product has been vetted by an independent third party certifier and its numeric marking of 1, 2, or 3 indicates the threshold of certification the product has achieved. A majority of HBF’s seating, occasional tables, and conference lines are LEVEL® certified. Please download the certificates from our product pages for the complete details. For more information about the ANSI/BIFMA LEVEL® standard, visit www.levelcertified.org.

SCS Indoor Advantage™

HBF occasional table products are SCS Indoor Advantage™ Gold Certified.

SCS Global Services (SCS), a reputable third-party certification and assessment body of environmental, sustainability and safety claims since 1984, has developed internationally recognized standards and certification programs to assist businesses with improving their environmental efforts, social accountability and product performance.

HBF High Performance Products

HBF and HBF Textiles have long been leaders in contract furnishings and known for industry-leading product design coupled with the highest quality construction, comfort and aesthetic beauty.

Now these same principles are the cornerstones of HBF Healthcare high performance products. We have consulted with healthcare designers and clients to provide products and options for interiors that will provide quality sustainable design solutions for the future. These effective solutions will address the unique interactions required by any high-use facility. Visit www.hbf.com for additional high performance product information.

Occasional Table Product High Performance Options:

- Coffee, End and Console Tables
- Durable Wood Finishes
- Acrylic Solid Surface Tops
- Metal Legs
- Laminate Tops
- Surfaces for High Use Areas

Veneer and Finishes

Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

An upcharge of 5% Net per unit for occasional tables, with a minimum upcharge of $500 Net per order, will apply for any custom wood finish.

Refer to the following page for product material options.

PROGRAM OVERVIEW
HBF Quick Ship offers a solution for fast paced orders without sacrificing quality, design and craftsmanship. All products are made to order and will ship in 15 business days. Standard payment terms apply.

HOW TO ORDER
Orders may be sent to HBForders@HBF.com and must be clearly marked “HBF QUICK SHIP” both on the order and in the subject line of the email. Orders may not be changed or cancelled. The Quick Ship Program is limited to the models and finishes listed on a first come, first served basis. The 15 day lead time will begin once a clean, enterable order is received and payment terms have been met.

ORDER MAXIMUMS
In order to meet a 15 day lead time, there is a 10 piece limit per model number for guest/lounge seating and occasional tables, and a 20 piece limit per model # for conference seating. Splitting large orders into smaller orders is not allowed and will not be accepted. If you need more than piece limits listed above, please contact the Client Experience Team.

HBF TEXTILES
Product ordered on Quick Ship may only be specified in HBF Textiles. COM will not be accepted. All HBF Textiles are eligible depending on availability and approval for the selected model number. If an HBF Textile is specified and requires special finishing, such as backing, 10 days will be added to the 15 day lead time. Please contact HBF Client Experience to check availability.

- **400** = Clear
- **403** = Grey Opaque
- **404** = Warm White Opaque
- **405** = Mist Opaque
- **406** = Denim Opaque
- **407** = Pewter Opaque
- **408** = Peppercomb Opaque
- **901** = Amber
- **902** = Designer White Opaque
- **911** = Warm Brick
- **929** = Nurnegl
- **937** = Bark
- **984** = Dark Roast
- **993** = Sumatra

Curated Finishes:

- **150** = Comforter Opaque
- **151** = Blue Ridge Opaque
- **152** = Cameo Opaque
- **153** = Cordovan Opaque
- **154** = Bittersweet Opaque

Options for Solid Surface:

- **S** = Solid Surface

- **CU1** = Cumulous
- **DW1** = Designer White
- **SN1** = Sandrift

**METAL FINISH: COLLAR**

Options for metal:

- **BL** = Black Powder Coat
- **WI** = White Powder Coat
- **LG** = Light Grey Powder Coat
- **POL** = Polished Chrome

**COLUMN FINISH:**

Options for wood finish:

- **AH** = Ash Veneer
- **SNT** = Solid Walnut

See finishes listed at left for Ash (AH), and Walnut (NT) veneer finishes.

- **EQ** = Engineered Quartz
- **TX1** = Tuxedo
- **DW1** = Designer White
- **CC1** = Concrete
- **CU1** = Cumulous
- **ST1** = Storm Grey

**METAL FINISH: BASE**

Options for metal finish:

- **BL** = Black Powder Coat
- **WI** = White Powder Coat
- **LG** = Light Grey Powder Coat
- **POL** = Polished Chrome

**POWER/DATA CAPABILITY:**

- **PC** = With Power Cutout
- **PN** = No Power Cutout

## Miter Table Series Specifications

### Surfaces
- **Wood | Solid Surface**
  - Wood veneer tops are 1" thick.

### Solid Surfaces
- **Solid surface tops are 1" thick.**
  - Solid surface “Care Kits” ship with each order. Additional kits available for $54 List per kit.

### Shape
- **Round | Square | Rectangular**

### Bases
- **Black Powder Coat | Brushed Stainless Steel | Polished Stainless | White Powder Coat**
  - The metal leg is distinguished by an innovative miter fold that provides a smooth radius transitioning from the leg to the table top.

### Shipping
- Miter top and four legs ship in separate packaging. Legs easily attach to top using the four screws provided.

### Shape

| Shape | Round |

### Bases

| Bases | Coffee tables and collaborative tables are standard with black powder coat finish or optional white powder coat or polished stainless steel with levelers. Satellite tables are available with an Oak base as well as the black powder coat finish, optional white powder coat, and polished stainless steel with glides. Oak wood base is available in all HBF standard finishes and custom finishes. |

### Notes

| Notes | Nest satellite table construction has been tested and approved for a load bearing weight of 25 pounds or less. All Nest satellite and work tables are warranted under normal commercial office single shift use and conditions, which does not include high use areas, higher education, healthcare or hospitality environments. |
