HBF Occasional Tables

Occasional Table Finish Options

ANSI/BIFMA e3-2012 Furniture Sustainability Standard level® I

HBF’s production facilities, organizational policies and component materials of the products have met all of the necessary qualifications to comply with the industry’s most comprehensive furniture sustainability standard.

level® is the multi-attribute, sustainability standard and third-party certification program for the furniture industry. It has been created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment.

Taking into account a company’s social actions, energy usage, material selection and human and ecosystem health impacts, level® addresses how a product is sustainable from multiple perspectives. With level®, customers can make informed choices about commercial furniture that exceed single attribute eco-certifications. The level® brand identifies that a product has been vetted by an independent third party certifier and its numeric marking 1, 2 or 3 which indicates the threshold of certification it has achieved.

HBF’s seating, occasional tables, casegoods and conference lines are level® certified. Please download the certificates from our product pages for the complete details.

For more information about the ANSI/BIFMA level® standard, visit www.levelcertified.org

SCS Indoor Advantage™

HBF occasional table products are SCS Indoor Advantage™ Gold Certified.

SCS Global Services (SCS), a reputable third-party certification and assessment body of environmental, sustainability and safety claims since 1984, has developed internationally recognized standards and certification programs to assist businesses with improving their environmental efforts, social accountability and product performance.

HBF and HBF Textiles have long been leaders in contract furnishings and known for industry-leading product design coupled with the highest quality construction, comfort and aesthetic beauty.

Now these same principles are the cornerstones of HBF Healthcare high performance products. We have consulted with healthcare designers and clients to provide products and options for interiors that will provide quality sustainable design solutions for the future. These effective solutions will address the unique interactions required by any high-use facility. Visit www.hbf.com for additional high performance product information.

Occasional Table Product High Performance Options:

- Coffee, End and Console Tables
- Durable Wood Finishes
- Acrylic Solid Surface Tops
- Laminate Tops
- Metal Legs
- Surfaces for High Use Areas

Veneer and Finishes

Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

An upcharge of 5% Net per unit for occasional tables, with a minimum upcharge of $500 Net per order, will apply for any custom wood finish.

| Veneers           | Premium grade cherry and maple tops are plain sliced, slip matched. |
|                   | Wood veneer tops are bordered with a solid wood edge banding or a durable protective “T” edge detail may be selected for cherry and maple tops. |

| Laminates         | Solid laminate tops are offered on LOGICmeet laptop tables. |
|                   | LOGICmeet laminate tables are specified in the HBF Conference wood and solid laminate options. Pricing for non-standard specified laminates will be determined by the price of the specified laminate. Lead time for the table will be based upon the availability of the laminate material. Contact HBF Customer Service for quote. |
|                   | The edges of LOGICmeet laminate tables are formed with a matching 3mm edge band to create an attractive and very durable edge. |

| Shape             | Round |

| Bases             | All LOGICmeet bases are metal with a Satin Pewter powder coat finish. Laptop tables are cantilevered; the offset metal base ensures substantial leg space for users. |
