

Kwikset

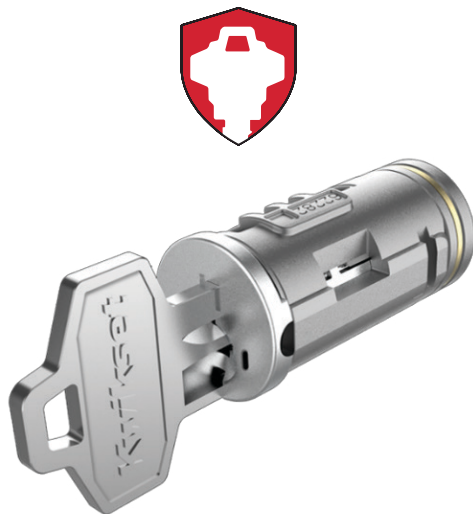

Kwikset's SmartKey Now Available in SC1 Keyway

Kwikset's exclusive SmartKey technology is now available in the SC1 keyway. All the security and convenience benefits of SmartKey—now in a new keyway. Provides more key options to re-key any single home or multi-family application. Save time and money by rekeying all the locks yourself, without taking the lock off the door.

Benefits of Kwikset's SmartKey SC1 Keyway

- Works with all standard SmartKey door locks.
- SC1 keyway allows up to 100,000 key combinations.
- One-key convenience for all locks with the SC1 keyway.
- Use your existing SC1 key with the new Kwikset SmartKey Security lock.
- SmartKey Security™ allows you to re-key your door lock in seconds.

Superior Security

Kwikset's patented SmartKey Security™ protects against advanced break-in techniques.

- PICK RESISTANT
- BUMP PROOF
- RE-KEY TECHNOLOGY

HOW TO RE-KEY IN SECONDS

! You must have the working key to re-key the lock

#1 SELLING U.S. LOCK BRAND*
